

**Joan:** Welcome, Everyone, to our 2022 Light Conference.  
We have all been anticipating this auspicious day for quite a few days,  
because we have felt these wonderful Light Energies moving into our space,  
and into our Being.  
So, we would like to welcome everyone.

**Melainah:** Hi! Welcome!  
We're so happy everyone is here.  
Katie, I loved your post last night which said it felt like Christmas Eve, with the anticipation.  
I think that was a good way to describe it!

**John:** Well, Good Morning, Everybody.  
And we're certainly pleased that we're finally after all this having our 2022 Conference.  
And it's very exciting. And we all look forward to it.....  
My best wishes/our best wishes. And we look forward to having three great days together.

**Melainah:** Alright! Welcome to this 2022 Light Conference.

So, everybody take a deep breath.....  
Make yourself comfortable.....    Be centered.....  
Be fully in your Sacred Heart.....

So, with your Light Body adorned in your Radiant Light Garments,  
with the Fire Letters ablazed,  
travel now in your Merkaba to our Light Temple Vortex.....    [Travel Pause]

Before exiting your Merkaba Light Vehicle,  
go to your Control Panel and remove the Crystalline Key  
that you placed there in January.  
This is the key you received in our 2020 Light conference.  
Place it around your neck and inside your Light Garment.....

Let's all gather at the steps where Joan and John are waiting to greet us.....

Take another breath.....

Is your Light Quotient vibrating in the 6<sup>th</sup> & 7<sup>th</sup> Dimensional range?.....  
Be sure your frequency is at 150% Light.....  
Have you set your Intentions for these next 3 days of immersion?.....

[4:34] If you place your attention on the steps and look up,  
you will see the glorious radiant vision of Archangel Michael, Archangel Gabriel,  
Archangel Uriel, and Archangel Raphael descending the stairway to greet you.....  
These Archangelics are the protectors and overseers of our Sacred Light Temple  
and for all of those who enter.  
They ensure that the Light Emanations of our Sacred Temple  
remain pristine and undisturbed.

Today, on this occasion,  
of our first Light Conference in this Cosmic Crystalline Temple of Light,  
they will escort us in.

Taking the lead position is Archangel Uriel,  
who is bringing to you the Wisdom of Source.....  
Emitting and surrounding you in the brilliant Light and Inspiration of Source,  
Archangel Gabrielle will take her position on the left.....  
On our right will be Archangel Raphael,  
who holds and provides to you the Healing Light of Source.  
It is always available for you to draw from.....  
And taking position at the rear of our group will be Archangel Michael,  
who stands as our Protector and who will make certain that the purity and integrity  
of our beautiful Light Temple and this Light Conference is maintained.....

With Joan and John following Archangel Uriel,  
Let us begin our procession by placing your bare feet on the first step....  
Take a breath... and in this moment,  
BE your "I am Presence", with the full spectrum of the Light frequencies  
of your Prime Directive radiating and emitting from your Sacred Heart.....

Continue ascending up each step,  
placing your awareness on your Sacred Breath.  
Feel your frequency rate increasing with each ascent.

As we ascend to the top, you will see each side of the pathway filled.  
Waiting to greet you are a magnitude of magnificent Master Light Beings,  
including all of our Teachers of Light, the entire Council of Twelve,  
*your* personal guides, and many of your beloved ancient family.

Take this opportunity in this moment to acknowledge and reconnect.....

[8:19] All have come to support us and again witness,  
as we take our next step on this Ascension Journey to reclaim our Divine Heritage.....  
Many of those gathered have waited silently for eons of time,  
for us to at long last reach this next threshold.  
Feel their Love and pride wash over you,  
as they celebrate the Divine Being that you ARE.....  
They honor your determination and commitment,  
as you have persevered and often struggled through multiple incarnations.  
Today, they are filled with Joy to celebrate you on your "Path to Mastery".

Our beautiful Light Temple appears even more brilliant today.  
Those huge Crystal Spires that lined the Pathway have been repositioned.  
Two have been placed on each side of the Entryway, to represent the 11-11.....

So, continue on, into our Sacred Sanctum and take your seat.....

The Gallery has been massively expanded to accommodate all of our special guests.  
Let us begin by welcoming the Sirian High Council of Elders,  
who have contributed so much to our Ascension Journey.....  
Sitting with them and joining us for the first time in a Gathering,  
please welcome the High Council of Elders from Arcturus.....  
And, also, sitting with them,  
please welcome the High Council of Elders from the Pleiades.....  
Making themselves known to our Collective for the first time,  
please welcome the Elders of Lyra.....  
Today, we are honored to also welcome  
the Presence of a group of Master Light Beings from Andromeda.....

Of course, all of our old Friends are here:  
Welcome Metatron and all the Ascending Masters.  
Archangels Michael, Uriel, Raphaelle, Gabriel have taken their place  
with all the Archangelic Leagues from Earth and those from the Star Gates.  
Welcome the 12<sup>th</sup> Dimensional Beings of Light from the Elemental Kingdom:  
the White Lion and Lioness, the White Winged Ones,  
the White Dolphin and Whale, the White Fire Dragons.  
There are now two representing each Kingdom.....

So, take a breath.....

Welcome An Ra Ta, Toa Ma, Sar Ra Zon, and the Light Being known as Mei Q.....  
Welcome to Yeshua, the Magdalene, Mother Mary, and Grandmother Anna.

[12:44] Welcome to all of our esteemed guests!  
We are beyond honored that all of you are here  
    as we gather for our first Master Light Conference  
    in our beautiful "Sacred Celestial Cosmic Diamond Crystalline Light Temple  
        of Illumination and Acceleration".

This Conference is called "Path to Mastery".  
A most befitting title, as we gather on this auspicious date, 11-11-22.....

From the moment you entered our Sacred Light Temple,  
    you may have noticed the increase in the frequencies  
    since we last gathered for the Pre-Conference.

In addition to all of these incredible Beings  
    who are contributing to the acceleration,  
    is the magnificent Etheric Crystal, which has assisted us greatly over the years.  
Due to its now sheer enormity, the Archangels can no longer bring it to *us*.  
So, the Andromedans have created a Holographic Imprint  
    containing all of the Coding held in the Etheric Crystal.  
Over the past month, they have been slowly infusing the imprinted Coding  
    into the matrix and fabric of our Light Temple.

This infusion has increased the vibratory frequency of our Light Temple  
    many times over.

The frequencies will continue amping up as we continue together over these three days,  
    and it will be monitored and regulated by the Andromedans.

And we thank them for this gift and their continued commitment to our Ascension Path.....

So, let us be in appreciation for this magnificent Light Temple Vortex,  
    that has been designed to assist, support and accelerate our Ascension Journey.

And remember, this Sacred Light Temple is a massive Living Superconsciousness  
    that returns to its original state of pure Radiant Diamond Light  
    when we are not present and do not have our attention on it.  
It is ever evolving, which in turn, allows for our continued expansion.

So, let us end this segment by also being in appreciation  
    for this entire massive Collective of Beings of Light,  
    for the many gifts and tools we have received,  
    and for ourselves,  
    and for our commitment to *our* Path of Mastery that is leading us home.
