

Melainah: We'll continue.....

Entering the Light Temple now are the 8 White Lions and Lionesses from Sirius
that you met in the last Light Conference...

Before entering our Inner Circle,
they stop and turn toward the entry of the Gathering Chamber...

Entering and joining the White Sirian Lions
are 8 magnificent, almost translucent Lions and Lionesses
from the ancient Star System of Lyra...

Escorted by the Sirian Lions,
they enter our circle and pass in a loop in front of each of us.....

Please welcome all 16 of these majestic Beings.....

This is the first formal Gathering of these Ancient Beings of Lyra with Earth Humans
in millennia.

Their return today has been made possible by the Elders of Lyra,
through the opening of the Sirian 8-8 Portal, in collaboration with
the Elder Councils of Sirius, Arcturus, the Pleiades, and Andromeda.....

They have chosen to return at this time
to assist us in awakening deeply veiled Memory Codes.....

The 8 White Sirian Lions and Lionesses and the 8 iridescent Lyran Lions and Lionesses
are creating an alternating and balanced circle in front of and facing you,
comprising of a Sirian and then a Lyran Lion or Lioness.....

Now that they are all in position, they sit and then and lie down.
And with that, all of us in the Temple take our seats.....

So, take a breath.....

Now, as you place your attention on it,
the Golden Infinity Symbol and Sirian 8-8 Light Template
you first received last year at the 8-8,
that were activated during our Conference,
are vibrating at an increased rate.....

[3:33] The White Sirian Lion or Lioness that came to you in the Conference

is standing in front of you now.

As you are eye to eye, this beautiful Being begins to transmit
and activates the 8-8 Template and the Golden Infinity Symbol
to its next octave and iteration.....

As you receive these greatly enhanced 8-8 Light Codes from our Central & Spiritual Sun,
they begin activating immediately.....

Breathe in as the vibrations are increasing
and the Infinity Symbol and Light Template expands even more.....

As you allow these Frequencies to fill
the entire 2nd Triad, your Throat Chakra and your Crown Center,
changes are already occurring.....

Coming to stand next to the Sirian White Lion or Lioness
is one of the Lyrans or Lionesses.

Take this moment in,
as this magnificent One stands before you and locks its gaze with yours.....

Breathe in.....and exhale.....

This Ethereal Lyrans Being begins transmitting very different but coherent
Light Frequencies and Ancient Codes,
which are being received and will be held by the Golden Infinity Symbol and Template,
to be activated at a later date.....

Ultimately these Frequencies and Codes will contribute to the Golden Infinity Symbol,
becoming more multi-layered and multi-Dimensional.

Once this activation does occur, it will take us many months to embody and understand
how significant these Sirian and Lyrans Plasmic Light Codes are
and the possibilities these enhancements might provide for us.....

The Infinity Symbol at this level is about your Divine Eternalness and Sacredness.....

With the Transmissions complete,
these amazing Beings return to the inner circle
and now form an Infinity Symbol as they lie together.....

Take another breath as you are integrating these massive Energetic Frequencies.....
