

**John:** Welcome to our 4th Session of Ascending Masters of Light, Level 2 program.  
Joan and Melainah are our leaders today.

We obviously are happy to see everybody and have everybody here with us.

We will receive a lot of new information and energetic changes in this Session.

So, be prepared and hang on!!!

Today, Melainah will lead us off. Heeere's Melainah!

**Melainah:** So, this new graphic behind Joan and I –

thanks to Kimberly's creative expertise, we have the seating configuration.

As we told you at the end of last Session, it has changed.

And this graphic is going to try to assist us in having somewhat of an idea  
of what this new configuration looks like.

Now, bear in mind, we are attempting to explain a non-physical environment  
using the physical representation of a graphic.

So, as you see, our seating is now in the circular configuration.

And our seating is no longer on the floor!

We are moving into one of the sections of seating.

Now, I'm going to explain to you kind of how Joan and I visualize it.

But how you all come to visualize these changes is perfectly OK.

So, we kind of see at the bottom of the graphic, where you enter –

if that's our entryway, you go straight across the floor.

It's kind of in two sections, but let's pretend it's one big section.

That will be our section – this is where we will be seated. OK?

As we know, the Gallery seating is massive. So, it goes very high, much higher than this  
graphic depicts, and each section is very wide with many rows of seating.

Your personal seat has been placed within our section.

And it will be located wherever you choose it to be.

Now, for your reference, Joan, John, and I will be sitting in the middle of our section.

When we enter the Light Temple and Chamber today, we will be the only ones present.  
The Council will join us later.

And, by the way, the Temple is still shrouded in mist.

So, let us now gather at the doors of our Light Temple.

And, if you did not already prepare yourself, by ascending the Crystalline Staircase,  
please do so now, and we will gather at the doors.
