

John's Review of the last session of 6-12-2022:

Today's session will build on the Energetics and concepts
that we began to put in place in our last session.

In our last session,
the Leagues of Michael and Gabriel transmitted Holographic Projections
into our Energetic field
that will continually be used to upgrade our ability to create stably and coherently.

They told us that both the League of Michael and the League of Gabriel
will remain with us as we journey into the Ascension process.

They will be with us to guide, protect, and transmit
refined pure Light Frequencies from the Realm of the All That Is.

Then they led us to draw from the many Attention Points
that are within the spinning Triadic system.

These Attention Points will assist us to concisely create what is needed.

The Council told us that our ability to weave different Energetic components
of the expanded 1st Triad and all of the Triads
will lead us into levels of Ascension that we cannot perceive at this time.

We were led to draw the many upgraded Attention Points
that are within the 1st Triad and
interweave them into the 2nd Triad
through the spinning of the Eye of Horus, the Pineal, and the Medulla Oblongata
To create Liquid Light and also a Golden Nectar Light
which begins to alter the communication system within the body
so it begins to function at a 5th Dimensional level.

Next, Joan and Melainah discussed the dark imprints
that are activating at this time.

They were scheduled to activate when we could hold higher Frequencies of Light.

Review, cont'd:

Melainah then led us in a profound process
that would change the narrative of the dark implants:

The White Fire Dragon asked us to step into the Alchemical White Flame
that alters anything that does not serve us with the Element of Love.

The White Flame of Illumination reveals any dark implants
that have been hidden for eons.

Those have activated as we have increased our Light Quotient.

The White Fire Dragon instructed us to remove each one
and release it into the Flames which will fully engulf the imprints.

They took us on a Journey into our past
to a point where the implants did not exist.

When we reached that point, we stood in our full Mastery
and expressed that we do not consent to any implant
that does not fully support our Prime Directive.

Next, we traveled to the corridor where we met our future version of ourselves.
Our Future Self placed a crystalized Ray of pure Healing Light
where each implant had been.

All the implants that have been removed are removed for all times.

[3:50] The Itinerary for today's Teaching, now, are as follows:

- We will have an open discussion led by Joan and Melainah.
We ask that all those who would like to comment on the Energetic process
that we have received so far to please do so.
- Next, Melainah will lead us into our Cosmic Crystal Crucible
where we will take our seats with all members of our Crucible.
- Then, we will have an opening meditation through Joan
with the League of Gabriel
- Following our meditation, we will have a Teaching session led by the Council of
Twelve, and they will present upgrades to the entire Triadic system.
- Finally, there will be a closing meditation led by the Council of Twelve
to heal another segment of the mental-emotional body.
