

John's Intro and Announcements:

Welcome back to Seating of the Divine, Level 5, Session 9, August 11, 2020.

Well, another rough month to deal with!!! This has been an unprecedented time period and no one has any history to pull from as a reference point.

We think the best way to approach what is happening is to slow everything down. Find a centered quiet space, so we don't get caught up in the chaos. With all the smoke screens around us, it is very difficult to stay removed from direct contact with the day to day mess that we observe in the world.

Now for some announcements:

We will have a GridMaster call Sunday, August 16, at 1:00pm CDT. We hope that you all will join us and Metatron to hold the 5th Dimensional Light Templates and transmit it to all humanity. These are such chaotic times. We can contribute to diminishing the fear and chaos by stably holding the 5th Dimensional Light Templates in our bodies and in our Crucible and transmitting it fully into the Earth's Energetic Field as well as into the Collective of all humans. We will have a short open discussion and channeling and then a silent group meditation.

We also ask for a volunteer to facilitate our September GridMaster call, which will be held on the third Sunday of each month. We will need volunteers for each of the remaining months for this year.

Reminder about the 2020 Light Conference: We invite anyone who has not registered to consider registering soon. We would like to have as many members as possible of our Crucible participating in this event.

As you know, each Conference was built on the previous Conference. Every year the Energetics were expanded in ways that provided a life-altering state of Consciousness. We are so excited about this year's Conference and we look forward to how we can create together in our Crucible. All of the Teachings this year have been in preparation of this event.

Now, we will start off with a centering meditation from Archangel Gabriel, followed by a review of our last session. Then we will have a Teaching from the Lords of Light.

So, take a deep breath and welcome Archangel Gabriel.

John's Review of the last Session:

Lord Michael led the teaching of our previous teaching session.

He spoke to us about an important aspect of Unity Consciousness of our Spirit level. He wanted us to fully understand that we are the producer of our life experience. From our Soul level, we are the director. And from the body level, you are the actor.

We play roles in each embodiment. Sometimes they are masculine roles; sometimes they are feminine. And attached to that gender are roles such as mother, father, son, daughter, student, teacher, healer – many roles that we all have played in the course of an iteration of a time sequence. We have stepped out of the old paradigm of gender separation through our Crucible Unity and through the Element of Love.

We have generously been of service to the Earth and humanity by unlocking the Time Locks and holding the Light Templates within our physical bodies. Lord Michael told us that it is important for us to recognize that we are capable of holding these Light Templates in our body. As we carry these Light Templates, we are changing the body consciousness of our 3rd dimensional body. The body rises up and takes on a 5th Dimensional iteration in matter, because matter is changing.

Matter is changing because of the alterations in the electro-magnetic field. This happened when we unlocked the Time Locks of the 6th and 7th Dimension. The full meaning of the expansiveness of the alterations of the electro-magnetic field of our bodies as well as the electro-magnetic field of the Earth cannot be fully comprehended by us yet. These two Light Templates create significant steps in the Ascension process of raising a Planet and raising humanity's consciousness as well as our own.

Lord Michael wanted us to go back to how we can consciously play in individual roles and still stay in Unity Consciousness. This new state of Consciousness is facilitated through the placement of the White Luminous Star Tetrahedron, because the White Star Tetrahedron sits in our higher seven chakras that are above the body. It is the unifying principle that joins the higher seven chakras and the lower seven chakras that are in the body. The unification process of the White Star Tetrahedron facilitates us to open all of the channels of Light within the body that are extremely transforming.

When the seven-chakra system in the body and the seven chakras above the body are energetically merged, some magical occurs! The Divine Presence of the All That Is manifest into the Sacred Heart Consciousness in the body. The Presence of the Creative Light energy of Source reveals a beautiful Cosmic Womb hat holds the Creative Source Energy and manifests it in the body through the Element of Love. This alteration not only changes the body conscious, but it changes how our SoulSpirit directs our creations.

This Womb is not gender related. It is neither masculine nor feminine. It is Divine. It is the Divine Similitude, the Energy that creates and produces.

When we play gender roles in our body, we play in the present time state of consciousness. We have both the feminine, the creative aspect, and we also have the masculine expression that directs that energy to manifest in a unified way.

When we reach a state of Unity Consciousness in a gendered body and honor the gendered body through the roles that we came here to play, we do so from the awareness of an Androgyne state of being. We create much more proficiently because of our Unity state of consciousness.

There is no polarity in the realm of Source Energy. Polarity is something related to 3rd dimensional humans. It is related to Earth. It is a way in which to create individuality and a testing ground for how we have created and how to change our creations.

In our Sacred Heart, in that beautiful Cosmic Womb, there is no gender. There is only Unity Consciousness. There is no polarity of good or bad, darkness or Light, because in that center, there is only pure Light.

Lord Michael said that they have told us before that there was never a war in the Heavens. How could that be if there is only Light, if there is no polarity, there is only Love?

There are many reasons why we fall into states of polarity. We are affected by the programming that was taught to us in our environment. Wounds that we have suffered in the mental-emotional body show us good or evil, as well as many other polarities that divide the body consciousness and project separation and fear. Gender separation is a major factor in maintaining the density of 3rd dimension.

Lord Michael said that as we move forward, we will be directed to concentrate more and ore on this Unity Consciousness within the body as well as within the mental-emotional body. When we are able to move out of the division of a separated gendered body consciousness, we will be capable of creating within a Divine Androgyne state of Consciousness. We will have no polarities. We will live in the Consciousness that honors the body by paying roles of individuality and creating many things on this Earth plane.

Lord Michael informed us that in the near future we will know ourself in Unity with the Divine, with the All That Is. We will change the script that we create from, because we will know who we are as the Divine Being of Light that has no division or separation.

Lord Michael said we will soon have a different understanding of the Element of Love and its Creative Force. We will see clearly that it is the Element of Love that will lift us out of the division between the masculine and the feminine. Yet we still honor the individuality by stripping away all of the polarized viewpoints that we've been taught.

We must be willing to change our opinion and be willing to change any belief about gender separation. Belief is always open to be changed. We always have choice.

Our Crucible is part of our Sacred Heart Consciousness.
It is part of the Cosmic Womb as a Collective Consciousness.

Our Crucible has the ability to imprint the entire consciousness of humanity, because we are in human bodies. Lord Michael told us that we use a body that is created in matter, that is created from the Earth. Other humans who are waking up can relate to us. They can relate to our Energy in ways that they cannot relate to Beings that are not physical or human.
