Metatron:

As you sit in the illustrious Energies of your Mastery,
recognize... your service to the Earth.....

We will now expand upon what you have done with us in this Crucible.....

These Energetics need no attention.

They are overseen by the Archangels, the illustrious Light Beings of your Crucible.

So, we ask that you do not pay any attention to this, so as not to disturb the massive integrations that must occur. They take many months, so that slowly, precisely they are integrated in Ease and magnificence, and intention.....

There's nothing for you to do.

Yeshua-Magdalena will oversee this integration.....

Understand what you have just created is a massive undertaking energetically as well as conceptually.

It is important for you to recognize that it wouldn't take much at this particular time sequence for it to be disturbed. So that is why, pay no attention to this integration.

You have done your duty and you have done it well. And so many in the Cosmic Realms are grateful. We are in gratitude for you using your body... to perform this phase of change.

So, with that, sit in the awareness of the Energies you will be gifted in the next month – Quadratic Light frequencies that will bring you into Dimensions such that your body begins to change...

There is nothing more for us to say.

Thank you for joining us.

As you celebrate Christmas, those of you who do so, in a different state of Consciousness this year, after your celebration.... go into the Silence, especially if you are going to continue with us in the new Ascension phase.

So, take a couple of weeks to reflect on what has just occurred.

Take a couple of weeks to integrate these Quadratic Light frequencies for yourself.

Blessed Holiday!
