

Good Morning, Everybody. This is John.

And this is Joan.

And there's Melainah!

Well, Good Afternoon to Everybody.

Welcome to our Post-2022 Light Conference call.

We are all excited to be together again to review the activations that took place in our 2022 Light Conference. We will also look back on the 15 Sessions of Energetic Upgrades. It has been an amazing Journey this past year, that brought us to this particular moment of personal and Collective Consciousness. What a hoot!!!

To start off today, there is one announcement:

**Level 2 of our Ascending Masters series will begin on Sunday, March 19, 2023, at the usual time of 1:00 pm CT.**

We will begin this series on another energetically potent day of the Spring Equinox.

The 2023 Level 2 registration for the Ascending Masters of Light series will be posted around the first of January, something like that. So, you can look for that.

So now, here is today's Itinerary:

Joan will bring forth the Quadratic Configuration of the Four Archangels

who have been with us for much of our many Teaching Sessions.

They will lead us into our Crucible and help us to set the Energies for today's Session.

Melainah will then talk about the group project that will start off the New Year's Teachings.

Next, Joan and Melainah will review this year's Teaching Sessions.

Boy -- how far have we come! It's amazing!

Then, they will have an open discussion for comments and questions.

Melainah will review Friday's Conference Activation segment.

And Joan then will talk about the Saturday Activation segments

as well as the Sunday morning Activation.

Melainah will review Sunday afternoon's Activations.

We will then have a time for comments and questions.

The Council of Twelve will then close our Session.

Please welcome Archangel Gabriel, Archangel Michael, Archangel Raphael, and Archangel Uriel.
