

Ascending Masters of Light Level 2 Session 2 03-26-2023
A: Intro and Centering Meditation

John: WELCOME! to all our friends.

So the 2nd Session of Ascending Masters of Light, Session 2, March 26, 2023.....

We have prepared ourselves for this session
and are seated in our seats in our Light Temple Crucible.

Today is a continuation of our group presentation.

Joan: Hello

Melainah: Hi everyone

Joan: We are so happy that everybody has joined us today.

Melainah: Hi everybody, we are happy to be back!

Today is a continuation of our opening segment, part two.
As we ended last week, we said this past week -- consider it an intermission.

So, be aware of yourselves within our beautiful Light Temple.....
The Energetics are still all in place for today's group's presentation.....

So, everyone take a breath.....

Those of us in the Gallery, let's once again open ourself to be in receptive mode
for today.

And again, visualize yourself sitting WITHIN our Crucible.

As the receivers of the transmissions and as the presenters of the transmissions.....

Breathe in the beautiful Coherence within this magnificent Chamber.....

Take one more in-breath..... Exhale.....

And now we'll turn this over to DiAna.....
