

Through Melainah:

Now we will talk about Communications and Sounds.

Now, that you have a better understanding of the multiplicity of yourself,
prepare to be stretched even more.

The non-physical Members of the Council in this very moment
are assisting us in understanding that how we receive their Energy Signature
and how we receive information is changing.....

No longer will the Council use the word “channels”.
Instead, the description will be “transmissions, communications, translations,
messages”, or simply “sharing Energetic information”.
Since we are all Members of the Council, information is no longer channeled.
It is brought forth from the Council at large, of which you are part.
So, you are both part of the creation of the transmissions
and the receivers of the transmissions.
For now, the communications will be voiced through Joan or Melainah,
as we still require the information to be transmitted and translated.

Now take a breath.....
Place your awareness on the 12 Crystalline Columns surrounding us
that represent the 12 streams of Consciousness of the Council.
These columns are massive, and they go from the floor to the ceiling...

With your expanding awareness of your own Light,
allow yourself to again feel the up-shift in the Energetics within this Chamber, as
the non-physical Members of the Council of Twelve light up the Crystalline Columns
with the luminous Radiance of each Stream of Consciousness..... [Short Pause]
Suspend all rational thought and allow the Light frequencies to flow to you,
as the Energetics intensify..... [Short Pause]

Take a breath...
Beginning now, you will no longer receive these transmissions
through your physical ears or bodies.
These transmissions are Coded frequencies,
containing Geometries, Light, Color and Sound Codes.
As of now, you are receiving these
through your Consciousness, your Light Body, and Unified Field,
which will then be translated to your physical body.....
You may feel the recalibration occurring..... Continue to breathe..... [Short Pause]

[7:19] This magnificent Cosmic Temple of Light is also an acoustical Chamber for Sound.

This Chamber, by Quantum Alchemical means,
is now separating and transforming Sound frequencies from the words,
so that we now receive the fullness of the Energetic frequencies,
as they are carried to you and received by us on Sound Waves.
The Sounds are being emitted by and amplified through
the entire Crystalline Light Temple.....no longer from our voices.

You are receiving these frequencies in "Surround Sound"
from every Plasmic Crystalline particle
that comprises this incredible creation of rarified and radiant Light.....

Take another breath.....

There is so much occurring and changing within your Consciousness and Unified Field.....
Your Higher Mind has just been activated to never-before levels..... [Short Pause]
as it also expanded..... [Short Pause]

Your ability to hold Light and frequencies are unlike anything we have known
before these moments..... [Short Pause]

Take another breath.....

Conclusion:

[13:33] Since we began today, soooo much has changed.
The frequencies you now hold and are immersed in are powerful
and will have long-term effects on all of us in ways we cannot even begin to imagine.

There is a learning curve in receiving
these transmissions, Energetics, and communications in this new way.

Now that we *are* occupying a 5th Dimensional body awareness,
along with the masterful presentations done by the two groups,
the Quantum foundations are now in place.

Be gentle with yourselves,
as you allow all the Energetics that have been transmitted to you today
to continue to flow and be integrated.
We believe you will be amazed.....

So, let us sit together for another moment and then we will continue..... [Short Pause]
