

Joan: OK. Well, welcome back, everyone!

to the afternoon session of Saturday's 2022 Light Conference.

Let's take a deep breath

Let's all get centered in our Sacred Heart Center.....

present in Our Crucible, with our frequency set at 150% Light.....

Take another deep breath.....

Be aware of yourself seated in your seat in your Cosmic Light Crucible,

surrounded by the full contingency of great Light Beings – including you!

Notice the magnificent Light that emanates through our Light Temple.....

Now, please welcome the Council of Twelve.

[2:01] **Council of Twelve – through Joan:**

WE ARE the Council of Twelve.

You have been prepared in this last session

to continue with the activation of the 7th Light Packet.

First, we would like to present to you some main concepts about the 7th Light Packet
and the significance of it, now, as you continue on your Path to Ascension.

The 7th Light Packet is a much more refined Light Packet
that is greatly influenced by the 8th Dimensional Light Template.
It, too, resides in the Heart Center of your Light Body.

This Light Packet activates the 10th Strand of DNA.

The 10th Strand of DNA relates to your Soul-Spirit unification
and the Wisdom that it carries and communicates.

The 7th Light Packet helps the Light Body have a direct influence on the physical body
because of the 10th Strand of DNA activation.

Take a deep breath.....

The 7th Light Packet and the 10th Strand of DNA can subtly transmit
certain energetic components such as Unity Consciousness and aspects of Wisdom
that come from your Soul-Spirit into the consciousness of your physical body.

This escalates the actual alchemical and molecular changes
that need to take place within the 3rd-4th dimensional physical body
to move it swiftly into 5th Dimension.

[4:24] Because of the diligence that all of you have shown in the last year,
it is quite possible that that could happen by the end of 2023.
This can only happen through the activations of the 7th Light Packet as well as
the Imprints of the Master Light Packet that will encompass all seven Light Packets.

**This 7th Light Packet brings in a fuller expression of the Light Prism
and the Light Prism function.**

The Light Prism actually holds the Spirit Blueprint,
adds the 2nd Ray of Creation in a stepping-down mechanism
to fractionate the pure Light into various Color Codes
that can be used in form to create form within form,
but in a much purer reflection of your original Light,
when your Spirit was created in the very beginning, before you were human.

The Prism sits in the Heart Center of your Light Body
where it is used in the purest form of who you ARE as a Light Body
that creates the Light of Source in various Iterations.

The Light Prism has a great influence on all of the Light Packets.

When it was first introduced to you, it was in a stepped-down version of the 5th Dimension,
which was at that time a stretch for all of you to fully conceive of its complete use.

The Light Prism is in reality is a *unique* Light Prism of the 12th Dimension
that came into existence when your Spirit was first created
in the Image and Similitude of the Source of your Being.

The Light Prism will continue to manifest in different Iterations
as it is used in various creative ventures in diverse Dimensional states of Consciousness.
Because it resides in the Heart Center of your Light Body,
it can be easily drawn from and used in different Dimensional sequences.

One of the most valuable uses of the Light Prism is that
it continually upgrades the Seed Crystals in the Pineal Center,
because it constantly emanates a number of Sound Codes.

The human brain has to be significantly upgraded
as we move forward in this Ascension process.
Since the Light Prism contains all Color Codes and Sound Codes,
it continually upgrades the function of the Seed Crystals.
