

Melainah:

So, take a breath. In fact, take several.....
And **be aware of yourself sitting in your seat**
in the Grand Chamber of our Light Temple Vortex.....
Kind of look around.....
Take a look at the others in our Community.....

So, sit back now.....
and as you are relaxing,
become aware of *you* as the grand Soul-Spirit that you ARE...
radiating all those Fields and Streams of Light.....
as you sit in the Center of *your* Toroidal Field.....
And, as depicted by that earlier graphic –
what a beautiful sight... your Radiant Light truly is.....

So, let's consciously breath together.....
knowing that each breath we take is Sacred.....
So, slowly inhale in to the count of four: 1-2-3-4... Hold...
Exhale slowly to the count of 8: 1-2-3-4-5-6-7-8
Inhale to the count of 4: 1-2-3-4... And hold... Exhale to the count of 8:1-2-3-4-5-6-7-8

So, you continue two more full circles of breath.....
And with each circle of breath, go deeper & deeper into your Sacred Heart Center..... [Pause]

Be sure you are emitting the 7th Dimensional frequencies.....
And set your Light frequency to 150%.....
Take another breath.....

Now, very slowly, in small increments,
let's begin to increase our Light frequency to 150.5%:
So, increase to 150.1..... 150.2..... 150.3..... 150.4..... and 150.5.....
You should feel an immediate change occurring.

Keep breathing.....

So, again, very slowly, we're going to increase to 151%:
So let's go: 150.6..... 150.7..... 150.8..... 150.9..... 151%

Take deep, deep breaths and stay conscious.....
If you feel you are about to go unconscious, do *not* push it.

[10:32] But if you're OK, let's slowly increase to 151.5...

So, 151.1..... 151.2..... And breathe..... 151.3..... 151.4..... 151.5..... And breathe.....

And if you can remain conscious, let's increase now to 152%:

So, 151.6..... And breathe..... 151.7..... 151.8..... And breathe..... 151.9..... 152%

Breathe.....

We're going to stay here just for a moment and hold this.....

Continue to breathe.....

We're going to slowly back it down to 151%...

So, turn it back to 151.8..... and down to 151.5..... 151.3..... 151.1.....

And now back totally to 151%.....

If you are comfortable, you can remain here at 151%

But if you feel you are wavering on going unconscious, return to 150%.....

It is more important to remain conscious and aware

than it is to hold a higher vibrational rate at this time.

And, you do *not* want to go unconscious and miss what lies ahead!

Keep breathing.....

So, while a half of a percent or 1% may sound like very small increases,

it is *not*, when engaging in these highly refined frequencies.

Energetically each incremental increase is massive.....

So, find the most comfortable set point for you so you can remain conscious and aware throughout this segment.

So, the key to staying conscious is to continually take deep slow breaths.

And we will remind you often during this Journey to breath.

So, with your Light frequency set, our Light Temple begins to spin and spin,
slowly at first and then increasing in speed.....

As it spins, everything and everyone around you will disappear.....

You are only aware of yourself in this spinning Vortex of Light.....

The Journey that lies ahead is for *you*.

And, as we have done in the past,

this is a simultaneous Journey for everyone in our Community.

However, you will only be aware of yourself and what is occurring for you.

[16:35] **So, as the spinning slows,**
you will see in front of you our 12th Dimensional Magenta Diamond of radiating Light.
At their respective points,
there are now two 12th Dimensional Beings from each Elemental Kingdom.

In front of the Magenta Diamond are
Archangel Michael, Archangel Gabriel, Archangel Uriel, and Archangel Raphael.
All four will be our Guides to the Inner Portal.
The Center of the Magenta Diamond is pulsating with Golden Light.
It is infused with the Platinum Rays.

The Archangels greet you once again and invite you to join them in the Portal.....
As you enter the spinning Vortex of the 7th Dimension, the Four Archangels surround you.
Your speed will begin increasing,
as you travel deeper and deeper into this Dimensional Realm,
making numerous 90 degree turns.....
Soon you begin slowing, and then to a complete stop.....

With the mists swirling around you..... **Archangel Michael steps forward and says to you:**
We have brought you to the furthest edge of what you refer to as the 7th Dimension.
The remainder of the Journey will be for you to travel alone.
Before you proceed, we want to make you aware of a couple of things.
Take a breath.....

What lies beyond is the next major step in your evolution as an Ascending Master of Light.
You will be entering a completely new sequence of Light frequencies.
This Realm vibrates with highly refined and very different Light and Sound Codes.
These frequencies will be the most energetically powerful
you have encountered so far on your Ascension Journey.....
Once we open this gateway and you enter, there is no turning back.
There is no return path..... only the Path forward.....

If you are ready to proceed, please state your declaration
that you understand these things that have just been presented to you.....

With your declaration received, we will open the Gateway.
And, as you pass through the Gateway,
you will enter into another spinning Corridor of Light.
Keep moving forward and the Corridor will lead you to your destination.

Blessings, Dear One!
Be in wonderment as this Mystical Journey unfolds for you.....

[21:50] **Entering the Gateway, you proceed forward**, and you are moving slowly at first.
The Light and the Colors in this spinning Vortex are incredible,
becoming even more brilliant the deeper you go.....

In the past, when you have traveled to other Realms,
you might have had the feeling of being propelled from behind
or maybe caught up in an Energy current moving you along.
In this space, it is different.
It may at first seem like a very subtle difference,
but it is an important one to take note of.
In this spinning Vortex, rather than being propelled,
it feels as if something is drawing you to it,
almost as if you have a magnet on your chest drawing you forward.
See if you can perceive the difference.....

Your speed begins accelerating..... faster and faster.....
again moving you in sharp angles.....
drawing you forward and taking you deeper, and deeper.....
You are slowing down..... and come to a complete stop.
Take a breath!.....

In a moment, a doorway opens in front of you
and you are aware of being invited in.
You step into a magical, kaleidoscope-filled, Light-filled Realm
with the most beautiful Luminous Colors you have ever seen.
The Light and the Colors are reflective and prismatic,
and they swirl very gently around you, filling every fraction of space.....

You have entered into the indescribable beautiful Luminous Realm of the 8th Dimension...
Take a breath.....

Someone is greeting you, but not with a voice.
The communication is being transmitted into your Higher Mind
holographically and telepathically.
You do not see anyone, but you are very aware of a Presence near you.
This Presence is welcoming you
and drawing you forward and taking you deeper and deeper into this amazing Realm....

You are invited to sit....

[26:38] This beautiful Presence that you cannot see is seemingly sitting in front of you and begins transmitting to you:

*Welcome! You have at long last returned to what you would refer to as the 8th Dimension.
Eons ago, you traveled through this Realm often,*

*when your Soul and Spirit were able to move freely,
from the Higher Worlds into the denser forms of matter, at will.....*

*You were like a child,
filled with the wonderment of exploring, experiencing, and creating new worlds.*

I, and the others here, are known to you as The Luminous Ones.

*Now, in the past, when you journeyed to Inner Earth,
you met the beautiful Beings you call The Luminaries.*

*They, and others similar to us, come forth from a vast Stream of Consciousness
originating in the 15th Dimension.*

Each Stream has different roles and duties.

*And, while our duties take us to many multi-Dimensional Realms,
we are not limited by any Dimensional frequency.....*

*We do not remain for long periods of time
in frequencies below the range of the 13th—15th Dimension.*

Once our duties are fulfilled, we return to our original state.

Now, you and I know each other very well

and I am delighted to have this opportunity to reconnect with you, Dearest One.....

*So long ago, in another sequence of time when the fall occurred,
and you knew you would not be able to return here for a very long time,
we placed an 8th Dimensional aspect of your Light Consciousness into a Time Lock.*

*It has been kept safe and untouched,
until the time came that you could return and reclaim this next aspect of you.*

That time is now.....

*So, once the Lock is re-opened,
do you give your permission
for us to re-establish and reconnect this Higher Light aspect of you?.....*

*So, this reconnection will set in motion an entirely different
frequency and sequence of Light Codes, Geometries, Color and Sound Codes.*

And take a breath.....

It will change EVERYTHING --

Including who you perceive yourself to be.....

[30:40] Having stated your permission,
the Luminous One is guiding you even deeper into this incredible Realm,
until **you are aware of standing before a Vault, which (s)he unlocks.**
You enter the Vault with the Luminous One,
and (s)he asks you to remove your Crystalline Key and hold it in your hands.....
Before you is a small table,
and you are instructed to place the Key, lying flat, into a Crystalline tray.....
The tray is actually a type of scanner
that reads your Energy signature, Color and Sound Codes, and your ancient Symbol,
all of which are held within the Key.

Now, as the Key is being scanned, the Vault begins to spin.....
And when it stops, you are aware of being in another large space.....

Remember, everything you are seeing is being transmitted to you holographically.

Your 8th Dimensional Time Lock is lit up in front of you.....
And it is imprinted with the Light of your glowing ancient Symbol.....
Taking your Key, you place it in the lock and the open *your* Time Lock.

**The Luminous One, who has now been joined by two others,
retrieves a brilliant bundle of Light.....**

They are directing you to lie down on a table of pulsating Light.
So, take a breath..... Remain conscious and aware.....

**So, the three Luminous Ones are carefully unfolding this Light bundle
and begin connecting it into your Unified Field.**

The connections are made using Magnetic pulses of pure Light.....
The first connecting point is at the apex of the 4th Triad.....
The next connecting point will be at the 8th Chakra, your Higher Mind.....
The next connection is into your Soul Star.....
And the last connecting point is into your Earth Star.....
Take a breath.....

This brilliant Field of Light is then extended
to sit at the outermost edge of your Unified Field.....

Watch!...

And as they set this in place.....

this is an aspect of you that you have not had access to since the fall.....

[36:39] **So, what is occurring in this moment
is the re-connection of your 8th Dimensional Luminous Field of Light.**

And it is radiant!

And breathe.....

So, as the Luminous Ones complete the connections,
we're going to take just a moment, allowing this re-connection to begin stabilizing.
So, continue breathing..... As you watch this unfold..... [Pause]

With the connection completed, you are led again to your seat.

The Luminous One begins to transmit to you and explains that
this 8th Dimensional Luminous Field of *your* Light Essence will never descend.

For the first time since you have taken on form,
you are being provided with an aspect of yourself to evolve into.
You have been gifted an observable marker of Light to grow into.....

This is an enormous step forward in evolving your Light Consciousness & your Unified Field,
containing all of your Light Bodies.
Everything has been carefully designed to assist you in receiving and holding
the ever-expanding and most refined Light Codes and Energetics yet.

So, take a couple of deep breaths.....

We will now return to the Vault.

Retrieve your Key, placing it back inside your Garment of Light.

The spinning begins again.....

It stops, and you are standing in front of another Iteration of this Time Lock.

Moving forward, you are again being scanned.

However, this time it is your 8th Dimensional Luminous Field that is scanned.....

The Time Lock opens.....

Held here is the 8th Dimensional Light Template.

**This 8th Dimensional Light Template will be carried in *your* 8th Dimensional Luminous Field.
Open yourself and receive this Template, now.....**

Each member of your Community will carry and hold this 8th Dimensional Light Template.
This is your first Initiation into Service as an Ascending Master of Light.

[43:37] Returning to your chair, the Luminous One continues to transmit:

Since you entered this Realm, many, many things have occurred.

Your Field of Light and your Consciousness has been forever altered and accelerated.

The stabilization of your 8th Dimensional Luminous Field will take some time.

*I will remain close by during your dream time tonight and throughout your Gathering
to ensure that your Field remains stable.....*

Take a breath.....

*Your 8th Dimensional Luminous Field and the 8th Dimensional Light Template
will affect each Light activation and process
that you will participate in during your Conference.....*

If you require assistance at any time, reach out.....

I am transmitting to you now how you once addressed me.

*You may receive it as Sound or Light Code that you will be able to translate into a name,
if you find that helpful.....*

Now that we have re-established this connection between us,

I will remain accessible for you, until you choose to cross the Rainbow Bridge Home.

Take another breath.....

Be aware of yourself sitting within the Center of your entire Unified Field.

*And from that Center, look to the furthest edge of your Field
and you will see your beautifully brilliant Luminous Field of Light
surrounding the entirety of your Light Essence.....*

Imprint that now into your visual cortex.

And breathe.....

*Set an Intention for yourself to consciously see this 8th Dimensional Luminous aspect of you,
by placing your attention on it often.....*

There is nothing more you need to do.

*By merely placing your awareness on this Luminous Field,
it will impact you in ways that you cannot even begin to imagine in this moment.....*

*At this time, do not attempt to draw from these 8th Dimensional frequencies,
from neither your Luminous Field
or from this first Iteration of the 8th Dimensional Light Template.*

More will be explained, as you continue your three-day Journey.

Take a breath and sit quietly for a moment,

contemplating all that you have experienced since we began this Journey.....

[Short Pause]

[Activating the 8-8 Light Template received in the 2nd Triad on 8-07-2022, Session #11:]

[50:44] So, the Luminous One steps away and transmits that (s)he will return shortly.
And as (s)he does, you have a sense
that you can almost perceive the slightest of movements surrounding her Presence.....

(S)he is returning,
and is accompanied by a White Lion and Lioness from the Sirian Stargate.
One of these Beings was the one transmitting the 8-8 Light Template to you
that was placed in your 2nd Triad.....
AnRaTa said to you then that
this 8-8 Template would be activated during this Light Conference.

**The Luminous One and both the White Lion and Lioness
are directing you into a small chamber.
This is an 8th Dimensional Sound and Light Activation Chamber.....**

Listen closely as mystical Sound frequencies
are being transmitted into your entire Luminous Field of Light.....
And, as you begin to receive them,
you realize that the frequencies are encoded
with Streams of magnificent Colors and Symbols.....

Take a breath.....

Place your awareness on your 2nd Triad and see the 8-8 Template Lighting up.

**The Sirian Lion that transmitted the Template to you
is directly in front of you, with eyes locked into yours.**

Continue to breathe... There's a lot happening for you.....

The Lemniscate, the Golden Infinity Symbol, begins to expand within your 2nd Triad.
And you may feel the activity occurring.....

**The other Lion or Lioness now takes its place in front of you,
also locking its gaze with yours.....
Another set of Light frequencies are being programed into the Infinity Symbol.....**

You could feel pressure within the entire Triad as the expansion continues.....

[56:26] **Now the Luminous One stands before you and touches your 3rd Eye
and the Sirian 8-8 Template activates in an explosion of Light.....**

With the 8-8 Template activated, this magnificent Luminous Being is gifting you
with the vision to see a brilliant Blue Diamond Crystalline Light
in the Center of what you perceive to be her 3rd Eye.....

(S)he then begins to transmit ancient Sacred Codes into the 8-8 Light Template.....

The Lemniscate, the Infinity Symbol, continues to glow with Golden Light.
The vivid Blue Color of the Crystalline Diamond has been added
and creates another layer.....

This Light Template which is held within the Infinity Symbol
encompass your entire 2nd Triad AND the Crown Chakra.....

Take a couple of breaths, as this activation continues..... [Short Pause]

This Divine Luminous Being of Light begins the final transmission:

It is now time for you to return to your amazing Light Temple.

You will be accompanied by these two Sacred Beings from Sirius.

So much has occurred for you, since you left your Light Temple.

The Being that you ARE has been forever changed.

You are not the same Being that entered this Realm.

You are so much more -- and you are remembering.....

It will take many months of your time

to fully comprehend the depths of what you have achieved here.....

Be gentle with yourself.

Honor and embrace the Beauty of the Sacredness that is you.....

Love and Blessings, Dearest One of Luminous Light.....

Take a breath.....

The White Lion and Lioness are with you.

And the space around you begins to spin... and spin.....

increasingly faster now.....

Take a breath.....

And be aware of yourself in your seat in our Light Temple Vortex.....

And open your eyes.....

Sit quietly and hold what you are experiencing and feeling for as long as possible.....
