

**[Through Melainah]**

So, with that, once again, get comfortable.....

Take a couple of deep centering breaths.....

Be in that Sacred Heart.....

And feel the Element of Love

that is now emanating so strongly from your Sacred Heart  
and the Sacred Heart of this Collective Community.....

So, let us gather now in our magnificent Crucible,

which has served us so beautifully since its inception in 2017.

Let us sit together this last time in this Sacred Space with

all the Grand Beings who have been with us and have assisted us throughout the years.....

Allow all of the Energetics, Light Codes, Dimensional frequencies from all of our Journeys,  
processes, and Teachings contained here to flow through you.....

And as these Energy Streams are flowing, allow your Memory Codes to be stimulated  
and to receive any Imprints that are not already in place

that will be beneficial to you, as you continue your Ascension Journey.....

Remember the Crucible being filled with the Great Winged Ones, the White Fire Dragon,  
the White Lion, the White Whales and Dolphins.....

All the Elementals... All the Masterful Beings of Light who have joined us here.....

Soooo much has occurred for us in this Crucible.....

So be in appreciation for what this beautiful Crucible has provided us,  
as a Collective Community, and to each of us personally.....

Deep breaths.....

As you take one final look around..... [Pause]

It is time to step out of the Crucible.

And we will gather on the outside and form a large circle around the Crucible.

Joining our Circle will be the Archangels Michael, Uriel, Gabriel, and Raphael.....

The multitude of Beings of Light who have been with us,

and who have so diligently assisted us each step of the way these past years,  
will open the necessary Portals and Dimensional Pathways that we must travel through  
to deliver the Crucible deep into the nebulous Void.....

They will serve as our escorts, as well as bear witness to this unprecedented process  
that we each have been invited to participate in.....

[5:00] Bring your Merkaba Vehicle of Light up to 150% Light.....

Now place both of your hands on the Crucible to support it  
as we begin the Journey with the Archangels.....

We begin moving slowly.....

now gaining more momentum...

as we travel through numerous Light Corridors of Multi Dimensions....

and into higher and higher Light Realms.....

Prepare yourself as we reach superluminal speeds

and are catapulted into Hyper-Dimensional Cosmic Realms..... [Pause]

We are beginning to slow down..... and we come to a complete stop.....

Looking directly below you, see a glowing Disc of Light.....

Along with the Archangels,

ever so gently place our Crucible in the Center of the Disc of Light.....

As you feel it lock securely in place, release the Crucible and move back.....

Take the opportunity to breathe in the pristine frequencies and rarified quality  
of this environment.....

Feel the magnificence of the swirling Colors you are seeing.....

Also listen and feel the vibrations of the symphony of harmonious Sounds  
that are surrounding you.....

This space is a unique Cosmic Energetic Morphogenetic Field,  
which is unlike any we have ever visited.....

This space exists far beyond our concepts of Dimensions.....

Take another moment to experience this Magical Realm..... [Pause]

Let's withdraw now to a distance where you can view the entire Crucible...

The Archangels and the Assemblage of many Beings of Light are joining us.....

Observe as the Light from the Disc begins to increase.....

and the Crucible becomes more and more Light filled.....

until it is completely engulfed in Light.....

The Light continues to amplify,

until it becomes so intense that we can no longer look at it.....

Take a Breath.....

[11:23] Over the next weeks, our Crucible will be deconstructed Element by Element.

The disassembled particles of each and every Light Code, Frequency, and Geometry of all the Light Templates, Teachings, and Everything we have done will then be woven into the fabric of the components used in the construction of the Matrix that will be used to create the New Crucible...

These particles will become part of the baseline foundation and frequencies for the New Crucible,

which will be created with 7<sup>th</sup>, 8<sup>th</sup>, and 9<sup>th</sup> Dimensional Cosmic Light Codes.....

Also factored into the new configuration of the Crucible will be the unlimited ability for it to be expanded, upgraded, and amplified for years to come.....

We will leave the Crucible now to all the Master Creative Beings

who have been recruited for this project from throughout the far reaches of the Cosmos to begin this massive undertaking – in collaboration with the Andromedans.....

Before we leave, again be in appreciation for not only our Crucible & how it has served us --

But be in appreciation for your Self -- as a Master Being,

who is contributing by your Presence and participation in this Divine Master Plan which has emanated from Source Creator.....

Take four slow, deep Breaths.....

As you complete the fourth breath,

you will find yourself back in the place this Journey began...

Have certainty that you possess everything you require to move through these next weeks with Ease.

Be in your expanded Merkaba Field as you integrate the latest upgrades from today as well as those from the last meeting.....

We look forward to our next Gathering, which will be on February the 20<sup>th</sup>.

This Session is complete.

Blessings, Everyone!
