

**Council of Twelve – through Joan:**

**Let us now review the activations of the last two days  
and show you how they move you into refined states of Being.**

[1] We want you to remember the gift, now,  
that **the Sirian Archangelic League gifted to you with specific Light Codes on 8-8.**  
These Codes changed your conscious awareness dramatically.

When you received the unlocked 8<sup>th</sup> Dimensional Light Template,  
these Codes activated.

The Sirian Light Codes strengthened and expanded your communication channels  
to the Sirian Star Gate.

These Codes conveyed a particular frequency  
that produces a better exchange of communication with  
the entire Sirian Archangelic League,  
the Sirian Councils of Elders,  
and many other Beings of Light.

These Sirian Archangelics transmitted to you  
a powerful Holographic Imprint of a new Creative Template  
and placed it in your 2<sup>nd</sup> Triad.

The activations of Friday and Saturday's Sessions activated these Holographic Codes.

Now, you have access to a wider range of Creative Light Codes, Colors, and Sound Codes –  
and how to use them.

These Sirian Codes also contain numerous ancient Symbols  
such as the Golden Infinity Symbol,  
that now sits in your 3<sup>rd</sup> Eye.  
that stimulates your memory that you ARE an eternal *Light* Creator.

They activate another Energetic Octave of your 2<sup>nd</sup> Triad.

[2] [2:22] **The activations that took place on Friday afternoon opened two iterations of the 8<sup>th</sup> Dimensional Time Lock.**

[a] In the 1st Iteration, you retrieved **the 8<sup>th</sup> Dimensional aspect of your Luminous Field of Light.**

[b] Then you received **the 8<sup>th</sup> Dimensional Light Template to create with.**  
It is held in your 8<sup>th</sup> Dimensional Luminous Field.

The 8<sup>th</sup> Dimensional Light Template is a principle set of Energetics that will assist you in transforming your 3<sup>rd</sup> dimensional physical body into a stable 5<sup>th</sup> Dimensional physical Body.

The 8<sup>th</sup> Dimensional Light Template

also provided access to the 8<sup>th</sup> Dimensional Sacred Heart Matrix of your Light Body.

This Sacred Heart Matrix sits in front of the Sacred Heart Center of the Light Body,

where it can be drawn from in any Dimensional Sequence that is of a 5<sup>th</sup> Dimension or above.

This Sacred Heart Matrix fills your entire Unified Field with magnificent Christed Light.

[3] **In the next activation, we brought the 6<sup>th</sup> Light Packet energetically into present time.**

It was placed in the Heart Center of your Light Body,  
where it becomes your new Etheric Body.

[4] The 6<sup>th</sup> Light Packet activated the 9<sup>th</sup> Strand of DNA

that relates to the higher purpose for your Soul as it came into a body to create and manifest a 5<sup>th</sup> Dimensional physical Body.

The 8<sup>th</sup> Dimensional Light Template creates a Golden glow within the 9<sup>th</sup> Strand of DNA,  
like no other previous DNA Strand.

*These activations widen your Ascension Path*

*and move you forward in ways that you cannot imagine.*

[5] Next, **we applied & intertwined the 8<sup>th</sup> Dimensional Light Template into your present changing physical body, along with its effervescent 9<sup>th</sup> DNA Strand.**

[6] **The 7<sup>th</sup> Light Packet was activated in a refinement**  
that the other Light Packets do not possess.

[7] **Then you activated the 10<sup>th</sup> Strand of DNA.**

The 7<sup>th</sup> Light Packet and the 10<sup>th</sup> Strand of DNA subtly transmit Unity Consciousness as well as aspects of Wisdom

that are communicated by your Soul-Spirit into the consciousness of a physical body.

This escalates the actual alchemical and molecular changes that need to take place in the 3<sup>rd</sup>-4<sup>th</sup> dimensional physical body and move it swiftly into the 5<sup>th</sup> Dimension.

[8] [6:15] This 7<sup>th</sup> Light Packet brings in a fuller expression of the Light Prism.

The Light Prism actually holds the Spirit Blueprint,

adds the 2<sup>nd</sup> Ray of Creation in a stepping-down mechanism  
to fractionate the pure Light into various Color Codes  
that can be used in form, to create form within form –  
but in a pure reflection of your *original* Light,  
when your Spirit was created -- in the beginning, before you were human.

Deep breath..... Another breath..... present and alert.....

The Light Prism has a great influence on all of the Light Packets.

This Light Prism, in reality, is a *unique* Light Prism of the 12<sup>th</sup> Dimension,

that came into existence

when your Spirit was first created in the Image & Similitude of the Source of your Being.

It resides in the Heart Center of your Light Body.

[9] **When the Light Prism is drawn into the Pineal Center,  
it continually upgrades the Seed Crystals in that Center,  
because it constantly emanates a number of Sound Codes.**

**This affects the human brain.**

The human brain has to be significantly upgraded,  
as we move forward in this Ascension process.

Since the Light Prism contains all Color Codes and Sound Codes,  
it continually upgrades the function of the Seed Crystals.

Another breath.....

[10] Under our Guidance,

**You were able to weave the 1<sup>st</sup> Iteration of the 8<sup>th</sup> Dimensional Light Template  
into your Light Body,**

which will greatly influence your present physical body,  
until it is transmuted into a 5<sup>th</sup> Dimensional physical Body.

This will help you to recover some parts of the Memory Codes

that are in your Soul-Spirit, as they are transmitted into your present form.

**\*\*\*When it is time for your next upgrade,  
we will assist you to take the 10<sup>th</sup> Strand of DNA,  
that we have woven into your Light Body,  
and then weave it into your new 5<sup>th</sup> Dimensional physical Body.  
That will be a Grand Day!**

[9:33] Breath..... Another Breath.....

**[11] The 9<sup>th</sup> Ray's Sound relates to the Light Prism and the 8-8-8 Codes**  
**that now reside in the 2<sup>nd</sup> Triad.**

**The Light Prism activates another level of the Seed Crystals in the brain.**

It brings the Seed Crystals into another Octave of Energies,  
from which to transmit Creative Light of the 5<sup>th</sup>-6<sup>th</sup>-7<sup>th</sup> Dimensions.

**The unlocked 8<sup>th</sup> Dimensional Light Template also**  
**has a great influence on the Seed Crystals.**

**These upgraded Seed Crystals continually transmit refined Light Emanations**  
**that alter the physical body at a cellular level.**

When **you alchemically change the human cell,**  
**through the compression mechanism that is utilized in the 2<sup>nd</sup> Triad,**  
everything that concerns the body and its consciousness changes.....

This includes the cells, the neurons of the neurological system.

The neurology of the brain and the body gets a complete upgrade.

**The Seed Crystals are the prime activator of these upgrades that need to be initiated,**  
**as well as the specific time and progression of these activations.**

The Creative Light that is transmitted by these Seed Crystals is immense.

**And they are designed to create the changes that are required**  
**on many levels,**  
as the refined Dimensional sequences begin to manifest.

**They are a radiant instrument**  
**that changes the synapses of the brain..... and its ability to process Christed Thought.**

**Every Lobe of the human brain functions effectively now,**  
with purpose and the design that was originally intended,  
when the human body was created before its fall of consciousness.

Take a breath.....

*Consider all the Light Energetics*  
*that have been activated and positioned in key areas for their optimum function.*  
*Many changes are occurring*  
*since the unlocking of the first iteration of the 8<sup>th</sup> Dimensional Time Lock.*

Be present..... alert.... conscious..... Take a deep breath.....
