

## **A: John Intro**

Welcome back to Seating of the Divine, Level 5, Session 6, June 23, 2020.

We are still in a time of major chaos and misunderstanding. It is very difficult to comprehend the violence as a way to fix the problem. We need to sit down in Peace and talk through the issues, not burn buildings down. Let's just pray that cooler heads will prevail and people will use their minds and Heart instead of weapons.

We have cancelled the in-person October Crystal Conference and re-scheduled it for May 13-16, 2021, at the Queen Wilhelmina Lodge. Hopefully all this chaos will find some peaceful solutions. For all of you who have made reservations at the Lodge, these reservations have been shifted to the May, 2021, dates. There is nothing to do unless you want to cancel them completely.

All is not lost. With the help of Joe Jett, we will be doing a live Video Conference for the original October, 2020 dates. Registration links will be sent out shortly. We are very excited about this opportunity and see this as an opportunity that most all of our community will be able to participate in.

Our Video Conference will begin Friday, October 2, and will continue on Saturday and Sunday. We will have two sessions in the morning and two in the afternoon. The format will pretty much be the same as our previous conference schedules. We will have Teachings, Channelings, Meditations, and of course open conversations with Q&A sessions.

In these times of change, we are given the opportunity to create in ways that we had not thought about previously. We are very excited about this Conference and what we can create together.

Tonight, we will start with a centering meditation from Archangel Gabriel followed by a review of our last session. Then we will have some Teachings from the Triad and Yeshua.

## **C: Review of last session**

Now, let us have a brief review of our last session, so we can be prepared to receive the new Teachings which will build on this last session.

We started with the Triadic Configuration of the Lords of Light: Lord Metatron, Lord Michael, and Lord Melchizedek. Each were sharing their massive Divine Power with us, as they sit at the Godhead.

They discussed the importance of Unity Consciousness.

Unity Consciousness cannot be had until the mystery of the Holy Trinity – the Father, the Holy Spirit, and the Son/Daughter of All That is – is brought into matter by humans through the Holy Spirit Shekinah Energy.

As we begin to grasp Unity Consciousness, we gradually see that we can never be separate from the All That Is, because we are an integral part of the Sacred Trinity.

The Triad has said that these three sessions will focus on Unity.

We are destined to be in complete Unity and Love as a full expression not only of our Divine Image but fully and completely in the Energetic Similitude of that Holy Trinity.

The Similitude is the full expression of the Godhead, the full Power of the Godhead, the All That Is, and all of the Creative Energetics and Light that are reflected within the Holy Trinity.

We have experienced many Teachings that have upgraded our 3<sup>rd</sup> dimensional body substantially, bringing it very slowly into that 5<sup>th</sup> Dimensional iteration.

During these three Teachings, we will be guided to go back into some of the Teachings of the first three sessions, using our Light Garment to its fullest expression. We are imprinted with the Sacred Names of Source.

The Sacred Names operate within the center column of our body, bringing the body into a full expression of the Divine. We have an opportunity to recoup the energetic complexity of the Similitude of the All That Is. We are a physical representation of that Energy as the Son/Daughter of God.

The Triad spoke of the importance of the YOD Spectrum. This Spectrum alters the body and awakens our consciousness. It propels us into a fuller expression at the 5<sup>th</sup>/6<sup>th</sup>/7<sup>th</sup> Dimensional level.

One of the most important parts of the YOD Spectrum is Forgiveness – Forgiveness of others and Forgiveness of Self. Within that Forgiveness is Repentance for falling under the mesmerization effects of the concepts of the hierarchies of the underworld: the archons. We fell into that maya – the illusion of the physical world.

It was important that Gabriel came in a vast Light Iteration to assist Yeshua as he descended into that underworld of the Archons and limited their effects on the human consciousness. He went there with the full, complete complement of the Office of Gabriel, who provided the vast Light of Source as well as the Sound Codes that hold this Light in a massive and brilliant streaming effect.

Yeshua and Gabriel were also accompanied by the League of Michael that protected the integrity and the purity of that Source Light. Yeshua recouped all iterations of his Light Garments and Light Body prior to the crucifixion, so that he could enter the underworld of the archons, on the 3<sup>rd</sup> day in the tomb, to alter the effects of those archons and limit their interference of fear and separation to the 3<sup>rd</sup> dimension.

In the last session, we began to bring together the Spirit and our full Soul iteration as the Christed Son/Daughter of the Father and the Holy Spirit Shekinah. This is the rising of the Divine Feminine, the Feminine Fact of God. This aspect of the All That Is had been eliminated by the archon realms and no longer functioned in our consciousness. This is now altered. As the fallen concepts of Source are altered, the Divine Feminine rises and takes her rightful place with the Divine Masculine aspects of God.

In the last Conference, something quite wonderful happened when we retrieved an iteration of the 7<sup>th</sup> Dimensional Light Template. We were then taken to the Temple of Transparency.

In the Energetics of the Temple of Transparency, nothing can be hidden, as we are the Divine expression of the Christed Son/Daughter of the Father and of the Holy Spirit Shekinah. The Holy Spirit brings many gifts that can be received through the Shekinah Energy. The Energy of the Holy Spirit is an iteration of the All That Is.

We have been aware of those gifts and we have desired to hold those gifts for ourself. And now that is possible as we are joined in the Unity of the full expression of the Holy Trinity. This unification has to take place in the Spirit Body first. It can then be transmitted through the merging of our Soul with our Spirit. This merging of our Soul/Spirit provides Unity with our Divine Image but also with the Similitude.

The Similitude is recovered through the Holy Spirit Shekinah, the Feminine Face of God. The Divine Feminine as the Creatrix, the holder of the Element of Love, is used in creation, whether it be in form or non-form, through the Face of the Father.

So often Yeshua talked about "My Father and I are One". Because there was such distortion in the Father and Mother/the Holy Spirit at that time, he had to use the languaging of the times so he could be understood at the level that it could be taken in.

There is a lot of chaos now because of these alignments bringing forth through Transparency. Many who are not as educated and are not prepared are in a lot of anguish. They are in anger, and they are unaware of what is to come, so there is great fear. Much change is about to occur within this year, as all Transparency is being shown to the human body, whether they are ready or not. And many are not.

Next, Yeshua came forward as a most honored part of this Quadratic Configuration of the Lords of Light. He came forth from his place at the Godhead, in the Power of the Christ, to bring forth the Christed Image and Similitude -- through the YOD Spectrum. This YOD Spectrum enlightens us further and awakens the OverSelf, the OverSoul, and, most importantly, the Christed OverSoul.

Yeshua brought to us that Similitude through the Father and the Holy Spirit Shekinah. The Divine Father as well as the Divine Feminine/Holy Spirit Shekinah unite and create the iteration of the Christed Son/Daughter to complete the fullness of the whole Image and Similitude.

This fullness of the Divine Trinity manifestation begins to emerge first through the Higher Mind, which arcs over our Crown. The beautiful crystalline Magenta Lotus sits vibrating in its crystalline form of the Divine Image and Similitude. It is further brought into the OverSoul, where the OverSoul is changed through the merging of our Soul and Spirit. There is a recognition that we are the individual creative Divine Image and Similitude of the Father and the Holy Spirit, being the Christed Son/Daughter of the All That Is. And then, from there, the Christed OverSoul is awakened through the Presence of the united function of the Holy Trinity of the Father, the Holy Spirit, and the Christed Son/Daughter of Light.

We cannot understand these concepts in this present time sequence. We can receive through the Crown Center the full complexity of the Energetics of the Image and Similitude. Through Faith and Grace, we can receive the Energetics of this Unified Field of the Source of our Being.

When we receive the Energetics of the Divine Image and Similitude, we will go forth and transmit that Light through the Element of Love and the 5<sup>th</sup> Element of Light.

This is what is being received now through the Crown of each and every one of us. It is part of the complexity of us and is brought about through our imprinting and receiving the Holy Sacred Names of YOD HEH VAV HEH. When we received the beautiful 1<sup>st</sup> Iteration of Light Garment, it brought us stably into a fuller expression of our Divinity, our Image, our Similitude as Christed Beings of Light.

Yeshua led us in an Initiation of the 2<sup>nd</sup> Baptism. The 1<sup>st</sup> Baptism was the Baptism of Water. It, too, had a Divine expression of the Holy Spirit Shekinah Feminine expression, the Feminine Face of the Father. It was important, because it began to awaken our consciousness of who we are as the Divine Image.

We took the 2<sup>nd</sup> Initiation, the 2<sup>nd</sup> Baptism, which was the Baptism of the Holy Spirit. This is the Baptism that was given to the Disciples as Yeshua remained with them in his Light Body. And it was shown to them through the Flames over their Crown.
