

Melainah:

Seating Diagram: Before we get started, I have made a rough graphic of the configuration of the seating within the Light Temple today.

The presenters sit in these two crescent shaped rows.

The rest of us are sitting in two crescent shaped rows across from the presenters.

The chairs for Joan, John, and myself are in the center of the first row of non-presenters.

And the second crescent row on each side of the Table is raised up.

[1:17] Entry into the Temple:

Everybody sit back and relax.....

Let's get started...

Everybody take a breath.....

And let us gather at the base of the Crystalline Stairway.....

Today you will find everything has been blanketed in the mist.....

Since we last met, additional steps have been added.

There are now 7 steps.....

The landing at the top will be the 8th step.

So, we are sure that you now are aware

that these "steps" represent different frequencies.....

And they have been designed to assist each of us in raising our vibrations & frequencies to the levels needed

in order for us to receive the Transmissions and Energetics given.

Joan and John are waiting for us at the doorway of our Light Temple.

So take another breath..... And let us begin.....

Now, as you take the first step today, be fully present in your Sacred Heart Center.....

And as you continue ascending steps 2, 3 and 4 --

Raise and set your frequency to your desired level for today's meeting.....

On step 5 -- Set your personal Intention for this 2023 Ascending Masters of Light series...

On step 6 -- Be aware of yourself as the magnificent Soul Being that you ARE.....

On step 7 -- Place your awareness on your brilliant Unified Toroidal Field.....

and Notice that the Fire Codes of your Prime Directive are radiating throughout your entire Field.....

Take the 8th ascending step to the landing.....

And as you do, take a deep in-breath, and exhale with "I AM".....

[5:17] You will notice that everything here is also shrouded in mist.
So take a few seconds and embrace and be embraced
by the Silence held within the gently swirling mists surrounding you.....

As we begin to move forward, a pathway will open in the mist
as we make our way to our Light Temple,
which too is completely shrouded, other than the front entryway,
where Joan & John are waiting to lead us in.....

Entering the Sacred Temple of Light,
we will cross the Crystalline Bridge
and then into our meeting chamber.....

As explained earlier,
today's presenters will take their seats together in the 2 rows of tables at the front.
And for those of us sitting in the gallery, your personal seat will light up for you.....

Now that we are settled,
take another breath
and prepare to welcome the Council of Twelve.....
