

**Melainah:**

So, everyone take a breath..... Be present and aware.....  
There's a lot of Light frequencies moving throughout your physicality  
and your Unified Field.....  
So take one more breath.....

So, from where you are seated in the center floor area of our beautiful Temple,  
be aware of yourself,  
as this temple of pure Crystalline Light spins and spins around you.  
And as the momentum increases, the temple transforms,  
and you are surrounded by the pure, spiraling, Crystalline Light.....

So back in the 2020 Light Conference, we were gifted the holographic-etheric imprint  
of the 12<sup>th</sup> Dimensional frequencies of each Element,  
by the Master Light Being representing each the four Elemental Kingdoms.....

It was transmitted to you that all of the Elements are a part of who you are.  
However, one of those Elements is personal to you  
and is associated with your zodiac or your sun sign.  
That Element came in with you and informs all that you do in this incarnation.  
You were encouraged at that time to learn more about that Element.

So, due to the tremendous leap in our Consciousness since 2020,  
we are now prepared to receive the next upgrade.

So, take another breath..... Prepare to receive.....

So through the swirling mist and brilliant crystalline particles of Light,  
the magnificent 12<sup>th</sup> Dimensional Being of Light that represents the Kingdom  
of *your* primary Element comes to stand before you.....

Which of these grand Beings is here for *you*?  
Is it the White-Winged One?  
The White Lion?  
The White Whale and Dolphin?  
Or perhaps it's our old friend the White Fire Dragon?

So, please greet *your* special guest.

[4:41] This Master Being begins to transmit this communication to you, stating

*"I am honored to be here.....*

*With the level of Light frequencies you now hold  
and the impressive expansion of your State of Consciousness,  
I am with you today to activate the 8<sup>th</sup> Dimensional influence of your primary Element  
which will be permanently held in your Earth Star.....*

*With your permission, I will proceed.....*

*With this activation, your Earth Star is now radiating with a brilliant, brilliant Light  
and will slowly begin emitting an entirely different frequency.....*

*With this activation now occurring, your Earth Star will be elevated to a new Iteration  
that will have a significant impact on you personally, beginning immediately.....*

*Take a breath, as these new frequencies begin to function..... [Short Pause]*

*Ultimately, this activation will have an unprecedented impact on the Earth and Humanity.  
But as with all the things you have already done, it must first begin with you.  
We are most excited for this opportunity and to be able to participate with you in this way...*

*We are beyond grateful and honored for your continued commitment  
to the Earth and all the Elementals.....*  
*As the Guardian of the Kingdom of your primary Element,  
we were one of the members of your personal Council before you took this incarnation.  
Now that you have reached this level of awakening,  
we look forward to your remembering why you chose this Element  
and its significance in assisting you in fulfilling your Prime Directive in this lifetime.....*  
*We also look forward to re-establishing our relationship,  
now that your higher communication channels have been opened.....*

*When it is time,  
we will return in the not-too-distant future, to assist you with the next step.....  
Until that time, Blessings Dearest One....."*

*So, please express your Gratitude, as  
the Radiant One steps back and recedes into the swirling mists.....*

*Now, take a breath.....*

[10:23] With your primary Element influencing and elevating your Earth Star,  
allow the newly activated frequencies to flow into your Toroidal Field,  
moving up to the apex of the 4<sup>th</sup> Triad.....

Follow the flow of this Liquid Crystalline Plasmic Light, as it infuses each Energy Center,  
the 11<sup>th</sup>, 10<sup>th</sup>, and the 9<sup>th</sup>,  
with the influence of your 8<sup>th</sup> Dimensional Primary Element  
and with the energetic enhancements of the six Light Packets,  
that are now functioning at their highest capacity yet.

This combination is now resulting in another upgrade to your physical being  
and your entire Unified Field.....

Continue the flow into the 3<sup>rd</sup> Triad  
and Central Column,  
infusing the 8<sup>th</sup> Energy Center.....  
Now, infusing your Sacred Soul Star.....

Observe the flow into your Golden Chalice.....  
moving into your Medulla Oblongata  
to your Pineal Center.....

The flow continues into the Magenta Crystalline Lotus  
and your expanded Crown Chakra.....  
Now flowing and infusing the 2<sup>nd</sup> Triad.....  
further enhancing your spiritual vision,  
those radiant Seed Crystals  
and Infinity Template.

Allow the flow into your Throat Chakra,  
filling it with the harmonic tone of your primary Element.

As the flow returns to your Sacred Heart Center,  
allow your full physical body to receive these new Energetics,  
filling every cell, organ, and system.....

The spiraling flow continues from your Heart Chakra into the spinning 1<sup>st</sup> Triad.....  
filling each Energy Center  
and infusing your primary Color and Sound Codes with these new Light frequencies.....

Complete the circuit with the flow moving through your legs and feet,  
returning to that radiant Earth Star.....

[15:09] The importance and significance of your Earth Star and your Soul Star  
is being elevated in your conscious awareness.

Both of these Sacred Centers of Light are vital to your Ascension process.....

Take a breath.....

Give yourself the gift of acclimating to the new vibrations, tones, and Light Energetics  
over these next weeks.

The flow of the Energetics of this process is now always on and always in motion.

It will remain as a permanent part of our Ascension Journey.....

And, as was said to you earlier, this process is a continuing Energetic upgrading system  
that we will continue to utilize on this Ascension Journey.

This flow is now fully entwined with all aspects of who you ARE,  
and is influencing the entirety of you, 24/7....

Everything we will do in the future will become infused in this flow and  
will move you closer and closer to the goal of knowing yourself as an Ascended Master.

Now, while this process is now permanently and automatically flowing,  
it does and will require your frequent attention  
to ensure that all aspects of it are operating at their optimum.

Until we meet again on August 6<sup>th</sup>,  
consciously sit in these Energetics as often as you can.

We encourage you also to research, from your now State of Consciousness,  
your primary Element and its relevance to who you ARE,  
as a Soul Being experiencing a body.

We spoke earlier today of your uniqueness.  
Your primary Element is another aspect of that.  
You share this primary element with only two other sun signs.

There are also three modalities associated with your sun sign: cardinal, fixed and mutable.  
We're also suggesting you also research which one of those you are,  
as it will provide you with another window into yourself.

So, Blessings to all of you..... We will close this session.

In the event you do not remember your Element:

Fire: Aries, Leo, Sagittarius

Earth: Taurus, Virgo, Capricorn

Air: Gemini, Libra, Aquarius

Water: Cancer, Scorpio, Pisces
