

Friday AM Session Summary

Introduction to 2017 Conference

How Sacred Space Has Been Prepared

The Triad Requests a Pyramid

A copper Pyramid was placed outside for our use during the conference. It had the same exact dimensions as the Giza Pyramid.

The most important thing that the Triad asked of us is that communication - that we take the time to sit in the open air with an open mind, because it will increase our communication out and in. So speaking and hearing, it will help us all. And that's again part of what we're walking into is improved communication with a lot of Beings, with each other. We formed our I AM Circle and introduced ourselves with the full Essence of Who We Are.

Holographic Sphere Encompassing the Room

Melainah shared that they have asked that we presented ourselves as our I AM Presence. And using the Sound of our voices, we added another level of refined frequencies of our individuated consciousness to the fabric of the environment.

The Triad Enters Center of our Sphere to Welcome Us

Joan asked us to be aware that Lord Metatron, Lord Michael, and Lord Melchizedek are present. We welcomed the Triad. As we presented ourself in our I AM Presence, they received each one of us in great Joy.

Jana led us in a chant and toning to center and set our energy as a Collective Consciousness

We have set the Sacred Space and as you gather, Beloveds, all realms of creation are with you and present to co-create in this event, co-create the opening and gateways not just throughout your world, but throughout the Cosmos. Channels of communication that are now open to you are massive.

So it is not Great Beings leading you, for you are part of that Collective Consciousness, Beloveds. There is no separation. You have gathered in your Mastery to bring forth to the realms of form a new era of transformation and communication and co-creation. You have set the tone, the sound current, and you have created it in your realm of form, in this room - a Sacred space from which to create with us. And so it is.

Metatron and the Triad Configuration

Joan channels Lord Metatron:

The Triad Configuration

Greetings, It is I, Metatron.

I come as that Triad configuration, but understand, Beloveds: It is so much more. The crucible that you have created to be with us in these next few days is massive. And the Collective Consciousness that is available to you is extensive. You must understand this and FEEL the energetic Presence, because it is so massive, extending to all realms of creation, to the very Source from which we all emanate.

The Etheric Crystal

I would like to speak with you first about the Etheric Crystal that is now in place and functioning. It rested in the Lake Portal from the last conference. This Etheric Crystal was gifted to you to use in your Earth service, to help amplify what you are creating and to all the Cosmos. Last year, you set some very important foundations for the use and the interface with this crystalline configuration.

Understand - from your perception, you see this Etheric Crystal as more of an emanation that you associated with the minerals of the Earth. It is so much more than that. It is a Light emanation that has many levels and iterations. Last year, you experienced it only at the beginning foundational levels. As you can already sense and feel in your bodies, it has been amplified as it hovers around this entire area and will remain here as long as you gather. Then it will retire again to the Portal, to retain everything that is created and transmit it not just from that portal but throughout the Cosmos.

It is that huge of an emanation of Light. And you need to be aware of that, because you are part of that Light frequency. And, as you work together in these projects, you increase the availability that is transmitted through those holographic projections from Andromeda.

Shifting into an Epi-kinetic Body Form

So this is important for you to recognize. It is also important to start to get into the energetic and the vibratory levels that are now flowing through your physical body. It is changing your physical body and refining it. It will look the same. And when you touch others, it will feel the same. But it is not. You are shifting into an epi-kinetic body form, which is your Light Body, which is your 5th 6th 7th dimensional vehicle. Now, it is not all set and in place that you will notice a great change, but that epi-kinetic body is starting to open within each individual body of you, each one of you.

Our Collective Crucible

And as you gather in these Collective Consciousness groups physically, this is important, but also on your tele-conference calls, you gather in that bubble that you created, that energetic Crucible of Collective Consciousness.

And it will be invaluable to you in the coming years, as you gather. Much of what occurs here, as you physically gather with us will be very clear to you, the energetics will be very understood in your body and you will not go into that rational mind of yours to practice anything. You will be processing pure energy, pure Light vibrations.

And it is because of the Collective Consciousness of this group that you will hold that very specifically and very dynamically. Even if some of you will feel like you have gone unconscious, know that you have not. The body may have gone into a sleep mode of a level, but your consciousness in this group dynamic is very present, aware.

So do not worry, as you disperse and go to your residence, that you can't remember, or you can't recall the feelings in the body that you feel now, here. It is there. But it is this Collective Crucible that amplifies it to enable you to know it, very tangibly.

Understand - this energetic Crucible is also with you always and especially when you gather on conference calls, when the group comes together to co-create, to receive. It is engaged at the same level energetically as what is present here that is very tangible to you, because each one of you has come in your mastery, in your Divine Essence, as that individual Christ Consciousness, as well as the Collective Christ Consciousness.

And this is what is important, because as you walk in your daily life, and you walk the Earth, that individual and Collective Christ Consciousness is transmitted. This is the level that this group has created...

You have been together for a long time. And this embodiment is the creme of the creme. For many, it was rough starts. But now you know. You searched for a long time: 'Why am I here? Why am I doing this? Now you know. And you will never doubt again.

Opening Time Locks

So, we have many things to co-create in these next three days: Time Locks to open, parts of yourself that will be brought online. The Electro-magnetic body that you now are very stably anchored in will be still usable. It must be present, to a degree, to operate in your world.

But that Epi-kinetic body, because of the beauty and functioning of that 4th Triad, amplified the electrical components that affect the neurology of your body dramatically. And the fact that that 8th chakra has descended into the body - your Higher Mind is functioning at a whole different level in the body.

So the thoughts that you think are no longer from your ego mind, but they come from that part of you that is Divine and that is Masterful.

Moving Forward in Our Service Work

So, as we move forward in these service projects, in these teachings, you will have at your

disposal so many more tools to implement, because of the frequencies that you hold within your body, the vibrations that are there on a consistent basis. There's no stress in the way in which you process what is given to you, because so much of what happens when we use this vehicle to communicate to you at a more physical level is not just in the words that are said. It's in the vibration that is present. But it is also in a much larger context of a Holographic Projection of massive thought that comes forth.

Many of you have said in your calls, "There are no words to voice what I know and what I feel." And this is true. So even though words are coming forth from this vehicle's mouth to in some way bring into the world a concept, these concepts are massive, and they don't come through the language per se. They come through the sound currents of the voice itself.

So, therefore it's so important to now feel/know that energy in your body. Throughout this weekend, we will be working with you to refine the reception of these Sound Currents and make them much more usable.

So, we are delighted to be part of this Masterful Collective Consciousness. And as we move forward, we move forward with immense impetus and energetics that will propel not only your consciousness individually but the consciousness that is available on Earth at this time. Blessings!

Brief Summary of the Year 2017 Accomplishments

John's Summary of what our group accomplished in the past year:

Last year, as you know, we did an amazing job of retrieving 3 Light Templates, along with basically, because of the energy that we put out, also a 4th one. But that had to be another group that shut the door on that one. It just is so significant what we did. You may not remember, but they basically said at the time it would take about a year before we would really see some of the results. Our accomplishments summarized:

It helped in our ability to receive and activate the 4th Triad, which of course, impacted the Ark of the Covenant, because of its electrical charge that it emanates.

We also activated the Seed Crystals and made usable the Indigo Color Codes and Sound frequencies.

And all of this contributed to another massive opening of the Sacred Heart Consciousness and a viable Presence of the Holy Spirit. That was the first month!

This also provided us an awareness of the OverSoul, the Christed OverSoul, and the Christed Mind.

The transformation of the mental emotional body continued to take place.

And the massive influx of Light, Sound, and Color Codes.

The Role of the Different Templates

The 1st one had to do with the 5th Dimension and the Collective Consciousness in Unity. It helped to create a lot of stability.

The 2nd Template was in the 6th Dimension and it brought in the vast Magnetics of Source energy.

The 3rd one came in through the 7th Dimension, which is the last dimension where you no longer have a physical body. We'll talk more about that later when we talk about the Inner Earth.

These Templates were amazing, not just for us but, what we don't realize, it was significant for the entire Earth. And that's something we sometimes don't talk about. But what we do is very valuable for everybody.

It also made it very possible, and this was really significant:

The Descent of the 8th Chakra and OverSoul into the Body

The descent of the 8th chakra and the Over Soul into the body. But that really just happened about two months ago and sort of fit in about two weeks ago. So that was one of the last big things that happened.

Our 2017 Conference Objective

Melainah reviewed how our processes in the 2016 Conference was that we opened those 3 Time Locks and then the 4th Time Lock was opened as a result of everything that we had been able to accomplish.

Our objective this conference is to retrieve three more Light Templates.

Melainah spoke about putting this year's conference together and how it was all about the energetics.

Friday PM Session Summary

Inner Earth Inhabitants

Telosians: 5th 6th 7th dimensional level

Lemurians: 8th 9th 10th dimensional level

Luminaries: 12th dimensional and beyond, Christ Consciousness

The Andara Collective: beyond the 12th dimension. Responsible for holding stably the Christed Matrix on, in Planet Earth.

Unlocking the 5th dimensional Time Lock 2017

All our work was done from inside the Holographic Sphere with all the Great Beings. Melainah led us.

We were operating as a 7th dimensional Collective Consciousness, supported by the Etheric Crystal from the Lake Portal, using the Light Beam projection device from Andromeda.

We were first guided by An-nah, our Inner Earth liaison. Each of us joined with our Telosian aspect using our activated Seed Crystals and Recorder Cell to share energetics.

Then we were guided by Ko-Ra-Zan, an Earth historian, who was being projected in his epikinetic body, along with Ah-nah and three Telosians.

We were taken by vertical and horizontal elevators deep into the bowels of Telos. We walked some distance into an area that has been sealed for a very long time, through tunnels and down steps, through three doorways whose code to open them Ko-Ra-Zan was given that day, and finally into a large cavern.

One of the cavern walls disappeared and our group moved on without our guides, into a holographic projection of the beautiful world of Lemuria - designed to stimulate our senses and our memory codes.

We were next guided by Great Elfin Beings and Earth 4-legged horse-like Beings through a magical forest of devas and fairies, to the base of a mountain.

Our group went on as a Collective Consciousness, without guides.

We went through a corridor, took a sharp right turn, and made our way to the Lights.

We were in a chamber whose walls are pulsing and vibrating with Sound and Color. Each of us found our spot and placed our hands and forehead on the wall.

And when we were all in place, the 5th Time Lock opened in an explosion of Light.

We took those Light Templates into our Beingness, our consciousness, our body.

Once the Light receded, the Guides led us back to the cavern.

The wall opening closed and the Light Beam returned us to our surface conference room.

Connecting with three Star Gates Channeling from the Triad with Joan

Be aware of your Axiatonal lines extending into Inner Earth and the Cosmos. Be aware of the spinning of the Spin points.

We will together create Spin points within three Star Gates.

Arcturian Star Gate

As we entered this Portal we were guided by an Arcturian Elder and all of the Arcturian communities together. With our attention and intention, we slowly started the spin point spinning, noticing the Light emanating from this spinning focal point as the rotations increased. There were many Colors present.

We noticed the lovely Sound tone, which you could feel in your body, in your Heart.

The stable vibration set invited us to receive and transmit thought forms, from our OverSoul, our Higher Mind, our Christ Consciousness.

We opened our crown, pineal, 3rd Eye, and medulla center and received the Tele-thoughts projected from the Arcturian Collective Consciousness. Beyond words - pure Thought.

The Arcturian Elder Artemis spoke to us the gratitude of the Arcturians, who have long awaited this moment, and were ready to have two-way conversations with us, as we continue developing. At first these conversations would be perceived when we focus attention on this spin point as a feeling, or the Light of the spin point, or the Sound of the spin point.

Sirian Star Gate

We were welcomed by the Archangelic Sirian Collective, whom we met last year briefly. We and they together now slowly activated this spin point Star Gate, just as we did for the Arcturian Star Gate. We noticed the Light, Colors, and Sound Tones.

Within this spinning vortice, we noticed the Presence of the whales and dolphins who have held this vibration for a long time in bodies, in the waters of the Earth.

The Sirian Collective Consciousness

Greeted us in Joy. Our lines of communication were now wide open.

"You are now part of our Community.

We look forward to the imprinting you and we will create together on Earth to re-awaken the Earth, the Elementals, and the Inner Earth Beings, many of whom come from this Star System and sacrificed themselves to come to Earth to be of service.”

Pleiadian Star Gate

We carried ourselves with ease through the Axiatonal line to this Star Gate.

We were met by three Pleiadian Elders. Together with them, we slowly created this Spin point. We joined their focus with the focus emanating from our 3rd Eye and projected a beautiful brilliant White Light into the Spin point.

Again we notice the Light, the Colors of two magnificent Collective Consciousnesses - Human and Pleiadian, and the Sounds elevated us into a state of Ecstasy.

The Pleiadian Collective

Spoke to us and we created a Star Gate Collective Consciousness.

"We have been close by with you in many, many, many emanations. Very soon now, the DNA structure will alter dramatically within each one of you. All twelve will soon be a very viable, active energetic resource for each one of you.

We are delighted you have created with us this channel of communication. We are united! Oh such Joy we feel!

Let us now together join with the Star Beings of Arcturus and Sirius and create a Collective Consciousness of Humans, Pleiadians, Arcturians, Sirians!

The Triad Speaks of Unification

Spoke again of the unification that had just occurred - that the unification that had just occurred was expected.

Opening this 5th Time Lock elevated Humanity to where it could occur. We stayed silent and stayed in this energy of Integrations for as long as we could.

Saturday AM Session

Gabriel led us in a Centering Meditation

Opening the 6th Dimensional Time Lock 2017

Melainah: We started at the 7th dimensional frequency level.

The Andromedan Light Beam was projected into the center of our conference room. We walked through and we were in the cavern we had exited from the day before.

We were again greeted by An-nah, our Inner Earth liaison, who told us that today another wall would be opened for us. We would step into a higher frequency of Lemuria than yesterday.

Our Guides were the Winged Ones from the Air Element. We climbed aboard these Winged Beings and watched the beautiful view as they flew.

We arrived at our first stop, a clear Crystal structure. It was a very large sphere - filling the inside of the sphere and extending through the top was a pyramid.

A group of vaporous looking 8th 9th 10th dimensional Lemurians spoke to us.

8th 9th 10th Dimensional Lemurians and the Cosmic Solar Chamber

This is a Cosmic Solar Chamber prepared just for you to assist you in experiencing yourself at higher vibratory rates. Please enter and choose a reclining seat.

Close your eyes and listen to the music. Colors will flow throughout the structure.

Electrical impulses carried on the specific Sound and Color frequencies will be carried into your seats, your body, your consciousness.

When our vibrational rate had increased, without our conscious awareness, positive images were being flashed into our consciousness, imaging us in various incarnations, dimensions, and time sequences, to reflect Who We Are as that 12th dimensional Christed Being of Light.

We experienced all this, then returned and remounted our Winged Guides.

Toning to Receive the Light Templates

We arrived at a Sound Temple that many of us used to frequent when we lived there. We went to the center of the room and started Toning, along with the crystal bowls.

We reached the required frequency and the Light in the Temples became a brilliant Gold as the Time Lock is opened.

We received the Light Templates and were bathed in that Golden Light.

Our Lemurian family embraces us and tells us this will always be Home for most of us. Our Light Beam transports us through various levels of the Inner Earth, transforming it along the way, then back into our time and space of our conference room.

The Triad Speaks About the Blue Crystal and Andromeda

This Blue Crystal was a gift of Source to Earth from the very beginning. It was pure Source Light Energy, containing emanations of Knowledge from the level of creative Source. It is the Source of your Being, the Light that you ARE.

As the Elohim made Earth more dense so it could better radiate Christ Consciousness out to the other planets, it was very important that all Christ Conscious Beings coming to Earth have this Blue Crystal emanation available.

The Union you created yesterday of Humans, Pleiadians, Arcturians, and Sirians allows you to open the channel to the Andromeda Collective Consciousness.

This 15th dimensional Andromeda Collective oversees what is transmitted from this Blue Crystal through these Star Gate interfaces, in a step-down mechanism. This could only happen after we successfully opened the 5th and 6th Dimensional Time Locks on that day and the day before.

The Consortium of Andromeda Elders

We have waited for a long time to share what we have nurtured for Earth for eons.

We are delighted you are now capable of using these channels of communication. We were able to retain Christ Consciousness in our Galaxy, when your Milky Way Galaxy was not able to retain it.

Your diligent community of Light is making a difference for Earth and for the Cosmos because you carry that Christ Consciousness.

In the next year, invite us into your Collective and personal consciousness so we may unite with you in the common purpose of elevating Christ Consciousness to new levels of experience for all Beings, all Cosmoses, all Galaxies, all Universes.

The Blue Crystal Channeling From Triad and Andromedan Elders

The Earth and Humanity have reached a new pinnacle of evolvement and the transformation continues. Even though you may see a lot of disruption in the world, do not get caught up in the chaos.

Be who you Are!

Lead your life in perfection of a Light Being, a source of pure Christed Energy. Love those caught up in chaos and have compassion for their pain.

Do not try to rescue others. They must create their own transformation. But love and bless what

you see in the outside world. Shine your Light! Trust that the negativity of the world is falling away.

After you leave this physical gathering, this beautiful Crucible of Light we created here remains available to you, this Collective Bubble - draw on it!

Simply direct your attention into this Holographic Sphere to access it.

And the Blue Light of the Blue Crystal of Knowledge shines brightly. Channels to the Crystal of Knowledge have opened - use them!

Saturday PM Session Summary

Activating the Elementals Joan Channeling the All That Is

Together with the Inner Earth, the Stargate, and the Andromeda communities, we projected the massive Light we carry as Christed Beings into all parts of the Earth, including the Inner Earth communities, into the Mineral kingdom raising it up and fully engaging it in this Light vibration, into the Crystalline Grid of Earth in a way that will never dissipate, and into the Earth, Fire, Water, and Air Elementals of Earth.

This magnificent projection of Collective Christed Light affected all parts of the Universe.

The Elementals now being free to create a New Earth.

They will assist the Mineral Kingdom and the Crystalline Grid to maintain this Light.

This Crucible we have just created is also permanently within each of us, each Being. Every place we walk on Earth we plant the seeds of hope, Love, and Light, creating a pathway that coming generations will use for a very, very, very long time.

Corridors deep within the Earth contaminated since the fall of consciousness, are now closed forever.

We have opened new corridors and pathways and filled them with Light for all to follow. We will learn much about these corridors in the coming years and will be shown technologies beyond our current imagination.

Feeling our feet on Mother Earth, grounding into Mother Earth. She is waiting for this connection. We then toned as a group for about ten minutes, with Jana leading.

Sunday AM Session Summary

Gabriel Centering Meditation

The Archangels have drawn very close to us at that moment, for at that juncture of our Gathering great Light was needed.

Feel our Light, our Love, our Embrace and draw it in! This is a very important day beloveds! Be centered in your Sacred heart, grounded in the Earth energy, but connect to the realms of Source and to the Archangels. Be very present in the moment. And stand tall in your Mastery!

Joan: We have been asking Guidance for a month now to give us more information about this 7th Dimensional, 7th Time Lock. And they kept saying, 'it's not time. It is so massive and it is very dependent on what happens within our group dynamic as we proceed in the 5th and 6th Openings.' So last evening and this morning they began to talk to Melainah. And with what they said comes a responsibility for this group to assume.

Commitment to Law of One and Do No Harm

Melainah: Our mission today is immense. And it will require a commitment from each and every one of you.

If we are allowed to open this 7th Time Lock this morning, the potentialities and power of what might again be possible has them questioning if we can hold this frequency, hold this space.

They are asking for a commitment from all of us known as the Law of One. Will you make a commitment to these Great Beings, to these Consciousnesses, but to yourself, to do no harm?

Our Group Collective Commitment

Mary was our spokesperson for our group Collective Consciousness at a certain point in our Journey.

We were being in our Mastery. We held our Essence and let it flow through her as she spoke.

Jean Luc Video Voyage into Infinity with Whales and Dragons

Joan: This video we are about to watch will help us reach the required frequency to make this commitment. It is about the White Dragon Energy, the Fire Energy, and the concept of 'Divine' which will be replacing our concept of Divine Masculine Divine Feminine.

Opening of the 7th Time Lock Journey

[Everyone physically has in their hand an Andara Stone or Arkansas Crystal]

Melainah led us on this journey. With every one of us physically having their hand on an Andara or Quartz Crystal - Our Light Beam again projected us into the Inner Earth Land of Lemuria, into a beautiful place that felt like a sanctuary.

We placed our Andaras and Crystals in a circle by a reflecting pond.
Channeling from the Inner Earth 12th Dimensional Luminaries

Joan: We operate only in that Collective Consciousness realm of 12th dimension. Draw close with us now in that iteration of you that is vast.

As you merge with our Energy, your frequency now resonates in a 12th dimensional state of consciousness - Collective Christ Consciousness. This is required of you to proceed.

We are here to assist you to maintain this frequency with us as we proceed.

We retrieve our crystals, which have been encoded by the Andarans and the Luminaries with 12th dimensional Energy.

We were projected into deeper levels of Inner Earth, into the realm of the White Fire Dragon of Inner Earth, who is a balanced expression of 'Divine' and who is the Guardian of the 7th dimensional Time Lock since it was placed at the fall of consciousness.

We presented ourselves to the White Fire Dragon to gain passage to proceed.

The Group Commitment to the Law of One and Retrieving the 7th Light Template

We collectively stepped forward and stated ourselves as the Grid Masters, with Mary as spokesperson.

When asked why we were there, we replied to retrieve the 7th Light Template, to open the Time Lock.

And when asked what our intention was, we replied that our intention, as an alliance of Masters, as a harmonic of our Collective is to embody this Light Template, to imprint it, to realize the Law of One in complete neutrality and Unconditional Love, Undifferentiated Light and Love, to seed it into the planet, to anchor it and walk the Earth, to create a grid of New Earth, and to carry this with us to radiate into all dimensions, all time, spaces.

When asked if our Collective Group makes the commitment to imprint the grid with the consciousness of the Law of One, we responded with a resounding Yes!

And asked whether we make that same commitment to ourselves, we again resounded with Yes!

The White Fire Dragon Channeling

Melainah channels White Fire Dragon, Guardian of 7th Dimensional Time Lock

I have received your Essence and permission is granted for you to proceed. You are but a small Collective group, but the seeds of change must begin somewhere. And it begins with you. We are honored to stand before you and accept your commitment. That commitment resounds through all the realms of the Inner Earth, to the consciousness of All Things, is imprinted in the fabric of all of these Great Beings who are here with you, supporting you in this mission.

It has been told for eons of time that someday, somehow these Time Locks would once again be opened. Little did we know it would be a group of humans, still residing in a 3rd dimensional body, who would be able to do this! Do you understand how great a feat that is!

We do. We are amazed. We are honored to be in your Presence and to be of service to you. So many things went awry many, many eons ago. Your open Hearts - we trust that you will protect all the beautiful things that are coming into your awareness.

So your next challenge now - as you see, there is a wall of Fire behind me. You must walk through that wall of fire. As you go, remember that the Fire Element is an alchemical catalyst of transformation. With the opening of this Time Lock, with your walking through this Fire of Transformation, nothing will be ever the same. You will never be the same.

We wish you safe passage. We look forward to seeing what you can do. So, if you would step through the Fire.

We emerged to where the shards exist of what is left of the base of the Blue Crystal.

Toning the Sound Code to Open the 7th Time Lock

The Andromedans were projecting the full Holographic Image of the Blue Crystal into this space, with all the Great Beings of our Holographic Sphere, the Star Gate Beings, and the Inner Earth Beings helping us hold stable the frequencies.

As the frequencies of the Blue Crystal increased, we were transported to the Time Lock.

In front of us appeared to be a scale of sorts. We carefully place one by one our encoded Crystals and Andaras, keeping it balanced.

With Jana leading, we all toned the Sound Code to open the Time Lock: Na Ha Ta until we reached the required frequency range for the Time Lock to open.

The Journey of the Opening of the 7th Time Lock

We opened ourselves and breathed in the massive Energetics of this Time Lock, the most refined frequencies we have ever encountered as Humans. We let it merge with the very fabric of our Being.

When we were ready, we carefully removed our Crystals and Andaras, one by one. We were transported back to the room with the Blue Crystal.

We reveled in its magnificence. We allowed this tremendous gift to be imprinted in our consciousness.

Finally we had to leave. With tremendous Love and gratitude for all the Beings there - the Luminaries, the Andarans, the White Fire Dragon of Inner Earth.

Once we had left, the Andromedans returned the main portion of the Blue Crystal back to Andromeda for safekeeping.

They left a small segment here, in the 12th dimensional Christed Matrix of Inner Earth and in the Sacred Heart of Humans.

So may the true Wisdom be returned to the consciousness of this World.

We were returned to the sanctuary area, breathing it in, taking it into our memory codes, knowing that this Inner World has been forever changed by our Presence.

We returned through all the layers and dimensions of Inner Earth, altering them as we passed through, raising their frequency, and back to our surface conference room time and space.

Final Channeling from Metatron in the Triad on the 7th Dimensional Template

As way showers and facilitators to bring forth these Light Templates to humanity, your work must now be done in great precision.

A dispensation was given to each and every one of you in the first month of 2017.

It is a real energetic beloveds. There is no rush.

It will take 3 years of Earth time to integrate this massive 7th dimensional Template. Within those 3 years, your body will no longer have to struggle to be fully in 5th dimension.

Integrating the 7th Dimensional Template

Integrating the 7th Dimensional Template is all about Collective Christ Consciousness

First you have to drop many perceptions of yourself as the individual because the 7th dimensional Template is all about Collective Christ Consciousness. The body will come along and shift in its dimensional frequency.

Do not be concerned about the process - only know that it is happening.

One of the things we wish to communicate with you today is this perception of masculine/feminine energy. DROP IT. DROP IT TODAY!

The Divine Masculine the Divine Feminine are not separate, but a unit of Divinity. You are required to hold this new level of unification in your body. Drop the concept even of Divine

Feminine Divine Masculine. We'll temporarily replace it with the Yin/Yang concept.

It has a Tone to it, a Sound to it. You are only defined by your Divinity.

Merging into Unity the 5th 6th 7th Dimensional Templates from 2016 and 2017

We then merged the 2016 5th dimensional Light Template into the vaster 2017, 5th dimensional Light Template. Then infused this merged 5th dimensional Template with the Undifferentiated Light and Love of Christ Consciousness from the 7th dimensional Template.

We then merged the 2016 6th dimensional Light Template into the vaster 2017 6th dimensional Light Template, then infused this merged 6th dimensional Template with the Undifferentiated Light and Love of Christ Consciousness from the 7th dimensional Template.

Entering the 7th Dimensional Template

We then entered into that 7th dimensional Template and felt its spaciousness, the unlimited Divine Essence and the purity of that Essence in great excitement and Joy!

We then felt in our body the unrestricted flow of energy that was now present between the 5th 6th 7th dimensions - pure Undifferentiated Light and Creative Love.

Metatron: You have done well, beloveds. Ehyah Asher Ehyah!

Sunday PM Session Summary

Closing Circle

We shared our experiences, Love, and gratitude, and released the Etheric Crystal back to the Lake Portal.

What to Practice from the 2017 Crystal Conference

Always begin your work by:

1. Clearing your field.
2. Making sure your aura is at 100% Light in a 5th dimensional frequency.
3. Entering our Holographic Sphere and greeting the Great Beings within it.
4. As Way showers for humanity you must now work with great precision. Recognize the Dispensation you were given in January 2017, to do this work. You have to drop many perceptions of yourself as the individual because the 7th dimensional Template is all about Collective Christ Consciousness.

Drop today this perception of masculine feminine energy. Drop the concept even of Divine Feminine Divine Masculine. We'll temporarily replace it with the Yin/Yang concept. But really we will replace it with the concept simply of 'Divine'. You are only defined by your Divinity.

Even though you may see disruption in the world, do not get caught up in the chaos.

5. Be who you ARE! Lead your life in perfection of a Light Being, pure Christed Energy. Reflect on what we have created during the conference, focus on what is right in the world and many loving, helpful people along the way. Trust that the negative is falling away out of this world.
6. Put your attention into our Holographic Sphere, our Bubble, and draw from it the strength, energetics, and resources that you need, especially if you are disturbed at any point in your daily life. Take time and withdraw into this Bubble and reset yourself to the higher frequencies.
7. Practice accessing, through the channels that have been opened, the Knowledge of the Blue Crystal, as its Blue Light shines brightly.
8. As we did outside on Saturday afternoon, feel your feet on Mother Earth, ground into Mother Earth, and with the Inner Earth communities and the full Collective of our Holographic Sphere, project the massive Collective Light of Christ Consciousness into all parts and dimensions of the Earth, all communities within and on the surface of Earth, and into all the Kingdoms, so the Elementals can now create a higher frequency, exquisitely beautiful Earth for all Earth Beings to live in.

9. Continue to implant the Law of One we committed to on Sunday morning, into the grid of the Earth, so it once again becomes the consciousness of the fabric of our world. Do no harm to others and do no harm to yourself on any level - but live in the benevolence of Christ Consciousness.
