

Ascending Masters of Light Level 1 Session 1 01-09-2022
B: Four Archangel Opening Meditation

Greetings, Beloveds,

We are the Four Archangels of Light,
who have been with you for some time now.

And we come in that Quadratic Configuration that is a foundational Energetic Form
that is important throughout this entire series.
But it is really important in these first six foundational series.

We want you to know that these Quadratic Energetics were set in place
in the last Winter Solstice,
when they became very much a part of the Energetics of that foundational Cube.

So, even though they are not a Platonic Solid, they are a specific mathematical Matrix
that is key to bringing these higher Dimensional Frequencies into Platonic Solids,
where they are usable within the realm of form.

So, let us gather now in this Quadratic Energy
that carries us all into a beautiful series of Light Matrices.

Take a deep breath.....

And as you feel that Matrix Energy running through your Consciousness.....
through your body.....

It will become very familiar to you the more that you use it,
because, Dear Ones, eons ago you used it very proficiently.....

So, let us sit together in this Matrix of Energy, of Light..... [Pause]

Very present in the moment.....
Aware and centered in this Quadratic Light Frequency.....

Another big breath.....
Present, aware.....

Let us now begin our Session.....
