

Ascending Masters of Light Level 3

Session 13 Final

October 27, 2024

Session 13d Lord Metatron Message

Joan: So, if everyone will take a deep breath, and welcome Lord Metatron, who has been here all along, but he wishes to speak to everyone at this point.

Greetings. It is I, Lord Metatron. I come from the Collective of all of us that are part of the Council of 12. You are a significant part and have always been part of this Council, but your position has changed throughout the years as you have awakened to your Ascended Self. And we do not want you to lose sight of that.

So as you work with this Transfiguration process, allow yourself to see your magnificence as an Ascended being who has come here in this embodiment to lay down a very important Ascension template for humanity and for the Earth itself.

We have listened as you have discussed the state of the world; the 3rd dimensional world. There is an Ascended world, Earth that you are part of, that will evolve very soon now, and you will not see; because of who you are as an Ascended master, you will not see or be aware of that 3rd dimensional world much longer.

As long as you are embodied in a physical body, there is a distinct place that you will take in that world, in that Earth, of higher states of consciousness and states of being, states of Light.

You know the impact of the 3D world has a great bearing on you as a physical human being. And so it is only right, that now that you have transfigured a level of yourself into that 5th dimensional iteration, that you find a place to reside and grow your mastery, to continue to be of service to the Earth and to all humans; by sharing your Light, your experience, and who you are as a Master.

We want to also have you acknowledge that in this 5th dimensional transfigured body that you are creating, that that too has its limitations. It is a dimensional frequency that does not fully represent your mastery.

And when you leave this incarnation, when you have accomplished what you came here to accomplish, and what your personal Prime directive has directed of you, you will see with clarity what I have just spoken to you; about residing in a 5th dimensional planet Earth so that you can continue your work as an Ascended master, in that Earth, on the Earth, with those who share your Light, and continue to grow it, to grow the consciousness, to grow and transfigure into that 5th dimensional body.

This journey of your mastery will continue much after you have left the 5th dimensional Earth, you have left the 5th dimensional body, because you are so much more than what you can see at that 5th dimensional transfigured body, the mental capacity of that body. So, we look forward to greeting you as you use that Ascension Ray. And we will greet you and have grand celebrations!

So, we want you to be aware of that. That your achievements are not limited. They continue to evolve, because you are that master; and a master never stops evolving.

So, we are honored to be part of a Council, where such Masters are part and parcel of an Ascension Council. You now hold a much different position in the Council than you did when we first greeted you.

And with that, we will close this auspicious gathering. And we look forward to meeting with you periodically in the coming years.

Blessings, beloveds.
Blessings, dear Masters of Light.

Joan: And with that, we close this session.
Blessings!

Everyone: Blessings, gratitude and thanks.
