

[Transcriber note: Following conversation is slightly edited for clarity and ease.]

Melainah: Joan is still getting accustomed to the Council of Twelve in her field. I have to ask all of you if you were as blown away by them presenting as we were! It's going to quite an amazing series and Journey that we're about to all embark on together.

Kelly?: It felt naturally powerful for me.

Melainah: Yeah, it's so expansive. I know the first time they presented themselves, I was so aware... just say the Energies we have receiving up until now were this big. Well, this is THIS BIG! Just trying to put it in some perspective. It's quite different -- the way that Collective presents itself is quite different. But there is a very stable but very also gently Energy to it. So, I look forward to getting to know them very well.

Joan: As do I. When they came and introduced themselves to us [laughter!] -- after that conversation, I had to go and take a nap, because they had a certain Presence in my body that I wasn't accustomed to. After that, they kind of backed off a little to let me transition. And then in my meditations they would just briefly -- I could feel their Presence but they didn't say anything. So they weren't... I wasn't required to speak, for them to use my body. It was all more a telepathy thing. So I'm just kind of explaining to you that it's quite an extensive Energy that you'll very rapidly become accustomed to.

Melainah: Joan would you like to tell everybody what our new name will be?

Joan: Yes, I do. I think that that is appropriate.  
And the new name is..... ASCENDING MASTERS OF LIGHT

So, I think that is appropriate. And we will have a new website. It's connected to joanandjohnwalker.com. So if you go there, you'll just be directed to the new website. But it is a .net -- this is something you need if you are planning to register for this series, that it will be [ascendingmastersoflight.net](http://ascendingmastersoflight.net)

And it's very easy, because you're so accustomed everything is .com, but this is .net. ascendingmastersoflight.net  
And, of course, it's not activated right now, because we haven't started the series.

So you needed to know that. We wanted this to be very special. And of course it's not open to the public. You have to have these foundations that we've all been embarking on in the last five years. We're pretty prepared, I think. But we may realize in the first three sessions that maybe we weren't so prepared [laughter]!

[4:06] Joan: Melainah, you were going to talk about the significance of 10-10.

Melainah: Right, right.

So, today is the 10-10 Portal, as all of you probably know. I just thought it was interesting and very appropriate for where we are. So, today's the 10-10 Portal, which is about transformation, where new beginnings and endings intertwine as old timelines dissolve. So, I thought was exactly where we are as a Collective now.

And also, today Saturn goes direct after having been retrograde since May. And Saturn helps us align with our authentic will and provides the opportunity to master ourselves as creators.

So, as we go through our review today, allow the Energetics coming in with this Portal to further assist us in amplifying and grounding all the Light Codes we will be bringing back into present time.

As, we've already said, we can't cover every single process we did in the Conference. They were all very important.

But the ones that we're about to start on today will definitely be foundational pieces for you, leading in to the new series.

And then, this time span between now and when the new series begins in January – give your attention often to where you are, to where you are in your Merkaba field, and where you are vibrating in those frequencies. And just take yourself up to 130%. And be used to sitting there. And become aware of your own frequencies that you are emitting every day. It will make moving into these higher Realms much easier, come January.

Suzi?: I just wanted to say that as soon as you said Ascending Masters of Light, I just got this wow over emotion and feeling my body, and I got tears. Like I felt it!

Melainah: Well, they've made the commitment to us to be sure that we will leave this body, if we choose to commit to this path, as Ascended Masters. And so, yeah – it all flows right beautifully together. And that's a huge commitment for them to make to us that we embark on this Journey. They've asked for a commitment of John and Joan and I. And we have accepted. And, we had to negotiate a little bit [laughter]! They wanted another five-year commitment, but we committed to three [laughter] and with the option to renew! Because the Energetics are just... the little bit they've been showing us, it takes us a while to integrate it. And you guys, once you make this commitment and move forward, they're going to begin working with you immediately.

[7:31] Melainah: Anyone else have any comments or questions that I could answer?

Randy: I'm very excited about this

Melainah: Us too.

Randy: I just find it curious that right before this session, I opened up the Keys of Enoch and turned to a passage about the Council of Twelve.

[Transcriber Note: KOE, pp 169,329,571]

Melainah: Oh no! You didn't!

Randy: I did! So, it's like wow!

Melainah: Well, are you divinely led or what!

Randy: So, that's pretty curious.

Melainah: Yes, Yes.

Melainah: Me, I'm one of those inquiring mind people. So, I always have lots of questions. I needed to really know – what does this mean, this Council of Twelve? Does it just mean there's a group of twelve people here?

The best way they explained it to me is if we think of this Collective Consciousness and each Twelve, each one of the Twelve, is a pinpoint of Light. So, one pinpoint of Light may be all the Ascended Masters in all Realms. It could be hundreds or thousands of Collective Beings in that one point of Light. The same thing with the Archangels and many others that we will get to know, I think, as we move forward.

So, it's a massive, massive Collective!

Randy: Just that expanded my consciousness further.

Melainah: Yeah. I just had to be able to grasp that in a way that my mind could accept it. I was one of those "WHY?" children.....

Randy: Wow. Thank you.

Melainah: Oh, you're welcome.

[9:35] DiAna: I have this overwhelming feeling of... I recognize, for me personally, what an honor it is to be part of this and to be humbled in that honor, because in their Presence, it was beyond expansion that I had ever felt before. And just to be in their Presence... You don't want to bow down, that's not what you want to do. But I'm just humbled by it.

And Gratitude and honored that this has all been conceived of even before we took on this form. And I recognized that. And to be able to recognize that and bring that into the present time is just humbling. And I'm very grateful to be with everyone at this time.

Melainah: Well, and you feel the magnificence and the magnitude of it today. And today they stepped themselves down to 5<sup>th</sup> Dimension for us, so we could receive them at that place. But going forward, we're going to be expected to step ours up to meet them in that 7<sup>th</sup> Dimensional Realm.

And so, they're setting the bar really high for us. But that's what we need to push ourselves into that Master Realm, where we know where we're going.

DiAna: .... doing that from now until January 9, individually, to kind of.....

Melainah: For now, just start saying hello to them. And just invite them into your space so you start getting used to that frequency. But they're going to prepare us and we're going to get the tools to meet them in that 7<sup>th</sup> Dimensional space. But that's the goal. That's where we going.

And it's multiple reasons why, but every time that we will go up and meet them in those spaces, we will begin to become more and more familiar with that Realm, just as we are now familiar and comfortable in that 5<sup>th</sup> Dimensional Realm.

And so, it's beginning to train us, basically, to be able to move fluidly in those higher Realms. And they'll be very gentle about it. And, as I say, we will be given many tools and upgrades to help us step up there and be able to meet them in that place.

Joan: I think, Melainah, that for me I really got, when they were talking to us about that, that it will be teaching us to use that 2<sup>nd</sup> Ray of Creation, which is the stepping up and stepping down of Energies of Source. So, being in that Collective vibration but yet being able to navigate in various dimensions. They've told us for years we're multi-dimensional Beings of Light. So, I think that's just one of those really important things to remember.

[13:41] Joan, cont'd: For me, I'm just kind of relating to you what I was getting in my private time. It's very important for all of us to use the Triadic system and the spinning of those Triads, because it helps you raise your Light frequency tremendously within that chakra system and maintain it. And especially that 2<sup>nd</sup> Triad, where you bring Light -- Liquid Light and Nectar Light -- into the cells of your body and the blood of your body, so that your body becomes accustomed to more frequencies of Light.

So that's where I began in my practice. So, I'm just relating that to you as a suggestion. So, if you're wanting to not only review, but you're being more prepared when we start this new series, that's a good way to do it.

Joan: I'm telling you! These Energies are doing a number on me and in the physical having to operate especially technology, which I'm not very good at! [Laughter]

Melainah: The Energies have really been a lot for sure!

I think we really need to get started, because we really have a lot of ground to cover today.

Joan: We do. So why don't you begin.

Melainah: Everyone mute themselves again.

And as we get started here, we'll take you into a couple of these processes and Initiations. And then we'll come out and give you a minute or two just to breathe, to take some water, and then we're going to go right back in.

So make sure you have right at hand everything you need -- your water, kleenex, blanket, whatever you need to be comfortable as we go through this.

So, we're going to begin where we began.

So take a deep breath everybody.....

And here we go.....
