

[42:02] **Melainah** at the end of our Journey to our personal Cosmic Temple:  
Holding this frequency, you are now prepared for the next phase  
of our Journey this morning.

Put your attention back on your Light Body and your Merkaba Field,  
which is spinning at 100%.....  
Now, increase the speed to 110%.....  
Now take it up to 120%.....  
And now, 130% !.....

Breathe and remain conscious.....

So the coordinates to Sirius B are programmed in your Merkaba from our previous visits.  
So give the command, now, that your Merkaba take you to Sirius B.  
Once you dock, you will be met by An Ra Ta.

Have a wonderful flight, Beautiful Ones!.....

[44:25] **Greetings, Dear Ones, It is I, An Ra Ta:**

I am here to greet you with my partner, Un La Ta. We welcome you to Sirius B.

And now we will direct you to follow us in your Merkaba Vehicle to Sirius C...  
It is a short distance that we travel together.....

Dock your Merkaba Vehicle here in Sirius C...  
Exit in your Light Body and follow us to the Temple of Transparency,  
where the rest of our Crucible are seated and waiting.....  
File in one by one and take your seat.....

As you are seated, begin to notice that the frequency of this Temple has been altered  
since the last time that you visited. This moves far beyond and has been changed from  
the 5<sup>th</sup> & 6<sup>th</sup> & 7<sup>th</sup> Dimensional frequencies into a magnificent Light. And this Temple is  
now vibrating in the 8<sup>th</sup> & 9<sup>th</sup> Dimensions, Dimensional frequency range.....

Be aware of the magnificent Light coming through the luminous Crystalline structure  
into this structure, surrounding the entire membership. These Streaming Lights are  
coming from the Central Sun. There's a magnificent Golden Light that penetrates every  
part of the Temple. And it reflects Christ Consciousness in its fuller emanation.

Receive into your body, now, these magnificent Golden Light Energies that will add to  
the Light that you are carrying at this moment.....

[48:48] Now, as you will remember from the last retrieval of the 6<sup>th</sup> Dimensional Light Template, there is a vault within this complexity, which has remained opened, after the very first time you retrieved an Iteration of the 6<sup>th</sup> Dimensional Light Template. The Archangelics still stand guard at this vault, even though the door has been opened.

So, present yourself to these Archangels, these Four Archangels:

Gabriel, Michael, Raphael, and Uriel.

Receive the LAST Iteration of the 6<sup>th</sup> Dimensional Light Template,  
which they are now presenting to you.....

Notice that there is a shift in that Light Template Complexity. Not only does it hold the very refined Magnetics that have impacted your Unified Field as well as the Earth...

This final Iteration is a very important part of this massive 6<sup>th</sup> Dimensional Light Template, that is now unified into the Whole of its expression. This part that you have just retrieved is the most valuable part. It is a very extensive Energetic of EQUILIBRIUM.

It brings Equilibrium to the entire 6<sup>th</sup> Dimensional Light Template. It not only has Magnetic components, but is perfectly balanced with the Electrical components of the Electro-Magnetic Field that is within and around your body and around the Earth. This is the most important part of this 6<sup>th</sup> Dimensional Light Template.

This Equilibrium balances and enhances your mental-emotional body and begins to dissolve any rift that might remain there, that rift that caused such a split in your mental-emotional body. The Equilibrium of the Magnetics and the Electrical charges brings into full unified expression of the Electrical Field in a fuller expression of that most important creative aspect of YOU as a SoulSpirit in a physical body. And that is your creative part, which is the mental-emotional body. And now that you have an Equilibrium spin in the Energetics of you at that not only the stability of 5<sup>th</sup> Dimension, but the 6<sup>th</sup> & the 7<sup>th</sup> Dimension. There is total Equilibrium within your Field and within the Field of the Earth that you use to remain embodied on this grand Planet of yours -- the Christed Planet that you are leading and facilitating a return to that original state.

Under our Guidance and our direction, this has been a most illustrious Journey. And we have been honored to be of assistance and to participate with you, because we all love dearly Planet Earth and its Christed effect that it has on the entire sector, not only of this Milky Way Galaxy, but of this sector of the Cosmos.

You are becoming a Cosmic Being of Light, who just happens to have a form.

[55:07] Now, we would also like to talk to you about the effect that this has on the SoulSpirit of who you are. The Soul that brings many experiences of many lifetimes in various states of form. But that Spirit, that pure Spirit of you, that pureness of the All That Is that is you at the Collective Consciousness of the All That Is.

So not only is there a merging between that SoulSpirit. In this Equilibrium Field, now, this massive 6<sup>th</sup> Dimensional Field of Light, there is a perfect communication between the Wisdom of the Spirit of the All That Is, that Collective Consciousness of you, direct communication to the Wisdom of the Soul that communicates to the body consciousness.

This increases your ability to function as a Master 10-fold, 10 times 10! over the next three years. And we are honored to assist you in that retrieval.

So now, that 6<sup>th</sup> Dimensional Light Template, all iterations are functioning in one unified Field of Light, on all levels, on all parts of physical form, all through the Dimensional frequencies, as long as there is need for Dimensional sequences... This impacts them all.

So now, I would like to lead you out of this sacred Temple...

And as you walk this beautiful Path of Light, it takes you to a precipice, where Lord Metatron greets you.

And I will turn this conversation over to Lord Metatron.

Take a deep breath.....

Be very present.....

And conscious in your body.....

And Greet Lord Metatron.
