

**Ascending Masters of Light Level 3 Session 8**  
**August 11, 2024**

**Session 8b 8-8-8 Transmission**

**Melainah:** Let us get started. Deep breath, and we will begin.

So welcome to our eighth session and the 8-8-8 event of 2024, which is also the year of the dragon.

The frequencies of these few opening words have already begun to stimulate your fields. Massive Sound codes will be embedded in every word transmitted to you today.

So, let us gather in our Collective radiance at the doors of our sacred crystalline Temple of Light. On entering the gathering chamber together, you will see that our seats have been placed in a circle on the floor level. As you locate your seat, you will notice that your seating is the only thing visible within this sacred space. And as you settle, take a deep centering breath and we will begin.

From your Sacred Heart center, be aware of your extraordinary Unified field. Some of you are noticing that our Light Temple is emitting a very different vibrational frequency today. This is because our presence has been requested by the Sirian High Council of Elders to participate and experience this year's powerful triple eight event on Sirius C.

Become aware now of the frequency of beautiful Blue Light essence from Sirius entering our temple and spiraling around you. Next, frequencies of pure Golden Light essence from the Sirian Central sun enters and spirals with the Blue Light essence.

As you are coming into resonance with these rarefied Light frequencies, our crystalline Temple begins to spin and spin, and spin. And as the spinning continues and becomes faster and faster, you're being alchemized into more and more of your Light essence.

With your next inhale, you are transported through the Stargate to Sirius C. Having arrived on Sirius C, you find yourself within an indescribable Temple of the purest Golden Light.

We are greeted by An RaTa and the full Sirian High Council of Elders. Also present are the Lyran Elders and all 16 Sirian and Lyran lions and lionesses. The complete Council of 12 are here, along with many other special Beings who are waiting to meet you. We are escorted to our seating that has been placed in a semi-circle on the floor level.

This Temple of shimmering Golden Light is massive, with level after level of tiered galleries all around; and is filled to capacity.

Be fully present in this holiest and most sacred, glorious Temple of Living Light, which exists in our sector of the cosmos.

Take a breath.

We will remind you often today to take deep breaths. They not only assist you in remaining conscious, but your divine breaths also help you to receive these immensely powerful Light codes with more ease.

Now, last year's 8-8 portal opening was the most powerful and impactful we had yet experienced.

The Elders have requested that we bring into present time several points from the 2023 8-8, in order to better prepare us for what we will be presented with today.

So last year, a new passageway from Lyra to Sirius was opened, and that provided the reopening of a long time closed ancient passageway from Lyra to Earth; to be re-established by passing through Sirius.

And with this opening, we welcome through the return of eight beautifully iridescent lions and lionesses from the ancient Star system of Lyra, as they join with their eight white Sirian family. The return of the Lyran lions was in part to awaken nearly dormant memory codes which had been held in the deepest recesses of our cosmic DNA and ancient Star lineages.

The magnificent Sirian lion or lioness that you met in the 2022 Light Conference transmitted and activated the next iteration of the 8-8 Template and the Golden Infinity symbol to the next octave.

A Lyran lion or lioness then transmitted a very different set of frequencies and ancient codes. And these have been held by the Golden Infinity symbol and 8-8 Template since that time to be activated in a future gathering. And this is that gathering.

So, place your attention on the middle of your forehead and 2nd Triad area. The Golden Infinity symbol is lighting up in this moment, bringing all of the encodings held in the Infinity template and symbol into present time. Those encodings that were gifted to you from the Lyran lion or lioness are now in full activation.

With those transmissions, we were moved to a new timeline.

Many of you are feeling pressure or tingling sensations as these frequencies are lighting up in this sacred moment.

Take a conscious breath.

This year's 8-8-8 opening of the Sirian Lions Gate portal has produced even more powerful Light codes. The Earth, all of humanity, and each of us, has been showered with these powerful Light codes entering from the Sirian Central sun through our sun. And while this particular Lion's Gate is drawing to a close, the planet and all of our inhabitants will continue receiving the effects for a very long time.

For our group however, our connection with this Stargate is never closed. The Sirians have always been and are very much a part of our Ascension journey, as well as the Earth's.

The Lyran and Sirian Elders who gifted us with the incredible sacred and ancient blessings last year have requested to transmit them once again to you; bringing all of the encodings that those blessings held into present time, a deeper level of what was contained within them can now be released and received. And this is due to the expansion of our state of consciousness, along with the current level of Soul wisdom and vision we now possess. And although the words transmitted will be similar, new under and overtones of enhanced Light frequencies will be added.

An Ra Ta and Ni Ah, who we met opening day, escort these blessed elders to stand before you. Be open and receive.

The cherished Sirian Elder begins to transmit a sacred Sirian blessing to you in a mystical language of Light and Love; that is being received and translated by your Sacred crystalline heart.

Breathe that in.

The venerated ancient Elder from Lyra begins to sing a hauntingly beautiful ancient chant and blessing in a language of sound, color, light, and symbols.

Receive it now in your crystalline Sacred heart. And breathe in as the gift of grace bestowed by both of these beloved beings, moves through you. Love and gratitude to them.

As they step back now, please welcome An Ra Ta.

**An Ra Ta:** I am delighted to be with all of you once again. We are honored that you have accepted our invitation to join us on Sirius C for this unprecedented and momentous 8-8-8 event. Your presence in the sacred and mystical Temple of radiant Golden Light has been long anticipated. Every great master has sat where you are now, including the Magdalene and Yeshua. It is with great optimism that all of the Light beings are present. And before your visit today is complete, you will begin to remember when you last sat here and why.

You have been invited here to receive the next iterations of the 8-8-8 Light Template and Golden Infinity symbol. What will be offered to you is in addition to what has been entering your Earth realm during this portal opening, and will be specific to this Ascending Masters of Light collective.

By receiving this year's massive 8-8-8 Light frequencies, codes, and templates here from their place of origination, there will be no filters, no stepping down, from the

Spiritual Central sun to your sun to Earth. All things that will be offered to you in this Holy realm will be received directly by each of you individually.

The Sirian and Lyran lions or lionesses that you have met before are taking their place before you. Entering now and joining those in front of you, please welcome eight unique and distinctive iterations of lions and lionesses from throughout the cosmos; bringing the total to 24. To provide a reference for you, we will identify them as the Celestial lions and lionesses.

These eight Celestial beings are here to further awaken even more ancient memory codes from other realities and other far distant time sequences. Lionine beings have been revered in cultures throughout the multiverses, through numerous epochs of time. They still are today in cultures of long standing on your Earth.

This is but one reason why this portal opening is referred to as the Sirian Lion's Gate portal. What all of these magnificent beings have in common is a shared royal lineage of ancient ancestors and predecessors. Each one carries the imprints, memory codes, and presence of those that came before.

There are three layers to this year's 8-8-8 Template.

The first level will be activated as you receive it.

The other two levels will be received now, but held in your fields until other aspects of you are remembered and reclaimed.

So, place your awareness once again on the Golden Infinity symbol that is active in your head area. Taking another deep centering breath, prepare to receive the full iteration of the triple Infinity symbols and Template that are coming into view, emanating directly from the Spiritual sun. You will see the Golden symbols appearing in sequence, one after the other.

As you gaze into the eyes of the Sirian lion and Celestial lions and lionesses, they are assisting you to stably receive the first iteration of the now brilliantly illuminated Golden Infinity symbol as it enters your field and merges with the existing Infinity symbol, there is a luminous eruption of brilliance. Every aspect of you at all levels is being made with dazzling particles of pure Golden Light.

Take a breath.

The Golden Infinity symbol and these particles of supreme Golden Light are now permanently enmeshed in your fields. With the activation of this iteration, another level of your Soul Spirit essence and wisdom, which are infinite and eternal, have been ignited. Every aspect of your beingness is being forever altered. Continue breathing as all of these Light codings move throughout all that is you.

Contained within this massive Template are specific frequencies that will begin dissolving the remaining layers of the veil of forgetfulness.

The reception and activation of the first of the three Infinity symbols has accelerated your Light quotient and frequencies to levels achieved by very few beings while still in human form. The other two iterations, while not yet activated, are already influencing this iteration.

Once all three of the Golden Infinity symbols are activated, embedded in their design is a hidden opportunity of potentiality. This potentiality will provide a pathway for you to exist in ushering in the emergence of the next Golden Era. As Yeshua and the Magdalene shared with you in the Golden center of your Sacred diamond; The Time Returns.

Take several deep breaths with the knowing that each breath is sacred and is now filled with the Golden essence of your Soul and Spirit.

There is wave after wave of Light codings moving all through your entire field; with every particle being changed.

Deep conscious breath.

Interwoven within these Golden templates of Light, you have also been gifted by this collective of Lionine beings, the imprint of some of the qualities that are part of their ancestral heritage and lineages. These lineages have existed long before there was an Earth or humans.

From these special beings sitting before you, receive these Light encodings, which will activate within you as the Sound codes are transmitted to you.

Beauty  
Courage  
Resilience  
Power  
Nobility  
Fearlessness  
Strength  
Presence

Breathe these in.

These qualities will be of tremendous value as you continue your Ascension journey back to the highest realms of Creation.

Please offer your appreciation and gratitude to all of these majestic Beings who have been in service for eons and eons of time sequences, and countless realms and

realities. All 24 now lie in front of you, and will remain with you for the duration of this gathering. Sit quietly for a moment and be with all of the new iterations and higher octaves of Light and the many gifts that you have been offered.

While maintaining this high velocity of Light, which has prepared you for the next levels;

Be conscious.

Be present, and aware.

Move your body a little.

Wiggle your fingers and toes.

Have a drink of water.

And take several long conscious breaths.

And we will continue.

Having received the 8-8-8 iterations of the Infinity symbol and template, you are now ready for the next segment.

So please receive the Sirian High Council of Elders as they step forward.
