

**Metatron:** Greetings, It is I, Metatron.

I have come from the Realms of the All That Is. I have been charged with the duty to be the voice of the All That Is in this sequence of time and space.

An Edict went out from the Realms of All That Is in the entire Cosmic Realms. So, it has been my duty to present to you and to read this proclamation, as I have been directed.

So, take a deep breath now.....

### **EDICT**

A Graduation Ceremony will be created and given to the entire Human Collective of Seating of The Divine Image. This Rite of Passage will be in recognition of the auspicious service that was given by many devoted Spirits who took on a human embodiment in a sector of a Universe that was in a dense and unconscious state. These great SoulSpirits took on a human form to contribute to the raising of human consciousness as well as to assist in the raising of a Christed Planet.

The name and accomplishment of each member of Seating of the Divine Image will be registered in the Universal Hall of Records in recognition of this service. Their names and service will also be registered in the Akashic Records for eternity.

Let it be known to all the Creative Realms of Source that this outstanding achievement award is hereby recognized and documented for eternity. All will know and be able to identify these auspicious Beings for their contribution.

### **PAUSE**

**[3:13] Metatron, cont'd:** Dear Ones, it is important that you see and remember the magnitude of your Spirit. The Soul that you created from your Spirit for this incarnation had to be of equal authority and auspiciousness in order to hold the Light that you were required to develop and use in the last five years. This year you created the final merging of your SoulSpirit. This merging will be for eternity.

This is not an ordinary graduation ceremony. It has far reaching effects to your SoulSpirit that now emanates Christ Consciousness. This graduation has far reaching value in the system of the Akashic Records. It will go down in the Halls of Eternity as a Human accomplishment that was achieved in no other time or space. This achievement must be recognized and recorded because it will be utilized often by other humans who come into embodiment in the different iterations of time and dimensional sequences. It will also model to other non-human forms that have an existence in a level of matter.

**Metatron, cont'd:** We do not take this accomplishment lightly, nor do we want you to take it lightly. This achievement award is given to you as an opportunity for you to see and remember the magnitude of your service during this time of great change and Ascension.

All members of your Crucible have gathered to witness this event. They gather also to celebrate with you your graduation. Also know that each of your personal Guides and Angels are in attendance to be with you to celebrate and witness your graduation.

Know that you have arrived at the conclusion of the Teaching series of Seating of the Divine Image. You will continue to receive our Guidance as long as you desire.

We want you to fully absorb every part of this Graduation. Do not look to the future. But be in the present and absorb the magnitude of your achievement. We want to allow a time and space for you to completely integrate what has occurred in this Graduation. When it is appropriate, we will continue our Master Teachings and Guidance in another series that will be available to those who wish to pursue another level of Energetic evolvment. But for the present, just be in your Mastery and integrate the Beauty of what you have achieved.

Now, take a deep breath.....

Be very present in this moment.....

And very aware... of what has just transpired.....

Take it in... and begin to integrate... what we have just communicated to you.....

Another breath..... [Pause]

**John:** Thank you, Metatron, for all the wonderful words and the significance of what we just went through. It was really amazing.

Now next, Melainah would like to bring forth Mary Magdalene and Yeshua, who will present us all with our Light Scrolls.....
