

Illumination Series Level 2 Session 2b
Council Meeting An Ra Ta
Sunday, March 8, 2026

Melainah: So take a couple of slow centering breaths. Allow yourself to become fully present in this moment with the Council.

Well, greetings Ascended beings of Light. It has been way too long since we have gathered together in this manner. Over these past 10 years, you have accomplished many things on many, many levels. Your growth and your evolution have been incredible to witness.

You are now preparing for the next major elevation on your journey. And before you venture more deeply this year into the Illumination series, there are some things that we would like for you to hear.

We invite you to receive this transmission with the full intent in which it is being offered. So, here are a few of the many things that you did achieve throughout the Seating of the Divine series.

You worked with the Crystalline layers of the planet.

You assisted in re-anchoring of the Etheric crystal on the Earth plane.

You re-established communication with the 12th dimensional beings of the Elemental kingdoms.

You worked with the inner Earth communities, the Andarans, and the inner Earth Luminaries. |

You participated in numerous service projects, assisting both the Earth and humanity.

You opened multiple levels of the 6th and 7th dimensional Time locks during the Seating of the Divine series.

In your 2022 Ascending Masters Light Conference, you opened the 8th dimensional Time lock.

And this is a very short list of a very long list of the significant and unprecedented accomplishments that you have achieved.

As you look back, and reflect over these past 10 years, have you ever wondered why you and this group were given the task of opening those Time locks?

It was because you were the ones who locked and sealed them.

Take a breath as you allow yourself to remember.

You participated in the creation of the Time locks.

You also participated in the creation of the Light templates that were placed in the Time locks.

Each one of you entered this incarnation carrying different combinations of frequencies, Light codes, and geometries within your Soul that would be required to open them.

And did you know you were the ones who hid them throughout the cosmic universe? Therefore, you had to be the ones to retrieve them.

Take a breath.

Many ancient memory codes are opening in this moment.

All who participated in the opening of the Time locks agreed in the ancient past that if ever it appeared that Earth and humanity might be ready to begin the Ascension process you would return in mass for the retrieval and unlocking of the Time locks.

As you now can see - opening of the Time locks was never a task given to you. It was the fulfillment of an agreement made long before any of you had ever experienced a third dimensional world.

You entered this incarnation with this agreement emblazoned in your Soul. It was one of your Primary missions of this lifetime.

Years ago, on the Talimena Ridge, one of your members shared a few simple but beautiful words that deeply touched us. And they remain just as relevant today as they were then.

A promise made. A promise remembered. A promise kept.

And take a breath.

And one last thing we wish to share.

To each of you sitting with us in this sacred space, and who remain active members of this Collective council, you left the karmic cycle of birth, death, and rebirth many eons ago.

You have not had to return to the 3D Earth plane unless you chose to do so.

You returned this lifetime so your Soul Spirit could complete what you began so long ago.

We thank you for your service to the Earth and humanity. There are no words to express our appreciation for who you are, and what you have been able to do and continue to do.

And we thank you for representing this Council of Light with your strength, your courage, your integrity, and your authenticity.

So, blessings to each and every one of you, dear ones.

And we will step back.

So, take just a moment, and then we will continue with Joan.

Joan: Take a deep breath. Be very present in this moment.

Greetings. It is I, An Ra Ta. I come forth from the entire Council of Twelve to speak to you more about the ascension that you are engaged in, and that is occurring now. At the fall of consciousness, a deep forgetfulness covered a bright sacred planet and everyone living on it. It has been eons since the great awakening began. Many masters and avatars often came to help the Earth elementals and the humans living on the planet, by planting important memories and pure Light energies.

Every member of this Council of Twelve has helped with this remembrance. Many of you Ascending masters chose to take a physical form at this key moment of awakening. You brought spiritual knowledge and energy patterns to help with the greater awakening and remembrance from a dense physical state.

Each of you shared an important part of the remembrance template. This shared energy pattern supports a grand Ascension that is now taking place, and you are an integral part of that, individually and collectively. At the beginning of this incarnation you had no knowledge of this at a Soul Spirit level, although you knew that once you embodied in the dense physical body that was required of you, that you would have no awareness of the significant energetics that you carried. The knowledge of your mastery would be wiped away by an impenetrable forgetfulness.

Safeguards were put in place. Many significant beings enrolled to assist you. You would never be left alone in this state of dense forgetfulness. Many of us on this council

supported you and gently led you to awaken to who you are and always were.

That time is now. Know that your physical body is always protected as it awakens.

Your physical body is vital to the Earth's resurrection and to all those who will incarnate after you. The sacredness of who you are is always protected and has always been protected in this incarnation that you took on to serve humanity and the Earth.

You have remembered your Soul's presence. You hear its soft voice of wisdom. Your magnificent Light body was seeded through many successful initiations.

The most significant initiation process is happening now. This initiation is energetically preparing you for another huge leap in consciousness. It also assists you in taking on an energetically potent transfigured physical body.

All of these things must have been accomplished by you. Even though you are a significant being, a Master being of Light, in order for this imprint to be left for those coming after you in a physical body, you had to embody it to show the way at that level.

All is being prepared for the next step in your remembrance. Some of you have begun to hear a soft murmur. It seems to come from the depth that you vaguely remember as you as Spirit. This vague remembrance is about to manifest at the next level of initiations, as those initiations are integrated into your beautiful energetic system.

These next steps will require much of you. You will need to dedicate significant time to quiet contemplation and practice.

Embrace each new initiation, each concept and energetic nuance, and then put them into action in your daily life, knowing yourself more completely as the rarefied beauty of Light that you are.

Recognize every nuance in the energetics and the soft murmurs that come from deep within yourself - that have always been there. Deliberately release any thoughts or emotional responses that do not resonate with those vast energetic infusions you are continually receiving.

Commit fully to this journey, knowing that we, the Council of Twelve, are here to support every step you take, because you are one with us and have always been. We are as much a part of you as you are a part of us.

Take action now, and engage with the accelerating process wholeheartedly, for you are about to recognize the fullness of your magnificence that you have always carried.

Blessings, dear ones, blessings.

We are in great gratitude for what you have contributed.

Sit with us a while longer and absorb more of your beauty - more of who you are and have always been.

We will now close our session, but always know we are with you, you are part of us, and we are one magnificent Council of Light. Blessings, dear ones, blessings.

Blessings, everyone.
