

Melainah re next class date:

Right now, we're going to tentatively schedule our next session for September 17. We're going to see how things go, and I'm sure you Guys can understand that, because these Energetics are huge. We all have to be ready to receive what's next. We know right now there will be at least two more sessions before we close this year's series. And we're excited about what's to come.

Joan general comments and comments from the Council of Twelve:

I have one more thing. Sometimes you talk about Gratitude and Blessed. Oh my! Even though this last year's been very difficult for me, and it will continue -- not difficulty but acclimating to a different state, not a state of Being so much as my state. And there's a Void right now that I have not experienced before, because John and I were together for soooo long. And it didn't mean that we agreed on everything, 'cause we most certainly didn't! But on the main things, we were on the same page. And it will take me some time to make this adjustment. So, I ask your patience, because some days are good and some days not so much.

This morning as I was awakening, the Council was talking to me about some comments that they were asking me to make about the upcoming sessions.

So, I'd like you all to take a deep breath.....

And be very present and alert in this moment.....

Another breath.....

There are a few things that I was guided to discuss with you,
so please pay attention.

First, I would like to stress to you that our group has committed to a three-year series of Ascension Teachings. And you know this. And you are so committed.

This is an accelerated, fast-track series.

It contains not only the concepts of steps of the Ascension process but also the massive 7th Dimensional and above Energetic Holographs that we will continue to draw from for years after the completion of this series.

You know, once Kuthumi also said to me – he must be with us in this Council, because I haven't felt his Presence that tangible in a very long time.

He was just saying you never, even at a Master level, you never stop evolving, especially in your relationship to the Source of your Being.

So that continues eternally.....

So, I thought that was important for you to recognize when I'm telling you that these Holographs, you will continue to draw from for a long, long time.

[4:36] Joan continues with comments from the Council of Twelve:

We were given a Prime Directive in 2020, in that Conference,
that was then supported by the Energies of the Light Prisms
that came in at a 5th Dimensional level,
because that's all we could handle at that time.
And it took an entire year for us to really get that and use it.

And it's now upgraded to the 7th Dimensional sequence of Holographic Templates.
And it will continue.

You know, these Prisms are massive Prisms coming directly from Source
and they have no limitations as to time, space, or dimension.
They're massive.

So when they are brought in at a certain Dimensional level in a Holographic [Template],
we will continue to draw from that until we can acclimate to a different level.

This Holographic Template of the Light Prism was followed by
the upgrade in your Light body to 7th Dimension.
And that was a big deal.

And I don't' think we fully.... We thought, "Oh! Great! 7th Dimensional Light Body!"
We didn't really realize how significant that was.

One of the most significant and important Holographic upgrades
that we were blessed to receive
was the 8th Dimensional Light and the 8th Dimensional Light Template
that we have just now, after a year,
started to draw from in earnest and receive the life-changing Energetics.

When the fall of consciousness first began, it was because of our miscreations that
we could no longer access the 8th Dimensional Light or the Light Template.
In that instant, we lost any awareness of our Unity with The All That Is.
Our Image and Similitude knowing was severely fractured and remains so to this day.
And they asked me to have you sit with that knowing now.....
Feel the devastation of that separation at a personal and Collective level.....

Take a deep breath.....

Present..... Aware.....

[8:06] **Joan continues with comments from the Council of Twelve:**

With the 8-8 Sirian Blessing that was received just recently
all of that will change in the many Teaching sequences
that are to come in the remainder of this year and into next year.
We have so much yet to do and to experience.

The activation of the Light Packets and the Upgrades within our DNA system
were so important that many of us missed just how significant these upgrades were,
Thinking "Oh, OK, when are we going to upgrade and open the
11th & 12th Strands of DNA because we've been told we have 12 Strands of DNA?"
[An aside from Joan: And I'm here to tell you there are more than 12.]

It opened the door,
this upgrade with the Light Packets and the upgrade in the DNA system, for us to
begin to activate further Upgrades that would be needed to heal the fracture,
that I've just spoken about,
in our full awareness and knowledge and experience of our Similitude,
that is far different than our Image.

I think we get the Image, but that Similitude is the actual Energetic, creative Energetics
of the Source of your Being – that's totally different.

So why am I bringing this up at this time?

You must begin to understand that being on an accelerated track of Ascension
is no easy Path -- It will take your dedication to receive the concepts.

You must set this as a priority so that you can experience
the massive Holographic Energetics that will be required of you
so that you can gradually assimilate them in your own unique way.
We are all wonderful aspects of that Similitude.

You will only know and understand these concepts
when you have experienced the Energetics.

Your dedication to this project will extend
into the years following the end of the current segments.

Your Ascension process will continue for as long as you remain in a human body
and even afterward at that Master level.

Melainah and I are so excited at what we see on the horizon for all of us,
as well as those new Souls coming into physical embodiment.
This will be not only our Legacy but our Gift to them,
as they continue to help Humanity and Earth to come back to its original state.

[11:25] **Joan final comments on this session:**

So, at that, I think we will close our session.

I don't want to belabor it.

There was a lot of wonderful comments and understanding
that derived from this conversation.

And I think these conversations are so needed as we progress,
because it exhibits your mastery to each other in your own unique way.

So, it's not any more about the questionings or confusion.

That doesn't seem to be present.

I mean, you may have a question, "Well what do you see....

How do you see those Seed Crystals or how do you see this light up or that light up?"
because you're so unique.

And to be able to share that within that Community –
it draws that Community in such a unified position.

So, hopefully that we can do this a little more often.

But again, I ask your patience,

because some days are better than others for me.

And when I am in a certain emotional state, I will not channel,
because it's not productive.

And I am so conscious of my duty as a channel to not only be open to the messages
but to deliver them intact, as they are received.

And I can't do that if I'm having an off day. I will not do that.

It is not in the Highest interest of this Group, of which I value you all,
because we help one another to get to the places that we have experienced this year
and not one of us is more important than the other.

So, I really am in very deep gratitude to all of you.

So, with that, we will close our session.

Thank you so much for joining us.

Melainah: Blessings, Everyone!
