

Well, Beloveds, it is time to close this beautiful Gathering.

You have done well. You have received with open Hearts.

And within yourself you recognize the Beauty of you and the power of you, that Element of Love that is interwoven within your Spirit, within your Soul, within every cell of your body. You ARE a Divine species of Light in form. And you know this! You know this.

We look forward to this Conference for all who will gather -- and those who are unable to be present will still be there.

So, take a deep breath.....

Be in your Crucible.....

See the unified expression of every Realm that has gathered:

Every Star Being from Sirius, Arcturus, the Pleiades,

All of the Inner Earth Communities –

the Telosians, the Lemurians, the Luminaries, the Ancient of Ancients,

And each one of YOU – the human representative of Earth.....

sitting in this Gathering in your Light Body,

gathered in Unity, gathered in the Element of Love,

refreshed in ways that can only occur in this Crucible of Light,

refreshed at a Spirit level, at a Soul level, at a physical level,

ever united with not just members of our Crucible --

ever united within that Divine expression and the Realms of Creation.....

These Realms are your roots, Beloveds.

Never forget that!

Know it.

Refresh yourself often.

You have great work yet to do with us.

So, with that, we will close our Gathering in great gratitude and Love to each other and to the Source of All That Is.

Blessings, Beloveds!
