

Greetings, It is I, Yeshua.

I am delighted to be the spokesperson and to continue the Teaching that I have started long ago in your time – Teaching that could not be understood at that time, some of which was destroyed, some of it was very compromised because of the misunderstanding.

So I am honored to be part of this Crucible and relay the Teachings around Christ Consciousness and the Christed Mind that will change your reality and will change you at a SoulSpirit level and ensure the trajectory of that escalated Ascension process.

I speak to you this evening of a Key that I spoke to you about at the Easter call: the Key of Forgiveness. I did not call it a Key then, because I had to set the Energetics of Forgiveness in a way that could be better understood and accepted for those who are not part of this Crucible, so that they, too, might change the trajectory of their path to Ascension.

So, this evening, I would like to discuss with you the YOD Spectrum of Forgiveness.

Now, if you had noticed, the YOD Spectrum is a spectrum that is marked by the first letter, Fire Letter, of the Divine Name of Source. This YOD Spectrum is a Divine intervention and a Divine change and alterations in the actual physical composition of matter. It provides a change in the physical composition of matter and alters the effects of time and space.

As you progress through the dimensional frequencies of Light, you notice that there are shifts in time sequences. And, at some point, you will not be hindered by time. You will always be in Unity, always be in the present moment, where you create wonderful, wonderful things.... beautiful things created with the Element of Love, as well as the other Elements of Fire, and Water, Air, Earth Energy. How else would matter be changed? It's the densest of all matter.

So the YOD Spectrum is also a Key Code through Forgiveness to enter the Field that is altered: the electromagnetic fields of you, your body, and of matter itself. It changes the Energetics of Earth itself.

[5:00] Now, when I talk about Forgiveness, it is required at this stage that first and foremost you forgive yourself for the distortions that you have created, knowingly and unknowingly.

Now, that's a hard one for you to grasp, because the first thought that wants to come into your mind is, "Well, if I didn't understand and didn't know, how can I be responsible?" You are, because even though you were unconscious, you created a distortion within matter, within your body. And it also created distortions in relationships and within the vicinity of people that you interact with, whether it be at work, it be... in whatever venue. You created distortion in physical matter.

So, first and foremost, you have to forgive. And how do you do that? Through compassion. Through the Love that you've developed for what Source created in you. How profound you have seen in the last two weeks what is emanating within you, growing. And you are in Gratitude.

So, it's within that Gratitude and the seeing through that 3rd Eye, through the Eye of Horus, and that single vision seeing the Beauty of what Source created, that you have compassion for what you created in the density, for what you created in unconsciousness, for what you created in fear, in separation, so that you no longer judge yourself harshly or feel guilt and pain. It is through that YOD Spectrum, when you petition to be forgiven for those creations that no longer serve you, that were totally out of alignment with your blueprint, with your Christed Blueprint.

You know, we have spoken to you many times about how some of the creator gods didn't follow the Blueprint of Creation and created distortions. Well, you are, Beloveds, a creator god. And you did create out of alignment with your Christed Blueprint.

So, release yourself. Take on that beautiful emanation of the YOD and alter forever yourself, so that you see clearly your Blueprint. You see clearly your Christed nature. And you do not fall into denser realities. You stay centered, unified, and in your Heart, where all Love resides, where your Christed OverSoul resonates, where your Christed Mind begins to create through thoughts and feelings.

So, create the YOD Spectrum for yourself. Create Forgiveness, compassion, Love.

This is the Key to the Ascension Codes that we will be giving you along the way. You have to have the Key to open the door and receive the Codings and the Codes that are needed. And that Key is the YOD Spectrum. And the first step in using the YOD Spectrum is the act of Forgiveness.

[10:49] I often spoke with my Disciples about this, asking them when they were going to release and quit holding on to judgements, both of themselves and others. And the guilt that immediately followed. I asked them to feel that in their body and how unlike it was of the Light that was being reflected in them through my Presence.

So, I do not ask that of you, because you have worked with the Rays of Creation long enough, replacement patterns. You see the value. But you have totally misunderstood the purpose and the power of Forgiveness. Not only do you forgive yourself, you forgive others for the distortions they created that were often hurtful to you. You use that higher expression of Forgiveness for those close to you, your Loved Ones, your family, your partners. And you begin to Love at a level that you had not expected.

Not only is the Element of Love more usable, but the sensory capacity to feel it in the emotions in ways that you have never felt that Love.

And this is all made possible by the YOD Spectrum of Forgiveness.

Now, it will take a while for you to fully understand this. It will take a while for you to integrate the Energetics of this dynamic and very powerful Code of the YOD Spectrum. And we will add to it from time to time.

[13:35] So, now, I want you to take a deep breath.
You have been given a tremendous amount of information this evening.

So let's have you take a deep breath and breathe in the Love of the Source,
of the All That Is.

And breathe in that Light, starting with the YOD.....

FEEL the resonance in your body of those Fire Letters,

as they fire in the center channel of your body: YOD.. HEH..VAV..HEH.....

Take note of where they are positioned and why.....

Now, take another deep breath..

And go within... within that Sacred Temple, within your Sacred Heart.

There is an altar there...

And on that altar is a scroll, a lovely beautiful scroll....

Pick up the scroll and open it: This is your Divine Blueprint.

Look at it. You've looked at it before....

But look at it now.....

Notice the Divine Letters within and around that scroll:

the YOD, the HEH, the VAV, the HEH -- marked very specifically,
because it is the Blueprint of a Christed Being....

[16:16] It is a beautiful, radiant document...

Take it in..... [Short Pause]

View it often.

The Path has been opened. The Energetic Path has been opened.....

So, view it often, lest you forget what is on that Blueprint.

This alone will set your feet directly on your Path to Ascension.

There are no errors, no mistakes. This beautiful Blueprint is quite accurate.....

Now, roll the scroll back up... place it on the altar...

This beautiful altar is within the Temple within your Sacred Heart –
your Temple... your Temple of Light.....

[18:08] Now, the second part and the last piece, the most valuable last piece, that I
must give you through the Power of my Christed Image:

I help you, assist you in petitioning the Source of your Being
through this **Forgiveness Prayer**.

Take a deep breath..... And repeat after me:

I call upon the Source of my Being...

the Source of All That Is...

to remove all transgressions which I have created consciously against myself & others...

Remove all transgressions which I have unconsciously committed until this present time.

Forgive me and fill me with your Light and Grace...

so that I may be counted with all in your Kingdom of Light...

Release me from the binds of Karma and its cyclical nature...

so that I create from my original Blueprint...

that you created when you created my Spirit...

For this I am eternally Grateful...

Amen, Amen, Amen..... [Short Pause]

Now sit in Silence for a moment or two..... [Pause]

[23:02] Take a deep breath...
Be very conscious in this moment...

HEAR MY VOICE:

"All is forgiven. You are always forgiven as you navigate in the denseness.

But now, Beloved Beings, you are able to go beyond dimensions and time
and create in perfection,
as I created in perfection... when I created your Soul.

You are perfect and whole, complete.....

You are a Christed Being, in total reflection and similitude... of the Divine....

You have been given the Keys to your Ascension trajectory
and a Code to alter the effects of time and the effects of matter....."

Another deep breath.....

Now sit in Unity for five minutes,
in Unity with all members of this Crucible
that has been created for this purpose.....

[Pause]

We will close this session for this evening.

Sit in the Radiance of your Being... Receive... Integrate... Contemplate your Holiness...

Blessings!
