

Joan: OK, let's all take a deep breath..... and be present in the moment... alert.....
and very conscious.....
And let us welcome the Council of Twelve.

Council of Twelve -- through Joan:
We ARE the Council of Twelve

You are receiving this Teaching at a whole different level than you have ever received it.
We want you to take note how this is changing how you receive what we are transmitting.

Let us give you this piece, so you might remember:

When we first introduced ourselves to you, we said to you,
 "We are Streams of Consciousness from the Realms, the Creative Realms of Source,
 We are united with that Creative Energy.
 You, each one of you, perceive yourself as individual creators of form". [Edited by Joan]

Yes, you are that. That is an aspect of you.
However, you are a vast Stream of Consciousness that is very much a part of this Council.

And we give you that now – we transmit that to you now,
 so that you might always remember that –
 that you are *vast*, a *vast* Stream of Creative Light...
 in complete unification with the Source of your Being,
because you, Dear Ones, as We, are Streams of this Consciousness
 that was originally created and manifested in pure Light
 in the Image and Similitude of that Source.....

So, it gives you a different perspective when we come to you and we say to you,
 "WE ARE the Council of Twelve".
WE, including YOU.
And We are a Stream of that Consciousness – as are you.

There will come a time, Beloveds, when you will actually speak through the Stream
of which you are a part.....

Now take a deep breath.....

**And let's venture into some activations and some Energetic upgrades,
concepts if you will, that need to be woven in to your Consciousness.....**

Take a deep breath.....

If you will remember, in our Pre-Conference dialogue,
when we helped you activate that 6th Light Packet,
it began to emanate a brilliant Golden Light.

The 6th Light Packet also activated that 9th Strand of DNA.
This Light Packet was placed in the Heart Center of your Light Body,
which has become your new Etheric Body.

Your Etheric body has not yet become a Ka Body.

But it does influence you and your physical body tremendously
by amplifying your entire Unified Field,
bringing it fully into 5th, 6th, 7th Dimensional Consciousness.

It pushes you through the 9th DNA Strand
to know yourself in the fuller Wisdom of the Soul
that came into your present body to experience creating form within form.

The 6th Light Packet changes for eternity
any separation anomalies that affect your physical body
as it functions in the 5th, 6th, 7th Dimensional States of Consciousness.
It brings a fuller conscious awareness of who you ARE
as a Light Being created in the Image and Similitude of Prime Creator.

When the 6th Light Packet activated the 9th Strand of DNA,
this was a *big* step forward.
It was a big step in your Ascension process.

The 9th DNA Strand relates to your Soul and the purpose of your Soul
that brought you into the present State of Being.
This is important for you to recognize.

The 9th Strand of DNA is also a very important Strand
because it has not been a viable Strand since the fall of consciousness.
It has not been available to you since you have been incarnating in a 3rd & 4th density
and in a physical body that is of that density.
Know that you have had many incarnations in this density -- thousands, to be specific,
some longer than others.

[8:28] The 6th Light Packet is key to the activation of the 9th strand of DNA,
because this activation relates to your Soul's purpose
of coming into a physical body to experience creating in form.
This provided the opportunity to grow your awareness
and alter your 3rd dimensional body,
so that you could create a 5th Dimensional physical body.

The upgrade of the 6th Light Packet is essential
to creating and manifesting your 5th Dimensional physical body
that could hold a fuller expression of your Light Body.

Take a deep breath..... conscious, and alert.....

The breath – if you will be conscious of the breath – will keep you present and alert...
It helps the body assimilate those rarified Energetics
that are being transmitted from the Creative Realms.
It helps the body to stay conscious,
because, when you concentrate on the breath,
that living breath of you keeps your body alert and conscious.....

So, let's take another deep breath..... Help your body.....

**Now, let us weave that 8th Dimensional Light Template
into the body and the 9th DNA Strand**

Be aware of yourself in your Light Body that is vibrating in a frequency of 150% Light.
Be aware of yourself sitting in your Cosmic Crucible of Light.....

Another breath..... conscious and aware.....

The 8th Dimensional Light Template has been unlocked
at a very basic level at the present time.
It does however, reconnect you to the Higher Light aspect of yourself
and sets in motion different frequencies and sequences of Light Codes.

As we move forward together in this Teaching series,
this 8th Dimensional Light Template will change everything,
including how you perceive yourself to be.

[12:28]

Do not attempt to draw from this newly unlocked 8th Dimensional Light Template quite yet

Just be aware of this magnificent Template

and receive what is transmitted in these beginning stages.....

Notice how Streams of Light from the 8th Dimensional Light Template

are coming from your Unified Field that is pulsating key Magnetic Pulses of pure Light....

See the Streams of this magnificent Light also streaming into the apex of your 4th Triad.....

Be aware of how this 8th Dimensional Light Template

is radiating in the 8th Chakra and your Higher Mind

as well as in your Soul Star and your Earth Star.

Take a deep breath.....

**The connection of your 8th Dimensional Field of Light is a very real event
taking place at this moment.**

The complete connection will take the rest of this month to stabilize

and transmit the Luminous Light

that you have not had access to since the fall of consciousness.

See how this 8th Dimensional Light Template is affecting your 9th Strand of DNA
at this very moment.

It has a glow that the other DNA Strands do not have.

It is a Golden glow that has within it brilliant sparkling Golden Stars,
like no other DNA Strand.....

The 6th Light Packet is also filled with the Luminous 8th Dimensional Light
and a star-studded effervescence.

With these activational alterations, and when they are fully integrated,
your Ascension Path will widen,
and you will move forward in ways that you cannot imagine now.....

Let us sit together in our Crucible,
and allow all of us to sit in this glorious Field of Light
and absorb all of the frequencies of Radiant Light that are being transmitted to you.

And **sit together in Unity and receive this Radiant Light.....** [Long Pause]

Feel the Unity in this Crucible, now,
as you have never felt unified in this State of Radiance before..... [Long Pause]

We will now close this portion of today's Session. Blessings!
