

**[Continuation of the Council of Twelve through Joan presenting multiple activations:]**

[From end of Session #11 Audio] Take a deep breath..... Another breath.....

Be present in this moment... and conscious.....

Notice how you are still seated in your Cosmic Light Crucible.....

Notice you are in your Light Body, holding a frequency of 150% Light.....

**Now, let's talk about the 9<sup>th</sup> Ray of Creation,**

**the Color and Sound Codes that emanate from the 12<sup>th</sup> Dimensional Light Prism.**

**We will speak to you about how the Light Prism affects the Seed Crystals**

that are in your physical body's head.

**The effect that the 12<sup>th</sup> Dimensional Light Prism has on the Seed Crystals**

**brings an upgrade into your physical body's brain**

that will be needed as you move forward in our Ascension process.

As you know, the 9<sup>th</sup> Ray of Creation was created by Prime Creator

to assist the Creator Gods to create more efficiently and effectively

as they used the Christed Matrix Blueprint that was given to them.

It is composed of multiple Sounds that expand the Creative Energetics

and contribute to the manifestation of individual creations.

You benefited from the all the Rays of Creation

as you struggled to overcome the many distortions

that limited you as you navigated through the fallen paradigm of 3<sup>rd</sup> dimension.

When you received those basic concepts of the 9<sup>th</sup> Ray of Creation,

you did not have a State of Consciousness

so that you could fully comprehend the massive Energetics that it contained.

Most of these Sounds were held in very refined Realms of Source.

Some of them were held in the Quantum Field of various Universes.

Most of them could not be heard by your human ears.

Over the years, you have learned to receive them in your subconscious.

You often mimicked some of these Sounds

by playing notes on certain instruments or toning vowel Sounds of your language.

This was very helpful, because

it helped you to become more conscious as you created and manifested your reality.

You learned to create outside of all the distortions that limited you.

[3:09] As we move into a stable 5<sup>th</sup> Dimensional Body  
in states of 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimensional Consciousness,  
more of the 9<sup>th</sup> Ray will become usable.

One of the first 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Iterations of the 9<sup>th</sup> Ray has been gifted to you through  
the Light Prism that you received this year in Teachings from us.

You could only receive the Light Prism from a 5<sup>th</sup> Dimensional State of Consciousness.  
This is now slowly changing.

Take a deep breath..... [Short Pause]

**We, as the Council of Twelve, are present with you at this time  
to expand your awareness of the 9<sup>th</sup> Ray of Creation,  
and activate another Iteration of the Light Prism,  
which alters the function of the Seed Crystals  
that are within the head of your physical body.**

So, take another deep breath.....

And focus your attention on the Seed Crystals that are already lighting up  
as you draw your attention to them.....

Draw the Light Prism into your 3<sup>rd</sup> Eye.

This Light Prism is now a 7<sup>th</sup> Dimensional Light Prism,  
because it has been greatly affected by the activations  
that have taken place in the last two days of this Conference.

It has benefited you greatly from the opening of the 8<sup>th</sup> Dimensional Time Lock.

**The 9<sup>th</sup> Ray's Sound relates to the Light Prism  
and to the 8-8-8 Codes that now reside in the 2<sup>nd</sup> Triad.**

The Light Prism activates another level of Seed Crystals in the brain.

It brings the Seed Crystals to another octave of Energetics  
from which to transmit Creative Light from the 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimensions.

The unlocked 8<sup>th</sup> Dimensional Time Lock also has a great influence on these Crystals now.

This upgraded Light Prism also contains considerably more Light Codes  
that are amplified by a magnificent array of Sound.

You still will not be able to hear most of these Sounds,  
because you have not fully activated your 5<sup>th</sup> Dimensional Body.

[7:17] When you **sit quietly & focus your attention on the Seed Crystals in your brain area and also on the incoming Light Prism,**

You can feel or sense the mystical Sounds that were just activated by the Lords of Light and this Council that are specifically for this Light Conference.

It is our gift to you so that you could successfully proceed with these Teachings.

**Take a moment and receive these subtle Sound emanations.....**

Take a breath and receive..... [Pause]

Another breath..... conscious, alert.....

Let us now proceed.

It will take some integration time to acclimate yourself to these subtle Sounds.....  
When you focus your attention on these transcendent Sounds, it is very beneficial.  
There is no need to hear them with your physical ear.  
You begin to know them from your Illumined Light Body.....

**Now, focus your attention to the magnificent 7<sup>th</sup> Dimensional Color Codes.**

Notice how brilliant and luminous they are.  
There's no comparison to the 5<sup>th</sup> Dimensional Color Codes that you first received.  
There's no separation between the Color Codes and the Sound Codes.  
They are merged and united with the Color Codes that we have just activated.....

Take a breath..... Be present.....

Another breath.....

**Now, move your attention to the Seed Crystals**

**where a crystal-clear, multi-Dimensional Diamond Quadratic Configuration is now forming over the Chakras in your 2<sup>nd</sup> Triad, including the Recorder Cell**

that is above your right ear in the area of your Temporal Lobe.

This magnificent multi-Dimensional Configuration now encompasses all the Lobes of your brain.

[10:54] Notice how the Sound and Color Codes of the 7<sup>th</sup> Dimensional Light Prism play through the Seed Crystals.

Can you see the magnificence these Seed Crystals are, as they light up?

These upgraded Seed Crystals continually transmit refined Light emanations that alter the physical body at a cellular level.

When you alchemically change the human cell through the compression mechanism that is utilized in the 2<sup>nd</sup> Triad, everything that concerns the body and its consciousness changes.

This includes the cells, and the neurons of the neurological system.

The neurology of the brain and body gets a complete upgrade.

The Seed Crystals are the prime activator of these upgrades that need to be initiated as well as the specific time and progression of these activations.

The Creative Light that is transmitted by these Seed Crystals is immense, and it is designed to create the changes that are required on many levels, as the refined Dimensional Sequence begins to manifest.

They are radiant instruments that change the synapses of the brain and its ability to process Christed thought.

**Every Lobe of the human brain functions effectively now** with purpose and the design that was originally intended when the human body was created, before its fall in consciousness.

Because you are limited by a 3<sup>rd</sup> dimensional body, these Lobes could only function on a physical level.

They could not function until you were awake enough to function in the 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimensions.

And a whole new world opens to you when these Lobes of your brain begin to function at that refined Dimensional level that they were intended.

[13:57] **It's important that we explain to you, now, these changes and the way key parts of your brain contribute to your ability to create thoughts that emanate from the Christed Mind.**

Take a deep breath.

Let us pause and consider what we have just communicated to you and the possibilities that now lie right in front of you.....

Another deep breath..... Another breath.....

**First, let's talk about the Seed Crystal above the right ear**

When it gets upgraded to the 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimensional frequency,  
it is affected by the opening of the 8<sup>th</sup> Dimensional Light Template.

**The Temporal Lobe**, which is located in that area of your head, is designed to hear and have a two-way communication system.

At a 3<sup>rd</sup> dimensional level, it is strictly a physical function that is used in the dense 3<sup>rd</sup> dimension.

When this Lobe gets upgraded by the refined States of Consciousness of the 5<sup>th</sup> Dimensional Body,

this Lobe becomes a two-way hearing and communication vehicle to communicate efficiently with many Realms of Beings throughout the Cosmos.....

Take a deep breath.....

You can only imagine the benefits of this particular activation and the effect that it has on this functioning of this Lobe.....

**The Occipital Lobe** allows you to see both with sight and clairvoyance.

It is nonfunctioning in the 3<sup>rd</sup> dimension.....

As you sit now in that space between 4<sup>th</sup> and 5<sup>th</sup> Dimensions, that Lobe, the Occipital Lobe, allows you to begin to see both with sight and clairvoyance.

Now, when we say clairvoyance, there is a very deep Presence of a Knowing of many things and a Knowing of the direction in which you want to focus your attention, with purpose and Intention.

**The Parietal Lobe** is designed so that you can hold your attention for long periods.

It allows you to experience multi-Dimensionality.

This Lobe can only function partially in a 3<sup>rd</sup> dimension.

It does allow you to focus your attention for lengths of time when needed to study or learn new skills.

In refined levels of Consciousness, it assists you to hold altered States of Consciousness for periods of time that produce a multi-Dimensional experience or helps you gain new reference points in refined States of Consciousness.

[19:10] Deep breath..... Another breath.....

**Now, let's talk about the Frontal Lobe,**

which is the largest of the Lobes,  
and is designed to hold memory.

At a 3<sup>rd</sup> dimensional level, it holds memory of things and events  
that would limit the survival of the body.

It is often connected to the fear and separation template of the 3<sup>rd</sup> paradigm.

It also holds memory of physical pleasures such as taste, smell, or touch.

The Frontal Lobe at a refined level of Consciousness

holds Memory Codes such as who you ARE as a Being of Light,  
or that you are more than your body.

It holds memories of different Star Systems or Realms

where you experienced a life beside the life in a human body.

**Finally, we would like to explain to you how important these upgrades are to you.**

As we have, said they change the synapses

in the way your brain can process the complexity of Christed Thought.

This is a must as you move forward in these Ascension Teachings.

The function of your physical brain will be constantly upgraded

so that you are capable of processing many different creative progressions  
that can manifest in multi-Dimensional sequences.

This also includes Sound and Color Templates

that contribute to creating not only in form...

but creating as well as manifesting Light.

Take a few minutes...

Sit with us in our Christed Cosmic Light Crucible  
with all of the magnificent, supportive members.....

Be aware of yourself in your Light Body.....

**[22:23] Notice how the 7<sup>th</sup> Dimensional Light Prism is sitting in the Center of the new crystal-clear multi-Dimensional Diamond Configuration that encompasses all of the Seed Crystals, all of the Lobes of the brain.**

The 7<sup>th</sup> Dimensional Light Prism is not limited, now, by time or space.....

This Light Prism is permanently stationed

in the Center of the multi-Dimensional Diamond Configuration.

It constantly transmits to all of the Seed Crystals  
that are located in the physical body's head.

It manifests a continual Christed Light that will be upgraded  
as your Consciousness & the Consciousness of your stable 5<sup>th</sup> Dimensional Body grows.

**Notice how brilliant these Seed Crystals have become since**  
the 7<sup>th</sup> Dimensional Light Prism began to transmit its magnificent Colors and Sounds.

The Radiance of these Crystals will never diminish, but stay constant.

Be aware now of the Radiant Light Crystals..... [Pause]

**Place your attention here daily.....** so that you can witness  
how refined Light affects this entire Creative Center...  
how these ignited Crystals never waver, ever, in their transmission.....  
how these Crystals contribute through the Sound and Colors of the Light Prism  
to the awakening of all the Lobes in your brain and their function.....

Let us sit together in the Radiance of the Light that is emanating from your very Being  
as these activations take hold in your Light Body and in your physical body.....

The Light Emanation that you are capable of transmitting has changed  
your ability to transmit Light by 10-fold.....

You don't have to intend it; you don't have to focus your attention on it -- It just IS.....  
for this is WHO YOU ARE: a Being, a Spiritual Being of Creative Light...

And it will transmit continually in your Field.

And it will have an effect on all those who are in your Presence.

It won't change your personality;  
it won't change the way in which you interact with others,  
whether they be partners, friends, family, or acquaintances.

But these Radiant Light Transmissions of Who You ARE  
will allow those that you meet and interact with a fresh view of themselves.....

[29:09] Now, take a deep breath..... Another deep breath.....

And let us sit together in the Radiance of our Beingness, Beloveds, of OUR Beingness.....

[Long Pause]

We will close our Session for today.

It was a lot that we have covered in this short time together.

Today's activations will continue to integrate throughout this day and night.

And the integration will continue for months,

until we are well into the 2023 Series of Teachings.

Time is of no sequence here, Beloveds.

So rest, integrate, contemplate, and receive.....

Blessings, Beloveds, Blessings!
