

[3:15] Joan: Please welcome the facilitator of our Service Project.

Metatron: Greetings, It is I, Lord Metatron.

I come as the overseer of the physical realm and especially this Beloved Planet, this Christed Planet of yours.

I wanted to talk to you about the Service Project that you have been engaged in for the last year. And I want to tell you how grateful we are, the Creative Realms, for what you have brought in at this time on Earth. It was such a valuable project that you wholeheartedly embraced. You took it seriously. You brought these Templates through your body and transmitted them continually, not just in the monthly meetings, but personally. And you gathered in the Etheric often to transmit.

This has been invaluable, as we have said, because it takes a physical body to transmit the type of Energies that you have been transmitting to change the Electro-Magnetic Field of the Earth and Humanity, to change the Consciousness. I want you to know this – to change the Consciousness of the Earth itself, so that you are fully supported as you walk the Earth.

It has taken you a full year to integrate these Energetics that you have been transmitting. And I want you to know that you have fully not only embraced and practiced and transmitted, but you have fully integrated these 5th Dimensional Light Templates of 5th, 6th, and 7th Dimensions.

And we are very grateful for that. It takes YOU, with the level of Consciousness that you have at a SoulSpirit level to do what you do.

When you meet in your Crucible, the dynamics are magnified 100-fold, because you each bring a level of Mastery to that Crucible. And then, as a Collective, you project it.

So, this session will be our final session of Gridmasters. You have fully integrated in your body these Templates. You transmit them individually and Collectively very consistently and easily. And you will continue to do that, as you walk the Earth. No matter where you are, who you are interacting with, those Energetics come forth from your Sacred Heart, from your Heart Chakra. You need say nothing; you need do nothing but BE that 5th-6th-7th Dimensional Light Template that you have now integrated within your body.

It is in the process of altering your body completely out of a 3rd-4th dimension. And these things are very important for you to notice and to note, because your Mastery has been improved dramatically because of the willingness of each one of you to contribute your Master Imprints to the World and to Humanity.

[8:33] So, there will be another phase in the coming year of a project that we will ask of you again. So, when you are ready, we will then present to you another Service Project.

So, again, we are grateful and we are always with you, because we know, you have shown us so dramatically this past year, that you are capable, you are willing, and you always there to help.

So, we will now turn this meeting over to some very adept facilitators, Kathleen McGarry and Kimberly Walker. And they will not only facilitate, they will orchestrate a ceremony for the closing of Gridmasters.

Blessings, Beloveds!
