

Ascending Masters of Light Level 1 Session 8 6-12-2022
B: Melainah – Entering Our Temple

So, everybody take a breath.....

Be in your Center, in that Sacred Heart space.....

And, if you have not set your Merkaba to 150%, do so now.....

So, let us travel to our Cosmic Light Temple Vortex,
where we will gather at the base of the steps.....

As you ascend each of the steps, today,
honor yourself for the Journey that you have taken
and that has brought you to this moment in time.....

Allow each ascending step to prepare you for all that will occur today.....

Let's enter our magnificent Temple of Light
and make your way to the Crystalline Bridge....

You may notice that there are now trees and flowers growing
on both sides of the stream.....

There is a misty quality, now, to the Air.....

Quietly enter our grand gathering chamber and take your seat.....
And, while everyone enters, feel your seat conforming to your Light form.....

Remember to receive today's transmission from within our Crucible of Light.....

So, please welcome the League of Gabriel and the League of Michael
for the opening of today's session.....
