

**From Melainah -- Friday Morning:**

We'll make this brief, since we spent a lot of time with this [group discussion].....  
Just kind of go through quickly, just bringing it right into the present moment,  
the things that did occur during our 3-day Conference together.  
And as we've said many times already today, what a lot of things came in!

**So, first we began our Conference with that Procession into our new Light Crucible,**  
and it was our first Light Conference in that big Crucible.  
And what a magnificent venue, if you will, for us.  
And how it supported us in those Energetics.  
And kept those Energetics moving throughout the Conference.

**Then we talked a little bit about the significance of the 11-11 Portal,**  
what a vast Portal opening that was  
and those Energetics that we were bringing in  
and being the anniversary of the 11-11-11,  
where the Christed Matrix was returned to the Earth.

**And then we had talked a little bit and gave you some information about that Plasma  
and Toroidal Fields – very valuable information**  
And we will go into more depth, we hope, in our 2023 Session about those things.

**From Melainah -- Friday Afternoon:**

And then we moved into the Friday afternoon Session.  
**And, of course, going into that 8<sup>th</sup> Dimensional Field was a game changer.**  
And as Archangel Michael said and the Archangels said as they opened that Gateway,  
walked us through that Gateway,  
They said, “There is no going back!”

**So we went and we met** this Luminous One,  
**your own Luminous Being that you have a relationship with.**  
**And we received that 8<sup>th</sup> Dimensional aspect of ourself**  
**that was placed into our Luminous Field.**  
**And we also received that 8<sup>th</sup> Dimensional Light Template,**  
**that we also carry in that Luminous Field.**

And so, this sets in motion many, many things.

So, on the one hand we're building our body into that 5<sup>th</sup> Dimensional Body state, and we're still working in those 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimensions.

But now we've also now been given access to this 8<sup>th</sup> Dimension.

And this is like a whole another –

Everything else we are doing is in this Realm.

But now in the 8<sup>th</sup> Dimension, we now have this whole new Realm we're entering into

where everything is different--

all the frequencies and Colors and Sounds and everything.

So, we've got a lot going on, on a lot of levels.

**And then, we also activated the 8-8 Template on that Friday afternoon,**

**with the Sirian Lions and with the Luminous Ones,**

which, again, forever has changed that 2<sup>nd</sup> Triad.

And next year, we'll go into, hopefully, a lot more –

Our plan right now is to go into a lot more detail about each one of these things.

### **[3:21] From Joan -- Saturday Morning:**

[Note: On the call, Joan shortened her review, as we were short of time. This version also contains the notes she had written that she did not have time to present during the call.]

So, next, we had the Saturday Morning.

**In the PreConference call, we had the Activation of the 6<sup>th</sup> Light Packet & 9<sup>th</sup> DNA Strand.**

So, we talked about **that Saturday morning.**

And then **we upgraded that Activation to another level.**

One of the things that stood out for me was that these Strands of DNA that get activated, we kind of just kind of go, "Oh yeah, well that's good, we need another Strand!"

But the significance of that and what it's doing for our physical body,

the changes that those DNA Strands are making in our physicality as well as in our Consciousness.

So, that 9<sup>th</sup> Strand of DNA that went along with that 6<sup>th</sup> Light Packet,

which enhances that Strand,

helps the body function at a new level in that 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimension

and eliminates some of those separation anomalies that we have,

that we're separate from one another, we're separate from God....

That's *really* not correct.

So this 9<sup>th</sup> DNA Strand was a really big deal, as well as this 6<sup>th</sup> Light Packet.

[The 9<sup>th</sup> Strand of DNA changes the separation anomalies that affect the physical body as it functions in the 5<sup>th</sup>, 6<sup>th</sup>, 7<sup>th</sup> Dimensions.

It relates to your Soul and the purpose of the Soul in your present State of Being.

It has not been a viable Strand of DNA since the fall of consciousness and has not been available as you incarnated in the 3<sup>rd</sup> or 4<sup>th</sup> dimensions.]

The 6<sup>th</sup> Light Packet emanates Golden Christed Light.

The upgrade of the 6<sup>th</sup> Light Packet is essential to creating and manifesting our 5<sup>th</sup> Dimensional physical Body that can hold a fuller expression of your Light Body.]

The Light Body is now capable of drawing unlimited Light Steams from the Quantum Field of Consciousness.

We never were able to do that before.

The 5<sup>th</sup>, 6<sup>th</sup>, 7<sup>th</sup> Light Packets emanate from the Quantum field.

They're *massive* Light Configurations.

[This 5<sup>th</sup> Light Packet affects a human Consciousness as well as your Soul-Spirit.

This Packet resides in the Soul Star.

It affects the upper chakras that relate to the Light Body.]

Then we intertwined the 6<sup>th</sup> Light Packet with the 8<sup>th</sup> Dimensional Light & Light Template, that was brought through on Friday afternoon, [into the body and the 9<sup>th</sup> Strand of DNA].

So, there was a lot going on in upgrading the 6<sup>th</sup> Light Packet and the 9<sup>th</sup> Strand of DNA, leading to the ability to use the 8<sup>th</sup> Dimensional Light Template and to bring that into our bodies.

So, there is a reason why a lot of us are experiencing body pain.

It's not just that this body is aging; It's that the body is *changing* – totally from a fallen, dense dimension into a more Light-filled Vehicle.

So, it was huge.

[This 8<sup>th</sup> Dimensional Light Template is operating at a very basic level at the present time, but it will change how you perceive yourself.

The Light from the 8<sup>th</sup> Dimensional Light Template streams into your Unified Field and also into the Apex of your 4<sup>th</sup> Triad.

The 8<sup>th</sup> Dimensional Light Template affects your 9<sup>th</sup> DNA Strand.

It has a Golden glow that the other DNA Strands do not have.

This Golden sparkling glow also affects the entire 6<sup>th</sup> Light Packet.]

**From Joan -- Saturday Afternoon:**

[6:37] Saturday afternoon, [because we were prepared in the morning Session],  
**the Council of Twelve helped us to activate the 7<sup>th</sup> Light Packet.**

So, all of these things have a progression to them.

And there is a prep that goes before the next thing is given.

This Light Packet is a *very* refined Light Packet  
and it's greatly affected by the 8<sup>th</sup> Dimensional Light Template.  
in the Heart Center of the Light Body.

The 7<sup>th</sup> Light Packet activates the 10<sup>th</sup> Strand of DNA.  
And that Strand of DNA relates to your Soul-Spirit Unification  
[and the Wisdom that it carries].

You know, we talked about that for years.

And just as – “So, well, the Soul-Spirit operates as One.”

But there's a difference between mentally knowing it & energetically having that happen.  
And the Wisdom that is carried in that Soul-Spirit Unification  
that gets then transmitted not only into our body, into our Unified Field,  
but into our Consciousness.

The 7<sup>th</sup> Light Packet helps the Light Body have a direct influence on the physical body  
because of that 10<sup>th</sup> Strand of DNA activation.

So that activation brings with it subtle energetic components  
of Unity Consciousness and aspects of Wisdom.

[The 7<sup>th</sup> Light Packet and the 10<sup>th</sup> Strand of DNA can subtly transmit  
certain energetic components such as Unity Consciousness and aspects of Wisdom  
that come from your Soul-Spirit into the consciousness of the physical body].

And it brings in another influx that affects the changes in the physical body.

[This escalates the actual alchemical and molecular changes that need to take place  
within the 3<sup>rd</sup>-4<sup>th</sup> dimensional physical body to move it swiftly into the 5<sup>th</sup> Dimension.]

So, these activations were powerful activations that affect the Consciousness;  
They affect the energetic Field, the Unified Field;  
They affect the Light Body;  
They affect the physical body.

**[8:49] And then the Council then talked about the Light Prism.**

How when we received that the very first time it was in a 5<sup>th</sup> Dimensional form.  
It's now been upgraded to a 7<sup>th</sup> Dimensional state.  
But originally and at some point, it will be a 12<sup>th</sup> Dimensional Light Prism  
with many more bells and whistles.

[When first presented, the Light prism was transmitted in a 5<sup>th</sup> Dimensional Iteration.  
In reality, it is a 12D Iteration that came into existence when your Spirit was first created.]  
But right now, we struggle to use just that 5<sup>th</sup> Dimensional Iteration  
and the upgrade, as we move into that 7<sup>th</sup> Dimensional sequence of those Light Prisms.

[They said that the Light Prism actually holds the Spirit Blueprint.

It adds the 2<sup>nd</sup> Ray of Creation in a stepping-down mechanism  
to fractionate the pure Light into various Color Codes  
that can be used in form to create form within form,  
but in a much purer reflection of your original Light,  
when your Spirit was created in the very beginning, before we were human.

The Prism sits in the Heart Center of your Light Body

where it is used in the purest form of who you ARE as a Light Body  
that creates the Light of Source in various Iterations.

The Light Prism has a great influence on all of the Light Packets.

The Light Prism continually upgrades the Seed Crystals in the Pineal Center,

because it emanates a number of Sound and Color Codes.]

Then we took the 1<sup>st</sup> Iteration of the 8<sup>th</sup> Dimensional Light Template into all parts of us.  
We began to weave the Light Template into the 10<sup>th</sup> Strand of DNA.

[You then wove the 1st Iteration of the 8<sup>th</sup> Dimensional Light Template into your Light Body, which will greatly influence your present physical body,  
until it is transmuted into a 5<sup>th</sup> Dimensional physical body.]

So, a lot is happening in your physicality, because of these DNA Strand activations  
and these Light Packets..... They're huge!

And the fact that they relate to the Soul-Spirit  
and we have a whole new communication transmission that is taking place  
through the Unified Field and those Toroidal Fields.

[Because this Strand relates to your Soul-Spirit,  
the 8<sup>th</sup> Dimensional Light Template alters forever your memory of yourself  
as a Creator of Light first and foremost... as well as being a creator of matter.]

[10:19] **The next thing we talked about on Saturday afternoon**

**was the 12<sup>th</sup> Dimensional Light Prism and how it affects the Seed Crystals**

[and brings an upgrade into your physical body's brain

that will be needed as we move forward in our Ascension process]. That was huge!

It is composed of multiple Sounds,

not just basic ABC Sounds, but multiple upon multiples.

And they contribute to the manifestation of the Creative Energies within each individual.

We were directed to draw the Light Prism into our 3<sup>rd</sup> Eye.

And the Light Prism is now a 7<sup>th</sup> Dimensional Light Prism.

[As you know, the 9<sup>th</sup> Ray of Creation was created by Prime Creator

to assist the Creator Gods to create more efficiently and effectively

as they used the Christed Matrix Blueprint that was given to them.]

**The 9<sup>th</sup> Ray's Sound relates to the Light Prism**

**and to the 8-8-8 Codes that now reside in the 2<sup>nd</sup> Triad.**

The Light Prism activates another level of Seed Crystals in the brain.

It brings the Seed Crystals to another octave of Energetics

from which to transmit Creative Light from the 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimensions.

And the Council asked us to move our attention to the Seed Crystals

where a crystal-clear, multi-Dimensional, Diamond Quadratic Configuration

is now forming over the Chakras in the 2<sup>nd</sup> Triad,

That is huge! And I'm sure we're going to hear a lot more of that.

And that Quadratic Diamond that encompasses the entire head portion --

All of the chakras in that part of your body are being upgraded tremendously,

and it includes that Temporal Lobe,

where is the Recorder Cell of everything that has ever occurred at that Soul-Spirit level,

that is above your right ear in the area of your Temporal Lobe.

[This magnificent multi-Dimensional Configuration now encompasses all the brain lobes.]

**And they talked extensively about the functioning of the Lobes of the brain**

and how they functioned one way in 3<sup>rd</sup> dimension,

but now they have multiple functions,

and the Lobes have a spiritual function to them.

And it affects the brain,

the way the brain thinks and processes the complexity of what we are given now.

[13:07] [These upgraded Seed Crystals continually transmit refined Light emanations that alter the physical body at a cellular level.]

When you alchemically change a human cell

through the compression mechanism that is utilized in the 2<sup>nd</sup> Triad, everything that concerns the body and its consciousness changes.

[This includes the cells and the neurons of the neurological system.

The neurology of the brain and body gets a complete upgrade.]

This is what's happening to you now!

And it will continue to evolve and transpire in this down time, as you review, because there's a lot – little pieces and parts of this that you have forgotten or that you don't draw your attention to.

[The Creative Light that is transmitted by these Seed Crystals is immense, and it is designed to create the changes that are required on many levels, as the refined Dimensional Sequence begins to manifest.

They are radiant instruments that change the synapses of the brain and its ability to process Christed thought.

Every Lobe of the human brain functions effectively now

with purpose and the design that was originally intended when the human body was created, before its fall in consciousness.

They then discussed the Lobes of the Brain and the physical and nonphysical functions.

The function of our physical brain will be constantly upgraded

so that you are capable of processing many different creative progressions that can manifest in multi-Dimensional sequences.

You were asked to notice how the 7<sup>th</sup> Dimensional Light Prism sat in the Center of the new crystal-clear, multi-Dimensional Diamond Configuration that encompasses all of the Seed Crystals and all of the Lobes of the brain.]

They also told us that the 7<sup>th</sup> Dimensional Light Prism is not limited by time or space.

And it is permanently stationed

in the Center of the multi-Dimensional Diamond Configuration.

So, that Light Prism operates in that 2<sup>nd</sup> Triad within that Light Diamond Configuration.

And it constantly transmits to all the Seed Crystals.

The Council said that Light Emanation that you are capable of transmitting has changed your ability to transmit Light by 10-fold..... That's a lot!

So, it's no wonder when you just go places, like a fair of some sort,  
and people start talking to you and they're drawn to you – they're drawn to your Light!  
And it's the same thing when we do our Service Project,  
when we transmit that 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimensional Light Template.

The way in which that gets transmitted is a lot different today  
than it was a year or two ago.

We don't have to intend anything;  
we don't have to focus our attention on it.

It's just who We ARE – We ARE a Being of Light, a Spiritual Creator Being.

So, there was a lot in that Saturday Session!

**From Joan -- Sunday Morning:**

[15:46] So, before I turn it back over to Melainah, I want to talk about the Sunday morning,  
because that was a huge, huge Session for me personally.

And I'm sure that if you think about it, it was great for you, too,  
because **the Council talked at length about who we were & that we have forgotten it.**  
And they brought us to a point where we could retrieve some Memory Codes  
and to start remembering that.

**They gave us a little history lesson on our fall of consciousness**  
and our many experiments and how they went askew  
and that we had a fallen consciousness.

They wanted us to remember that we are not only creators in form,  
but we are Master Creators of Light.

And they asked us to sit in that statement and just take it in and REMEMBER.....

They said that these memories stimulate and open us up to receive more fully  
the activations that have taken place in the first two days of the Conference.

And they told us that when we are aware of a fuller spectrum of ourselves,  
we create reference points based on our *original State of Being*.

Now that's quite a change! Our *original State of Being*.

**[The Detailed History the Council presented to us -- from Joan's written notes:**

The Council of Twelve presented to us some historical information about who we ARE and the Energetic Signature that was woven into our Energetic Field of Light.

They said that it was a magnificent era where there was no time, no space. We existed as pure creative Light.

It was an era where we existed in perfection, before we were human.

With the assistance of the Council of Twelve and the Luminous Ones, they gave us a glimpse of ourselves.

This is beyond our imagination but we can feel it in the Heart Center of our Light Body.

They asked us to be present in our Light Body, in our Light Garment that is glowing with the Radiant Fire Letters of Yod Heh Vav Heh.

We were able to create at will because we were pure Spirit, created in the Image and Similitude of Source.

We were individual Light Beings that created Light.

We were given a Blueprint and Three Rays of Creation to guide us in anything that we chose to create.

We used magnificent Colors of Radiant Light throughout this Realm.

They asked us to stay conscious and REMEMBER!

We were never designed to be anything but a Creator of Light –

This was your *original* design.

As creators, we experimented and started to create matter.

We created stars, planets, galaxies, and so on.

After eons of many defective creations, there was a need to create a Christed Planet that would model how to create as it was intended.

Under the Prime Creator's guidance, a beautiful Planet of Light was created.

It was the Diamond in the Eye of Prime Creator.

Because of our many experiments with matter, we often got stuck in the solidness of the matter.

This is when mis-creations began that led to the final fall of consciousness.

The Council told us that we are not only a creator of form in form, but we are Master Creators of Light.

They asked us to take a deep breath and REMEMBER!

They said that these memories stimulate and open us up to receive more fully the activations that have taken place in the first two days of the Conference.

They told us that when we are aware of a fuller spectrum of ourselves, we create reference points based on our *original* State of Being.]

[17:42] **The Council then reviewed the activations that had taken place**

**in the first two days of our Conference** – which was very concise.

So, I ask you to continue to review those.... to continue to refresh your memory in that.

**The Council of Twelve and the Luminous Ones talked about and then gifted us with the 1<sup>st</sup> Imprint of our Master Light Packet**

[that is much more than a Light Packet -- It has no dimensional limit.

They said that when the Light Body comes into full use as the KA body, it transmits continually the complete Christed Energetic Matrix through the Master Light Packet -- which contains all 7 Light Packets.]

And they told us that they will begin to imprint it into our Unified Field several times in many Iterations.

At this point, in this particular time sequence, and in our state of Consciousness, we cannot receive it *totally* at this time.

[That Master Light Packet cannot be activated in this current sequence of time, but they would like to inform us of its existence.]

That Master Light Packet encompasses all the Energetics of all the other Light Packets, the DNA Strands, and upgrades it to a Master level.

And so, they will continually imprint that Master Light Packet in our Energetic Field, in our Light Body, in our Unified Field to prepare us for the day in which we'll be ready to receive that Master Light Packet and the effect that it will have on all 7 Light Packets.

[The Council informed us that the awareness of the Master Light Packet lies within the Memory Codes of our Soul Star, because it is part of our original Spirit.

When some of the Memory Codes get transmitted through our 3<sup>rd</sup> Triad and processed through Universal Mind and our Higher Mind, a memory of the Imprint that they will gift to us will light up.

This particular Memory Code contains the memory of our Spirit when it was created from pure Light of the Source of our Being.

They then told us that when we allow this Memory Code to be present in the Consciousness of our Higher Mind, a familiar path opens that will continually bring these memories to us just by placing our attention on them in our Soul Star.

Once this Path is set, there is nothing that we need do.

It will open when we direct our attention with intention to our Soul Star.]

[They asked us to let this knowledge be absorbed by our Higher Mind. This Imprint is within the Heart of our Light Body and also within our Spirit. The Council said that access to the Master Light Packet Imprint is given to our Spirit through the Memory Code that is within the Vortex of our Soul Star. Let us be in gratitude for this gift.]

So, there was so much given, just in those two days, that it makes you be in Gratitude for what was given to us, because it was something that unfolded so easily, it seemed, and naturally, but has impacted us at such a level that is profound.

[And Sunday afternoon]..... that was another one that was a very profound Session.

#### **From Melainah -- Sunday Afternoon:**

[20:23] Well, I think every segment was quite full and then each subsequent one built on what had come before. Friday and Saturday and then Sunday morning prepared the way for the She to return.

**So, we began that Session with a little bit of a look-back in history** of the last 35,000 years and what actually happened, that occurred, that brought us to the place where the Sacred Feminine had been devalued over time. That was an interesting aspect – just kind of give it some grounded information on what had happened to bring us to that point and how that been lost.

**So, then, the She did return  
and she came in on the Aqua-Blue Ray.**

What a magnificent Ray that is!

It's that beautiful, Aqua, shimmering Blue, filled with Gold and Platinum Light  
**And She talked to us about various things.**

**And then we did actually go to our Pillars and to the Center of the Earth.**  
**And we helped in bringing forth and bringing that Ray into the Christed Matrix,**  
**into the Core of the Earth, into the Crystalline Matrix.**  
**We placed it to sit beside the Unity Template.**

**That Ray will influence the Unity Template itself.**

This is something that will take time.  
It flows, of course, in increments, like everything else is done.  
But it definitely is something that many of us have waited for --  
for a very, very long time to have that returned to the Earth.

The She assured us that Template, that Ray, would never again be removed from the Earth.  
So, it's been a long time coming for most of us.

And that we were able to draw from that Template into our own Unified Field.  
And we did so through that 8<sup>th</sup> Dimensional aspect of our Sacred Heart Center  
that now sits out in front of our Field, in front of our body,  
through the opening of that 8<sup>th</sup> Dimensional Light Template.

**From Melainah -- Overall Summary of the Three Days of Conference:**

[23:05] So, it was a very full three days.  
We will be integrating this over the next year to two years,  
because it was so massive.  
And we look forward to building on all of these things into our 2023 Session.

This was said earlier today: I feel like we're at this precipice,  
stepping into this next giant leap on our Ascension Path.  
It's really getting to be more and more exciting, I think, as we go along.

We look forward to our continued Journey together.  
Joan and I appreciate each one of you being part of this with us.  
And we will be ready to gear up in March.

But before we leave, I think the Council wanted to come in and say a few words.....  
So, let's receive the Council.

But thank each and every one of you for your participation,  
not only for today but throughout this entire year.  
Each one of you are part of this;  
You are part of that Stream of Consciousness.  
It does not happen without you.

So, we want thank you.  
And congratulate yourself as well.

[Note: At 24:44 into this recording of the Review of the Conference Activations, Joan's closing presentation is given. This presentation is also available as a separate audio file and transcript: G – Council of Twelve Closing Transmission.]
