

[Through Melainah]:

Greetings, Ascending Masters of Light!

We, the Council of Twelve, have been excitedly looking forward to the beginning of your new series. We are more than pleased that each of you has chosen to continue your Ascension Journey with us, as members of this co-creative process.

As we are engaging with you, today, in this more informal conversational manner, we asked that you open to receive... not merely the words you are hearing, but that you begin now the practice of also receiving the Coded Light-filled Essence that is being carried to you on the Sound Waves of our words.....

What is occurring in this moment is the creation of new communication pathways and channels of Light from our Collective to your Collective. The communications channels you have been using in the past are being recalibrated and upgraded as well. This is necessary to ensure that these pathways can contain and transfer to you all the more refined Light codes, Geometries, and Frequencies from the multi-Dimensional Realms.

It is also important that these channels be established right away, so you can begin to become familiar with the Energetics being transmitted to you from the Council of Twelve.

So, you see, our first process together is already occurring.....

Now, we wish to give you some information about this Council.

This Collective Council has been formed from vast Configurations of Streams of Consciousness. For the ease of understanding at this time, consider that this Council is comprised of twelve vast and very specific Streams of Consciousness.

Further consider that each of these twelve streams is comprised of many dozens or more of individualized Streams of Consciousness. And these include all the wonderful Beings of Light that you have come to know so well, such as Metatron, Archangel Michael, Archangel Gabriel, the Magdalene, Yeshua, and many others. Now, these Great Beings will come in to any number of these twelve vaster Streams of Consciousness that function as the Collective Council of Twelve.

When we present to you as we are now, it will be from this broader Collective Council. There may be special occasions, however, when one of these Grand Beings will step forward as the Voice of the entire Collective.

[3:41] When we gather in these meetings, the way in which you receive us will be quite different than what you have been accustomed to in the past.

First, there could be multiple Streams of Consciousness, containing multiple Streams of Light Codes and Energetic Frequencies, coming into the Group Collective Consciousness of Ascending Masters of Light.

Each of you, as members of Ascending Masters, will draw from your Group Collective into your personal Stream of Consciousness.....

Next, you will also be receiving our transmissions through your personal Stream of Consciousness, which in turn will enhance your Collective.

So to clarify--
you will be receiving from multiple Streams of Consciousness simultaneously.....

Now, listen carefully, as you will hear us say this to you many times in the upcoming months, that you are being prepared to step into entirely different, multi-Dimensional Energetic Playing Fields.

And that is why it is imperative that you participate in these sessions, so you can create and integrate what is required to support YOU in your Ascension Process... No one, human or non-human, can receive and integrate for you... Understand that it will take time for you to acclimate and assimilate what you do receive in each session, before you can proceed to the next step...

It is our hope that this communication has brought a clearer understanding to you about the Council of Twelve and how it functions.

Though this communication has been brief, realize that you have been receiving multi-Dimensional Light Frequencies from the moment we began today.

We have enjoyed this opening segment with you immensely and look forward to all the amazing adventures, creations, and discoveries that we will embark on together.

We wish to leave you with this to contemplate in your Quiet Space:

Dear Ascending Masters of Light, know beyond any doubt that you as your SoulSpirit are connected to Streams of Consciousness that make up the Council of Twelve.....

Let your discovery begin.....
