

**Council of Twelve:**

All twelve Streams of Consciousness of this Ascension Council are intertwined and operating coherently with each other at levels and states of Consciousness that you cannot imagine. They are an integral part of the presentations and the transmissions of certain energetic components that will be necessary for you to receive in full as a *Stream* of that Consciousness.

You must realize that now your thoughts and discussions are emanating from your Stream of Collective Consciousness. You are an important and viable Stream of Collective Consciousness of the whole Council of Twelve. When you say things or wonder where certain thoughts or concepts came from, you will soon see that they originated from your unique Streams of Collective Consciousness. You will not assume that they came from Beings such as Michael, Metatron, or the Council of Twelve as a whole.

You are arriving at a new refined State of Being. As you allow this State of Being to take root by cultivating it in your awareness, you will no longer perceive yourself as separate from the Council of Twelve. You will soon begin to realize just how entangled you are as a participating member in the Collective Consciousness of this Council.

This is something that can *not* be taught. No Teaching could ever explain to you what Collective Consciousness is. An instruction will never show you the Quantum level and how that affects the entire Quantum Field, which is massive.

This state of Consciousness must be experienced. Then, you will know it.

Every time the Council as a unit manifests within the Field of your Crucible, you are part of *that*. You are not separate from it. You are a unique Member of the Council. This is a very valuable energetic concept that we are asking you to take in at this time, because each one of you set the template and the parameters that allow all Members of the Ascending Masters Community to be fully realized Members of the whole.

We are transmitting this Collectiveness of who you ARE in all of its beauty as Members of a vast Collective Consciousness of the All That Is.

We are asking you, at whatever level or whatever State of Being that you now energetically possess, to always keep this Knowing in the forefront of your 3<sup>rd</sup> Eye and the Eye of the All That Is. You are required to attain the singular focus of this State of Consciousness before the end of these sessions.

[5:14] You are the ones who are creating the valuable Energetics that bring the entire Community of Ascending Masters of Light into the full Membership of this Ascension Council.

As a unified Group of a Council, you were given a Prime Directive and a very specific duty to bring and manifest the physical dimensions that are required to bring a planet and a human expression into its foremost and forthright expression.

These Streams of Consciousness are not just one line, not just one thing; they are a Collective Consciousness Stream that emanates from the Source of All That Is, which is a very complex, energetic, massive Stream of Consciousness. Each of the twelve Streams are unique amongst themselves. Members of this Council are Members of this Crucible.

As human Members of Ascending Masters, you have a viable unification with a massive Stream of Consciousness. Each individual persona varies in a Stream of Consciousness in which they came into this Council. All twelve Streams are unified in that Prime Directive of their purpose. So, they bring individual energetic components. Each Stream is massive in ways you cannot imagine at this time. You bring unique energetic concepts to the Ascension process. Each individual is irreplaceable in that process.

You are unique in that you have a personal Directive as well as a Directive that is related to a Stream of Consciousness within the Council itself. Your personal Prime Directive is important, because it makes the Stream of Consciousness that holds a Prime Directive but then expands into the entire Council and Crucible, because they become unified in one expression of the Council of Twelve. They are never separate; they are always entangled. They are an integral part of each Stream, and each Stream is an integral part of the Crucible, not only at the human level, but in variable levels such as the Arcturians, the Sirians, the Pleiadians, and the different Collective Realms that are involved in this Crucible.

We now want to talk to you about the project that the Council as a whole asked you to engage in, in order for this Council to function in a way that it was intended in the Prime Directive it was given. You, as the human massive individual Stream of Consciousness, that is perfectly entangled within the Quantum Field of the Council of Twelve, were asked to research four main topics: What is the Quantum Field, and what is Quantum Entanglement? What is Singularity, and what are Fractals?

[9:49] The two Presentations that were brought forth from each Group's research conveyed a new-found awareness of your personal Collectiveness. Through your research, you got the scientific and mathematical understanding. The science of physics brings that into your understanding through different geometries, different mathematical equations, from the very minute Planck level to a bigger expression like a cell or a molecule. It's perfectly interwoven in a vast expression of Collective Consciousness.

That is very hard to articulate at a 3<sup>rd</sup>, 4<sup>th</sup> dimensional level of your language. You have to start somewhere to get the basic physical properties of the transmission, because you often see yourself as separate from other Members of the Council. And, of course, this is false.

You do have a singular expression that is unique to *your* Soul-Spirit, and it is perfectly entangled within the Quantum Field of the Whole. These are Streams of Consciousness that are an asset to the whole Council. It's a massive Collective Stream, so the Singularity value brings a uniqueness to this Council from a physical perspective.

Think of a council, a city council that implements how a city is run. You, as members of the council, have voice from your unique expression of your Divinity and Collective Consciousness. When we meet, you have a voice, and you also have a Collective Voice.

Have you ever heard the expression, "The Council has spoken"? It is an agreement of those twelve Streams of Consciousness as they operate in that unified expression that creates an outcome.

The outcome and goal here is Ascension, Collective and individual Ascension, although, at the level of The All That Is, there is never any end to an Ascending Consciousness.

#### Closing:

Take a deep breath.....

As the Council of Twelve, we can see by the Energetic Signature that you are emanating, that you understand this at a different level, that you now know that your Streams of Consciousness are part of the All.

We want you to hold onto this State of Consciousness, but most importantly that you hold onto that Energetic Signature that you are emanating from the core of your Collective Consciousness.

Take a deep breath and *feel* that Energetic Signature that is radiating from your Souls, your Spirit, and your Consciousness.....

[Pause]

[14:50] Your physical body and your body consciousness is changing dramatically since you have been working with Light Prisms and working with the physical body at a cellular and molecular level.

Now we are asking you to step up one more step, where you can feel your Collectiveness in the Crucible.

You are a multiple expression

that is unified and forever entangled with the whole of the All That Is.

You are unified and entangled with the Community of Ascending Light Masters, as well as part of the Crucible and the Cosmic Quantum Light Temple where we all meet, converse in a unified expression that has purpose and design.

The multiple Collective expressions of yourself will take some time for you to fully integrate.

You accomplish this integration by continually allowing yourself to *feel* what that feels like when we are together.

Pay attention.

Even when we are not speaking, feel how the Unified Field of you has changed and will continue to change in the coming year of your time.

Let us sit in the Energetic Field of the Cosmic Light Temple, in Unity.....

*Feel* how the massive Light frequencies dance within the Crucible Membership.

*Feel* the Collective Unity.

Sit in this Field & transmit your Signature of your Collective Stream of Consciousness.....

[Pause]

Together, We, as the Council of Twelve, will close this session.
