

Yeshua: Greetings, Beloveds, It is I, Yeshua.

I join you, along with the Magdalene, from the Center of the Diamond Graphic that is vibrating within this Quantum Field.

I am here now to initiate you in the final activation of your Light Body. This activation is a Light activation, unlimited Source Light. It will take some time to fully integrate this last stage of Light Body.

So, I would like to present to you what happened 2000 years ago, when we were all together in many, many expressions that you.... Just like you provide such a unique part of this Crucible, you also provided a very unique part of that Community that supported the Teachings that I was called forth to provide and seed in the physical, *dense* realm of that particular time sequence.

Together as a Community, we practiced Unity. We were very well aware of the Element of Love. And we could operate in our bodies to a certain degree in that Quantum Field. But it was limited by the bodies that were occupied by each individual, also the Earth – the Electro-Magnetic Fields of the Earth, the Electro-Magnetic Fields of the body. So our full expression, that you are now becoming acquainted with, was unavailable at that time. But our job was to seed that awareness within the physical realm, even as dense as it was.

Many of us studied in the grand Mystery Schools, in various places of the world, that brought us together as a Community, with intent and purpose. You were all there, every one of you, in some capacity. And we want you to know that. And now a grand crescendo is taking place of what we seeded together 2000 years ago.

I, as your Teacher at that time, myself and the Magdalene, took on two iterations of our Light Body in the course of those many years that we studied in the Mystery School and that we were together in a community, just as you have established in the present time sequence, in your body.

Now, I would like to talk to you about the most unpleasant part of our Journey in that time sequence. And that is the Crucifixion. In the Crucifixion, you helped me attain this final stage of Light Body, in a body, during those three days in the tomb, when many of you ministered to me in that reception. It was that Crucifixion that put such an imprint on that time sequence, because not only was I crucified, but as the Divine Image of the All That Is, in a male body, the Divine Masculine was crucified in the physical world, and not usable.

[6:23] And the Presence of the Magdalene, as well as Mother Mary and Anna, and the anguish they felt in this event also silenced the Divine Feminine. You have brought that and resurrected it, so that the Divine Feminine could come forth and blossom and begin to present a Field of Divinity that allowed the Divine Masculine to resurrect in its full Iteration.

So, over the course of this three days, this has been stressed again and again – Unity, Unity, at all levels. And yesterday with the Magdalene presenting, the silencing of that Divine Feminine was removed. And when I came forth to present to you that Unity, all Iterations of Unity Consciousness, the Divine Masculine was resurrected and also that was brought out of the silence.

This, Beloveds, is what you have, with us, not only seeded but brought into form in this time sequence. It is not all integrated yet. So we are very dependent on you to integrate that over the next three to five years, fully, in your Consciousness and hold it in your body stably. You have been given through these Teachings in these last five years tools to accomplish this. And for this, we are eternally grateful. We are amazed at what you have accomplished with us in these last five years of your time sequence.

So now, I would like to proceed, now that I have given you some information that will help you greatly in the next months and few years of your time.

[9:40] We would like to start now and activate that Light Iteration of your Light Body and bring it into its fuller function, whole and complete. We are already joined together in that Quantum Field that offers opportunities for access to many Dimensions. So as you join with me, I gift and present to you what I have attained over the course of several years, 2000 years ago, after the Crucifixion.

So I now present to you that Iteration of Light Body that I planted in the physical realm in the human form. I now present that to you and unify your Light Body once and for all.

Receive it now.....
