

Greetings, It is the Council of Twelve.

We are a Collective Consciousness who has been charged with the new series of Teachings that will propel you, individually and collectively, on an Ascension Path into Mastery.

It is like no other Teaching that you have received in this lifetime nor in previous existences.

So, we were present today to make our Presence known and to also help you start to acquaint yourself with our vibration.

We, as a Collective Consciousness, are a massive Collective Consciousness of Source. And many parts of our Collective are Beings that you have had previous association with. So, it is different in the way we present ourself rather than as an individual.

Over the course of the Seating of the Divine Teachings, you were used to having Triad Configurations and Quadratic, as well as individual interactions with the Archangels and certain Masters. So, we were preparing you even then to come into this series, if you so chose. We were preparing you to navigate between the individual expression and energetic and the Collective.

This series will be mostly Collective, because of the nature of the Teachings. You must realize, you must start to integrate the Energetics that you are an individual Divine Image, but you are also part of a massive Collective Consciousness of Source.

Part of this introduction in that last series was in the Conference when you began to enter that Quantum Field. So, you also had associations with Beings of the Milky Way Galaxy, but also another Galaxy – the Andromeda, which are a Collective Consciousness.

So, you were being prepared for the last few years of your time in Seating of the Divine to be more comfortable and to have a conscious awareness of yourself as an individual, but also as a Collective Consciousness.

So, we will be coming to you in these Teachings -- and this is something we want to stress to you, that will take you some time to integrate. And that is that if you are part of this new Teaching, you must hold a certain frequency of Light within your Being. You will be asked to relay to your physicality these frequencies. And you will bring it into your physicality, so that the stablyness of that 5<sup>th</sup> Dimensional Light Template is very much in place. And the physical body is in 5<sup>th</sup> Dimension, stably and consistently.

[4:56] As we come to you in each session, we come in the 7<sup>th</sup> Dimensional frequency range. And we now are presenting ourself in this short conversation in the 5<sup>th</sup> Dimensional sequence, the 6<sup>th</sup> and the 7<sup>th</sup>. But in these Teachings, we will come to you primarily in that 7<sup>th</sup> Dimension. And you will be required in these sessions to meet us at that level.

So you will be shown a way very specifically. But we tell you this now to explain to you the value and the excitement that is felt in the Divine Realms of the All That Is, because it won't be long and you will follow us into your Mastery at a level that is indicative of your Ascension.

You will be, when you leave this particular physical iteration,  
you will be an Ascended Master.

And so we take our job very seriously to prepare you for this grand event.

Now, we also want to tell you that it is not expected, at this particular beginning of this series, that you maintain that 7<sup>th</sup> Dimensional frequency when you leave your Crucible with us. But eventually, over the course of three years, you will be able to maintain that in a more stable way. And the Consciousness will be consistent.

The body will still have to maintain a 5<sup>th</sup> Dimensional frequency, because of the nature of the environment of the Earth. But you will very easily transition between being in the physical present world and being in the Consciousness that you are developing with us.

With that said, we will now close our communication with you.

We look forward to and are very, very enthusiastic about our Journey together in the next three years.

Thank you for receiving us.

We look forward to being with you consistently in 2022 of your time.

Blessings!
