

Melainah takes us back to the Sacred Convergence Point in Hawaii:

[0:33] Take a breath and be comfortable....

From your Sacred Heart,
be aware of yourself as a member of this expansive Collective....

As you allow the speed of your Light Body and your Merkaba to increase.....
Bring your internal vibration up to meet it, so that it's equal.....

So we will journey back to Hawaii now,
to the Convergence Point of all time, space, and dimensions....
You see our Crucible already there, encircled by the Ring of Fire,
floating on the aqua blue water, with the white sandy ocean floor beneath.
It is a breath-taking sight....

Feel that warm sun shining on you....
and the air moving gently around you.....

Our beloved Whales and Dolphins are here to greet us.
Say hello to them and to all the Ancient Ones,
who continue to oversee this sacred place.
Allow yourself to feel their Presence and their acknowledgement of you,
as you allow the memories to return.....

There is no other place quite like this.
Be in appreciation for all the Beauty that surrounds you.

Now, looking towards our Crucible,
you also see our Magenta Pink Diamond.....

So, enter the Crucible now and quietly take your seat.....

Be aware of yourself in a different time-space sequence in the Quantum Field.....

So, please prepare to receive Yeshua and the Magdalene.....

Review Segment 4 through Joan: Yeshua-Ma'riam & the 7th Dimensional Light Template

[3:21] Greetings, It is I, Yeshua.

I come at this auspicious time to greet you with my partner Ma'riam, the Magdalena.
Together we represent the balanced HE-SHE Energetic,
in the unified expression of our Divinity.

We are here today to be with you to unlock the final Iteration
of the 7th Dimensional Time Lock,
that was the most important Time Lock of Unity and Love....

We come forth to greet you with great Love in our Hearts.....

Now we go to the Center of this Diamond Configuration, from whence we emerged,
to retrieve that final Iteration of the 7th Dimensional Time Lock and unlock it.
We bring it forth into the full expression of that Diamond Iteration,
in the fullness of Unity and Love.....

We present it to you now and to all members of the Crucible,
but especially to the physical members of our Community.....
Receive it now..... Hold it in your Sacred Heart.

Feel its Presence now within your Sacred Heart center,
but most importantly within your body...
Be very present in this moment...
in your body... aware... conscious... filled with Unity and Love..... [Pause]

I want to talk about how it changed your relationship with the Source of your Being.
This activation changes the way in which you view and communicate with the All That Is.
Because of this Light Template, you communicate through the Element of Love,
not from the emotional reaction to that Element, or any other emotion,
but in the Power of that Element,
creating a field of communication between you as SoulSpirit in a body
with that massive creative Collective Consciousness of the All That Is.....

You begin to realize in this communication that there never was any division
between you or the Source of your Being.
You were always united in that Element of Love,
because that Element is how you were created as Spirit... and Soul.
Your Soul needed a physical body to experience itself
as a unique and individual in some type of form.
Many of you have used many forms in the course of that exploration.

Review Segment 4, cont'd: Yeshua and the 7th Dimensional Light Template

[7:08] The relationship between humans is now changed
because of the presence of the Element of Love.

The 7th Dimensional Light Template is completely merged with the 6th Dimensional Light Template,
which brings an Equilibrium to this massive Field
of 6th and 7th Dimensional Light Templates.

This Equilibrium was of prime importance to be established in that Field,
because it unites not only the Electro-Magnetic Field, but it tempers it,
so that that Field is equally manifested through the Magnetics
as well as through Electrical charges.

It tempers the Electrical charges.

It enables you to solidly come into a creative venue in any relationship –
whether it be an intimate one, one of deep friendship,
one of parent and child, or a casual social relationship.
It comes into an equal expression,
where you do not have unrealistic or undue reactions in that relationship.

You approach it from the Heart, from your Sacred Heart,
with Element of Love that is expressed through your emotions.
Because of this merged state of the 6th&7th Dimensional Light Templates,
you do not have any charge in what you are thinking
or what you are bringing into that relationship.

You are establishing a new Electro-Magnetic Field,
with all components of the 6th and 7th Light Templates in Equilibrium and Love.
It affects your personal Electro-Magnetic Field,
bringing it up to a new level of expression and a new vibratory level.

Most importantly, it is the Electro-Magnetic Field around your Earth
that creates a balanced plane for you to experience not only the Earthly plane
but yourself as SoulSpirit in a body.

The relationship to Self, to you in a body, has changed.
You begin to know yourself differently.
You know that yes, you do have a body, that you love,
because it helps you navigate the Earthly realm.
And this environment is established through the Electro-Magnetic Fields
of the Earth and through your individual bodies.

Review Segment 4, cont'd: Yeshua and the 7th Dimensional Light Template

[10:03] It allows you to operate in and create in a balanced unified state of your mental-emotional body.

There are no reactive, unrealistic charges that emanate distorted versions of your emotions.

They don't come into play,
because the Electrical Field is also operating in Equilibrium and in Unity,
so you don't have these reactions in your thought
that magnifies and stimulates your emotions.

It is all functioning very calmly in this Unified Field, in the Element of Love, In Unity.

It allows you to feel deeply, but in a balanced way.

Your heart remains open.

All of the distortions are gradually healed.

Remember this now in this present moment.

This has a great bearing on the new Teachings

because it helps you maintain not only Equilibrium in your field.

But if you should slip into a reactive state,

you can immediately remember and call it forth from your Consciousness.

This prevents any drop on your Light frequency

that affects your ability to have a full functioning Light Body.....

These things this will not happen overnight.

This is one of those things that you must experience in the Quantum Field.

And as you experience it and familiarize yourself with it

in your body, in your Heart, in your Sacred Heart,

it will have a gradual effect on your Consciousness.

Now, let us go back to our discussion about relationships.

We've talked about how they affect relationships differently

and how you utilize that expression through your Heart center.

These things aren't really spoken about in different relationships.

But you will now have the freedom to express through your words,

and through your emotions in a balanced state of harmony.

There is calm, and there is harmony in this field, that you haven't experienced before.

Review Segment 4, cont'd: Yeshua and the 7th Dimensional Light Template

[12:55] Even in the most casual of relationships,
you may not agree with their position or even how they're expressing themselves,
because it certainly would not be the way you would express yourself.
But you accept it. And your Heart remains open. It doesn't close.
There's no judgment, because of the viability of that Element of Love.
It's a very powerful creative Element.
It overshadows any reaction. It overshadows the judgment.
It allows each individual to be who they are.
And they are more receptive to you,
because of what you have the ability to transmit in precision and stability.

You have reached a pinnacle in these Teachings.
You have completed a segment of Teachings
and opened the Time Locks necessary to support that as a human Divine Image.
All the Initiations were given.
They were received, and they were integrated.
In the coming years, you will enter a new era, a new level of Mastery.

This was your foundation to discover the fullness of who you are as a Divine Being of Light.
Acknowledge it... know it... and express it.
This piece in the Light Template activation was very crucial to this process.

Take a deep breath and be present, conscious in this moment.....
