

In the 2020 Conference, we were gifted with the 12th Dimensional Imprints
from each of the Great Beings representing each Element.
We then gifted those Imprints to the Earth and to the Inner Earth communities.

And due to our continued service to the Earth, the Elemental kingdoms, and the Inner
Earth communities, we are now being gifted with the opportunity to begin to transform
and transmute some of the blocks and distortions that have and are affecting our ability to
return to our original state as Light Beings.

You were asked a few days ago to sit quietly & have an honest discussion with yourself.
And these questions were presented to you:

Are you ready to take the next giant step on your Ascension Journey?
Are you ready, in this present moment, to begin to rewrite and change
the narrative of the past, which will in turn change your future?

Now, these questions were not presented lightly,
as you are the only one who can answer and make the commitments for you.

You have been on this Journey long enough to know that making big commitments
can result in major changes, that may not always appear to be positive.
In fact, they can be very disruptive. And knowing that, what do you choose right now?

So, since we began this master series in January,
each gathering has been vitally important and significant,
and they will continue to be so.
And each step will require you to make a conscious decision.

So, if you are ready, let us begin.

Today will be one of those Journeys that although we are together
as a Collective Community, you will experience the Journey individually.
Once we pass through the doorway, there will be only you.

We will now exit this grand meeting chamber
and cross back over the crystalline bridge and into the entryway.

And as you listen to these directions and begin the walk,
everyone else will fade from your view.....

This is *your* Sacred Ascension Path.
This is for *you*.

Once you cross over the gentle waters and are off the bridge, turn to your left.....
As mentioned earlier, there are now plants and flowers growing along the stream.
And as you walk alongside the stream, the foliage becomes thicker.....
Continue to follow the Path and you will come to a small footbridge
that will again cross the stream.
Continue walking until you come to a set of doors, which appears in the foliage.

Take a deep breath... step forward, and the doors will open.....

You are entering a small chamber that is a replica of our massive Light Temple Vortex,
but there are no seats and there is no gallery.
However, the Energetics here are exactly the same
as those in our massive Light Temple but are more compressed.

You have entered a Cosmic Alchemical Transductive Realm,
which is way beyond our current understanding of physics
and perception of space, time, and matter.
The Twelve Columns are here and are fully lit and radiating with the Presence
of the multitudes from the highest Light Realms who comprise the Council of Twelve.

As you enter, you will see the four great 12th Dimensional Beings
from each Elemental Kingdom, standing in their respective directions,
with the White Flame of Illumination in the Center.....

Now take your place between the White Whale & Dolphin and the White Fire Dragon,
and greet each Being.....

Take a moment to feel into this environment and the atmosphere.....

There is a viscous quality to the air and the atmosphere surrounding you.
You know this to be plasma.....the primordial Essence of Creation,
which we have been referencing as the 5th Element.

We are now being gifted with a higher, more expansive and complex understanding
of the 5th Element.

Breathe in this life-giving Essence, which is the Master Element that creates
and is contained in everything, including you.
It is the complete Unified Force that creates Love and Unity.

Take another breath, as you energetically receive what has just been given to you.....

[7:57] Sacred Fire: So the White Fire Dragon steps forward, turns & stands in front of you.

Welcome, Dearest One. Five years ago in your time, I asked if you were ready to make the commitment to walk through the Flames to unlock that next iteration of the 7th Dimensional time lock. Do you remember?

Today, I again ask you for your response:

Are you ready to step into this Alchemical Flame,
to alter, with the Element of Love,
that which does not serve your Master Journey of Ascension?.....

Your response is accepted and is witnessed
by all the many Beings who are present with us this day.

If you take my hand, I will assist you as you step into the White Flame of Illumination.

And as you do, the Flame will grow around you

and you will be fully engulfed in a 10-foot Flame, but it will not burn you.

With your Intention and request, allow the White Flame of Illumination

to reveal any dark implants or imprints,

which have been hidden from your awareness for eons, and also those that

have recently activated as you have increased your vibratory rate and Light Quotient.

Take notice of where they are on your Etheric Body.....

Now that you can see them, remove each one and release it into the Flames.....

Let each place be filled with Liquid Light,

as the Flame cleanses and cauterizes each wound.....

Release, now, all that no longer serves you

or impedes you from returning and remembering your original state.....

Now, as you continue standing in the Flame, everything contained in this environment

will now begin to spin, at a very high velocity, including you and us.....

When the spinning stops, turn to your left and see a corridor has opened for you.

This is a pathway to what you would refer to as your past.

Go into the corridor, where you will move swiftly.

Go as far back in your Journey as needed,

to the point before any implants were ever put in place.

Take a breath and stay conscious.....

When you have reached that point, turn around and standing in the full power of your

Mastery, go back through the corridor while *emphatically* expressing that you do not

consent: You do not consent to any dark implants, imprints, thought form viruses, or any interference from any outside source which does not support your true Essence or your

Prime Directive.....

Returning to the Flame, now, look to see if any other implants have been illuminated.
If they have, remove & release them into the Flame & fill those spaces with Light.....
With the cleansing and the cauterizing complete,
once again the entire environment spins at that high velocity.....

When it stops, this time turn to your right
and you will see another pathway has opened before you.
This corridor is filled with pure, brilliant White Light and is the pathway of your future.

Travel the corridor until you are met by a future version of yourself
that you will not see but will be aware of.....
This future you will place a newly created crystallized Ray of pure Healing Light,
where each of the dark implants had been.....
With this gift, those that have been removed are now removed for all time.....
The future expression of you is now giving you
a bundle of these crystallized Rays of Healing Light to take with you.
Before you leave, ask if there is any Wisdom that you can receive and retain
to bring back with you into present time.....

Return now back through the corridor to the Flame of Illumination.
Once again, prepare for the spin to occur.....

As it stops, turn to the left and re-enter the corridor to the past
to the same point before the dark implants.....
Turn back toward the Flame, traveling the corridor
and leaving a crystallized Light Ray anywhere that a dark implant had been given.
As you do this, you are changing the frequency of the past and any choices you made
that were influenced by the dark implants.

By alchemically changing the Frequency to Light that is encoded with the Element of Love,
it will alter your narratives of any perceived harm you received and also that of anyone you
may have caused harm along your journey..... They too will now have an opportunity to
change the frequency of their narrative, if they so choose.
This gift will be one of your legacies to Earth and humanity.....

Return to the Illuminating White Flame.....
Do a final release, filling yourself with transformational Light.....
When you are complete,
the Flame will recede to its normal size and you may step out of the Flame.

I am honored to have participated in this part of your Journey today
and to have witnessed your growth into Mastery.
Please prepare for the White Whale & Dolphin. Blessings!

[21:58] Sacred Waters:

With the Element of the Sacred Waters, we greet you.

Prepare for the environment to again spin.....

As it stops, you see that the environment is now filled with plasmic water
that comes just above your knees.

Sit, lie back, and fully immerse yourself in the beautiful Aquamarine Sacred Water.
This Sacred Water has been encoded with specific healing Elements to remove any
residual debris from your earlier release and from your emotional and mental bodies.

Be in deep relaxation and float as you are embraced in this Primordial Creative Essence.
Surrender all thought and all resistance in this extraordinary moment.....

We are most pleased to be with you and to support you on this ongoing Journey.

When you stand, the chamber will begin its spin.....

When it is complete the Sacred water will have receded
and you will be greeted by the Winged Ones.

Blessings to you.....

Sacred Air:

Beautiful One, with the flutter of our wings we will dry you and seal the Healing Codes
from the Sacred Water into your Light Body and Unified Field.

Deeply breathe in the Sacred Air that is surrounding you.....

Allow it to fill and lift you as you remember

that each breath is sacred and is encoded with the Element of Love.....

Remember and allow the higher Iteration of the Sacred Codes of the Air Element
to carry the whispers of the Ancient Ones and *your* Ancestors to you.

We are honored to witness your transformation.

As we step back, prepare for the spin once more.....

And when complete, the White Lion will be waiting for you.

Blessings.....

[26:46] Sacred Earth:

Blessed One, welcome to this beautiful oasis where all the Sacred Elements
exist in splendid beauty and unified resonance.

Everything here before you is green and lush and vibrant.

It is filled with trees and beautiful fragrant, exquisite, tropical flowers.

Hear the birds singing their songs of Joy.

Feel the gentle breeze and breathe in the purity of the Air.

There is a small pond that is filled with the Aquamarine Sacred Waters.

And there is the White Flame of Illumination burning in a rock alcove.

Join me here, alongside the pond, and feel the softness of the grass under your feet.....

Lie now on this bed of grass and rest in the beauty,

the peacefulness, and harmony that is found in this place.....

The Elementals and the Devas have come to tend to you.

As you drift into deep relaxation, I will watch over you.....

Allow the nurturing Elements of the Earth to assist you in grounding

all that has occurred today into your Unified Field and into your physical body.....

What you have accomplished today is beyond remarkable.

You have not only re-written your personal narratives,

But you have also created a new template

and a new paradigm for healing and transformation,

which will be woven and encoded into the 5th, 6th, & 7th Dimensional Grid of the Earth
by the Elemental Beings.

This will not happen immediately.

You must first integrate and establish the new Template within yourself

so it can be grounded and received by the Earth.

Now, you may stay here for as long as you like.

When you are ready to leave, you will return to your personal space.

It has been a privilege and an honor for all of us,

to have witnessed and participated with you in your Sacred Journey.

Allow us to now bathe you with the highest frequency of the Element of Love

that you can hold.

This session is closed.

Blessings, Beloveds!
