

A -- John's Introduction and Announcements:

Welcome back to Seating of the Divine, Level 4, Session 14, October 22, 2019.

We would like to thank you for all the efforts that you put forth during the Conference. Together we created a successful 2019 Crystal Conference.

For those who were not physically present at this event and would like to, you can purchase the recordings of the Conference by sending us an email to request us to send you an invoice for their purchase. We highly recommend that everyone have these recordings, because the next several months of Teachings will expand on the concepts and Energetics that were presented. This was another valuable Initiation step in our Ascension process.

We have been asked to communicate to those that attended and those who transmitted their Energies into the Crucible from home that our Teachers and Leaders in the Crucible were amazed at what was accomplished, and you all deserve a huge pat on the back. We all achieved much more than was expected and should be very pleased.

B – John's Review:

The following is a short review of what took place at the Conference as a reminder:

The Energies were set precisely in the room before we started.

Everyone created the Sacred space within the room to receive what was to be given by our Teachers of Light.

On the screen in the front of the room was a beautiful multidimensional Flower of Life.

To assist us in increasing and holding our vibratory rate, Melainah led us in a breathing exercise.

Next she helped us bring in the next level of the Magenta Light Coding to flow into the Flower of Life.

We have always been a part of this Flower of Life, but most of us have forgotten.

We are holding a 5th through 7th Dimensional frequency in our bodies and were asked to maintain this throughout the Conference.

We were then told that this weekend is the next step in our Mystery School Initiation.

B: John's Review, cont'd:

Next Melainah asked Metatron to explain "Who we were" as a Collective of this Crucible.

We were prepared to receive this answer because of the previous Teachings and the Energetics that were just put in play.

Metatron explained that we each are a unique Master, far above anything we can imagine.

We all took a chance to come here at this time, due to the danger of being caught in the Karmic wheel and being unable to get out.

He had us sit in the brilliant Christed light to see who we ARE.

We are the Center of the Flower of Life,
and henceforth, we will see ourselves as those center dots.

Joan next explained that during these three days that every new sequence has an energetic importance, each building on the preceding ones.

Our next adventure was amazing –The 2nd Iteration of the 6th Dimensional Light Template:

Melainah assisted us in taking advantage of the invitation to visit the Sirian High Council by going to the Sirian Stargate.

Using our Merkaba, we first arrived on Sirius B and were introduced to Archangel UnTaLa, our host.

Archangel UnTaLa then guided us to Sirius C, where Archangel AnRaTa was waiting for us, and we reviewed our 2018 retrieval of the 6th Dimensional Light Template and brought it into present time.

We were then ready to proceed to the 2019 Retrieval of the 2nd Iteration of the 6th Dimensional Light Template.

We entered a Crystal Temple of Transparency (a four-sided Pyramid) to complete our task and sat with the entire Gathering of the Sirian Council of Elders.

Archangel Zadkiel addressed the group to explain that he is also part of the Sirian Archangelic League and plays a dual role of an Archangel on Earth as well as a Sirian Archangel.

This makes unifying the two Energies an easy Step.

The 2nd Iteration of the 6th Dimensional Light Template was retrieved.

AnRaTa then explained the many facets of this template and how it affects our mental-emotional body as well as the neurology of the body.

We received the 2nd Iteration of the 6th Dimensional Light Template in the Temple of Transparency.

An RaTa explained that with this 6th Dimensional Light Template, all will be divulged, nothing will remain hidden.

The Energetics and the concepts were presented in a Holographic format

that will take approximately three years to assimilate.

Next, with Melainah's Guidance, we returned to the 2018 7th Dimensional Light Template Retrieval:

She took us back to Hawaii to be in the Vortex of no time, no space, no dimensions.

With the help of the White Fire Dragons,

they guided us into the 7th Dimensional Light Template.

We also were joined by the White 12th Dimensional Beings of the Elemental Kingdom.

The next part of the process was the arrival of the Four Archangels,

to take their places at each point of the four-pointed Diamond.

Then to our surprise, Yeshua took over through Joan to tell us that the door

to the 7th Dimensional Time Lock was open.

The next part was one of the most significant of the Conference:

Yeshua then stated that he was bringing us the next Iteration of the Divine Feminine,

which will be the significant part of the Energetics

of this 2nd Iteration of the 7th Dimensional Light Template.

We then heard from THE SHE, as this aspect of the Divine is being called.

By receiving this Light Template, we are not only allowing the Sacred Feminine to return,
we also allow for the Divine Masculine to return...

For one cannot exist without the other.

He then left us with the following:

If you look at the word "SHE", you will notice that it contains "HE".

The 2nd Iteration of the 7th Dimensional light Template opens our consciousness

to a larger perspective of the ALL THAT IS

and our Unity with this massive creative mind.

The Quadratic Level of Collective Consciousness:

To end our Energetic transmissions, Metatron brought to us the next level

of Collective Consciousness – the Quadratic level.

We heard from each of the four members of the particular Quadratic we are dealing with:

Metatron, Melchizedek, Yeshua, and Michael.
