

Greetings, It is I, Metatron.

I come from the Creative Realms of the Source of All That Is.

I come as the Overseer of the transformation of a Christed Planet: Earth.....

You have come far, Beloveds, in this year of your time especially. We were able to give you Holographic transmissions, Energetic downloads, concepts, Teachings that have accelerated your consciousness tremendously. And you have been like sponges absorbing, taking in. And as you have done that with dedication and Love in your Heart, something wonderful has manifested. Something YOU created with your desire to have these transmissions and these Teachings and these Energetics be absorbed completely into your human form – in EASE and Harmony -- so that even when you are working with clearing residual distortions, it is done in Ease. And that is because of your open Heart, your Heart chakra, because you value your body and you value You as a co-creator of this project.

Now, I wish to speak to you this evening about that 2<sup>nd</sup> Iteration of the 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimensional, the Light Elements [Light Templates]. Something has occurred within you and within all of the transmissions that have transpired this year. This 2<sup>nd</sup> Iteration of these Light Templates has a profound effect on the 5<sup>th</sup>, 6<sup>th</sup>, 7<sup>th</sup> Dimensional Templates. There is a vast amplification that has taken place within these three Light Templates. A stability that was never present since the decline of consciousness into 3<sup>rd</sup> dimension has occurred in that 5<sup>th</sup> Dimensional Light Template. It has now become very stabilized in your consciousness and in your body.

What this does, Dear One, for humanity is great, because this amplification of that 5<sup>th</sup> Dimensional Light Template and the stabilization of it in a human form, which you hold as you sit in this Crucible with me, is transmitted to the collective consciousness of all humans in a stable position, at whatever level that it can be received. Just as when we gave you the information on this Light Template, we had to give it at the level in which it could be received. And it has taken three years for you to create with us this amplification and stability, which you now transmit. So, when other humans receive it and begin to integrate it, it is very stably positioned in their body, in their body consciousness. This could not have occurred without You first doing it for you.

Be aware, all of this is for you as well as for all humans. But You have to take the step first and hold it your body. And you've done that! You've done it proficiently.

Your Mastery is now beginning to come into the forefront of your vision, the vision of that beautiful 3<sup>rd</sup> Eye of yours. Do you see that? Not all of it, but enough of it that you now recognize yourself as a Being, a significant player, in this project in this Crucible.

[6:39] The amplification that has occurred since our meeting in the Conference has expanded tremendously, just since the end of September of your time – a short, short period. And this is due to you, Beloveds, to your dedication to this project to the raising of a Christed Planet and the raising of consciousness in all humans that are embodied on Earth at this time -- and those coming forth in the generations to come.

You have cleared some of the lineage of your personal lineage. And then as you transmit this stable 5<sup>th</sup> Dimensional Light Template, more lineages will be cleared of the distortions that hamper them as they take on embodiments. Just as when you took on your embodiment, how your physical lineage was so limiting to your ability to recover the fullness of who you ARE. But with these amplifications within the 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> Dimensional Light Templates, much can be restored that could not be restored previously.

You know, at the fall, or at the decline of human consciousness on Earth into 3<sup>rd</sup> dimension, as that decline took place, there were certain filters put on your Heart in your Sacred Heart, because the consciousness no longer could support the viability and stableness of your Light. Humanity needed to experience separation. Hard to believe! But this is what has brought you to this juncture at this moment. This is why you came into an embodiment in such a dense body, in such a dense lineage. And your Light has shined so beautifully within that lineage.

Now that the door to that lineage has been sealed shut, you will no longer be hampered by its influence. The influence now will come from your Light Body, will come from these amplified Light Templates, from the Element of Light, as a co-creator in the resurrection of a Christed Planet.

Not only have these Light Packets been amplified tremendously, but the Light Packets, those beautiful Light Packets that we had you review in the last few days, the DNA Strands that were activated -- they were activated before this 2<sup>nd</sup> Iteration came into being. And now those activations are amplified to a great degree. So their function becomes more viable. And your Presence in your Light Body receives those amplified frequencies, so that they can be transmitted into your Etheric body and then into your physical body consciousness.

So much is occurring now, because You, as the individual in this beautiful Crucible of Light, have had the dedication, the tenacity, and the purpose to receive and integrate all parts of these Light Templates, especially this 2<sup>nd</sup> Iteration. This was such a game changer, for you and for humanity. And it flowed in such Ease into you -- into your consciousness, into your body. And this is how you will navigate the next three years, as we guide further into your Ascension process. Everything has changed, because of this 2<sup>nd</sup> Iteration that was Easily received by you.

So, with that said, I would like to turn this session over to Master Yeshua.
