

Melainah:

So, stay right where you are
in that quiet, receptive space.

Be aware of yourself sitting within our beautiful Light Vortex Temple.....

And again, be aware of those beautiful eight Sirian Lions,
sitting before you.....

So, we have other special guests today!
So, please welcome the Sirian Archangelic League
as they enter and take their place in the gallery.....

Be aware of the increase in the frequency within our Light Temple.....
And please join me in welcoming AnRaTa.....

AnRaTa:

Greetings, Light Masters,

We have not had the opportunity to visit with you directly in some time,
so we have asked to come forward during the opening of that
which you refer to as the Sirian Lions Gate Portal.

As you have come to know, this time of year on your Planet, with the helical rising of Sirius,
this Portal opens and your Earth is bathed in streams of powerful Light Codes.
You are in the midst of many streaming, refined Energetics,
flowing to *you* from Sirius through this Lions Gate Portal.

Now, you have been receiving these massive Energetics for several weeks.
Tomorrow is known to you as the 8-8
and is the peak of the Portal opening and the flow of incoming frequencies.
And this Portal will remain open for several days following.

So, each of you are and have been receiving the incoming Codes streaming to your Planet.

But, as we gather together within this amazing Light Vortex Temple of yours,
the Energetics streaming to *you* in this moment are amplified even more
due to the highly refined Energetics and frequencies
that comprise this Cosmic Light Temple Vortex.

[3:39] So, we have asked to come forth today to bring to *you*
several specific streams of Light Codes and Energetics
that have been designed for your group.

So, prepare... and receive the influx of the 8-8 Light Codes now streaming to *you*.....

Take a breath.....

So, these Light Codes that you are now receiving will strengthen
and expand your communication channels to the Sirian Star Gate.

They bring a particular frequency that will allow a better exchange of communication with
the entire Sirian Archangelic League, the Sirian Council of Elders, and many other Beings of
Light, like these magnificent Beings sitting before you, who reside or visit our Star Gate, and
who are dedicated to assisting each of you in this group.

We know who you are!!!!

Your communication channels with all the Higher Realms will be rapidly changing,
as you receive and adapt to these new incoming Light Codes.

The Energetics you are receiving into your field of Light will also assist you
in releasing another layer of what no longer serves you in your present time.
And, as the new Codes are flowing to you, open yourself even more now
and receive these luminous Golden Codes of Light from the Spiritual Sun of Sirius.....

Keep breathing..... anchoring these Light Codes into your Unified Field.....

Now, there is another set of Light Codes now flowing into the crystalline plasmic fabric
of your beautiful Light Temple Vortex, where they will be permanently held.

The White Sirian Lions are now standing before you.

Look into their eyes and connect with them, and they connect with you.....

As this connection is made, you will see much activity happening around their forehead.....

Fully open and activate your 2nd Triad and prepare to receive.....
Magnificent Light Being to Magnificent Light Being.....

These beautiful Beings of Light are now transmitting to you
an extremely powerful Holographic Imprint of a new Template
into your 2nd Triad.....

Do you feel your forehead tingling as the Light passes through?.....

D: AnRaTa and the Sirians with a Lions Gate Energetic Gift

[8:49] This Template that you are receiving is not yet functioning. It will not be functionable until your upcoming Light Conference. However, even in its non-functioning state, because it is such a dynamic and powerful Light Template, it holds and already vibrates a certain frequency which is creating a Golden harmonic Hum.....

We are bringing this to you now to give your energetic field and body time, before your Light Conference, to adapt to the placement, the vibration, and the octave of this Template.

We have imbedded into this Holographic Template a Golden Lemniscate, the Infinity symbol. This has been provided to give to you a reference point to easily focus on, and the symbol represents and aligns with the Portal opening.....

So, sit for a moment as this Light Template is set in place
and the transmission completes.....

We are very pleased to have been given this opportunity to bring forth this Template.
We will be with you during your Light Conference
when it is time for the activation of this Template of Light.

It has been wonderful for us to be with all of you once again.

Blessings, Dear Masters of Light!

Joan: With that, we will conclude this Session and give you the opportunity to sit and begin integrating all of the concepts and the Energetics that are slowly manifesting and integrating within the entirety of your Being.

We look forward to being with you in two weeks to complete the Energetics of these upgrades.

So, with that, we will close this Session.

Joan: Blessings!
